GENERAL PROVISIONS

SECTIONS:

11.02.010	Authority
11.02.020	Relationship to other regulations
11.02.030	Severability
11.02.040	Administration
11.02.050	Interpretation

11.02.010 AUTHORITY AND PURPOSE.

(a) This title is adopted pursuant to RCW Chapters 36.70 and 36.70A, as they now exist or are hereafter amended, which empowers a county to enact a zoning ordinance and provide for its administration, enforcement and amendment.

(b) The purpose of this title is to further the goals and policies of the comprehensive plan for the physical development of the county. The objectives of this title are to protect the public health, safety and welfare; encourage the orderly growth of the county; promote compatible uses of land; provide desired levels of population density and intensity of land use; facilitate adequate levels of community services and utilities; and to provide workable relationships between land uses, the transportation system, and the environment.

(c) The provisions of this title shall apply to all lands, buildings, structures and uses classified under this title.

(d) The provisions of this title shall be held to constitute the minimum requirements for the protection of the public health, safety and welfare of the citizens of the county.

11.02.020 RELATIONSHIP TO OTHER REGULATIONS. Other official controls, ordinances, regulations, and plans have a direct impact on the development of land in the county. The number and type of such ordinances may vary from time to time. Where provisions of other official controls and regulations overlap or conflict with provisions of this title, the more restrictive provisions shall govern.

11.02.030 SEVERABILITY. Shall any chapter, section, subsection, paragraph, sentence, clause or phrase of this title be declared unconstitutional or invalid for any

reason, such decision shall not affect the validity of the remaining portion of this title.

11.02.040 ADMINISTRATION. The Planning Administrator or his/her designee shall have the authority and duty to administer the provisions of this title. The Planning Administrator may adopt, and revise as required, such instructions, policies and forms as are necessary to carry out the provisions of this title.

11.02.050 INTERPRETATION. It shall be the duty of the Planning Administrator to:

- (a) Interpret in a zoning classification any use not described in this title as an allowable use, accessory use, administrative review or conditional use, and deem it to be in general keeping with the uses authorized in such zoning classifications.
- (b) Interpret the provisions of this title in such a manner as to carry out the intent and purpose of the zoning map(s).
- (c) Interpret and/or administer the provisions of this title in such a manner as to carry out the intent and purpose of the Benton County Comprehensive Plan as it presently exists or is hereafter amended.
- (d) A record shall be kept by the Planning Administrator of such interpretations to facilitate equitable future administration and to permit periodic amendments to this title.

CHAPTER 11.04

DEFINITIONS

SECTIONS:

11.04.010 Definitions

11.04.010 DEFINITIONS.

Whenever the following words and phrases appear in this title they shall be given the meaning attributed to them by this section. When not inconsistent with the context, words used in the present tense shall include the future; the singular shall include the plural, and the plural the singular; the word "shall" is always mandatory, and the words "should" and "may" indicate a use of discretion in making a decision. Words used in this title which are not defined in this section shall (when necessary) be defined as to the meaning used in a college level dictionary; or (where required or necessary) as defined in state law under the appropriate RCW, WAC regulations, or County ordinances.

(1) "Accessory/Ancillary Use or Building" means a subordinate use or building clearly incidental to and located upon the same lot occupied by the main use or building.

(2) "Accessory Dwelling Unit" an additional room or set of rooms located within a single family structure and designed, arranged, occupied or intended to be occupied by not more than one (1) household as living accommodations independent from any other household and not exceeding 800 square feet in area.

(3) "Accessory Equipment Structure" means an un-staffed structure used to contain the equipment necessary for processing communication signals. The accessory equipment structure does not include guyed, lattice, or monopole towers.

(4) "Adult" means a person eighteen years of age and older.

(5) "Adult Family Home" means a regular family abode of a person or persons who are providing personal care, room and board to more than one but not more than six (6) adults who are not related by blood or marriage to the person or persons providing the services.

(6) "Agricultural Building" means a structure designed and constructed to store farm implements or hay, grain, poultry, livestock, fruit and other agricultural products. The structure shall not be used for human habitation, process, treating, or packaging

agriculture products, nor shall it be a place to be used by the public.

(7) "Agricultural Market" means a use primarily engaged in the retail sale of fresh agricultural products, grown either on or off the site, but may include as incidental and accessory to the principle use, the sale of factory sealed or prepackaged food products and some limited non-food items. This definition does not include the sale of livestock.

(8) "Agricultural Recreational Facility" means a facility where a fee is charged in return for access to agriculturally-related recreational opportunities, including but not limited to: enclosed arenas, rodeo, grounds and/or building for livestock exhibits, shows and competitions.

(9) "Agricultural Related Industry" means specifically:

- (a) Packaging Plants - may include but are not limited to the following activities: washing, sorting, crating, and other functional operations such as drying, field crushing, or other preparation in which the chemical and physical composition of the agriculture product remains essentially unaltered. Does not include processing activities, or slaughter houses, animal reduction yards, and tallow works.
- (b) Processing Plants - may include but are not limited to those activities which involve the fermentation or other substantial chemical and physical alteration of the agricultural product. Does not include slaughter houses or rendering plants.
- (c) Storage Facilities - may include those activities which involve the warehousing of processed and/or packaged agricultural products.

(10) "Agricultural Stand" means a structure up to 1000 square feet in area used for the retail sale of agriculture products, excluding livestock, grown on the premises.

(11) "Agricultural Use" means raising crops and livestock, horticultural activities, viticulture, animal husbandry, beekeeping, the storage of equipment for the above and related activities normally and routinely a part of such uses.

(12) "Agricultural Wastes" means wastes on farms resulting from the production of agricultural products including but not limited to crop residues, manures, and carcasses of dead animals weighing each or collectively in excess of fifteen pounds.

(13) "Agriculture Lands" refer to lands that are not already characterized by urban growth and are of long term significance for the commercial production of horticulture, agronomy, silviculture, aquaculture, apiary, animal products, turf, seed, Christmas trees not subject to excise tax, or livestock.

(14) "Agri-tourism Accommodation" means an agricultural business or organization offering overnight lodging in an agricultural setting. The purpose is to provide temporary tourist accommodations that are accessory to an onsite or adjacent agricultural use. Overnight lodging facilities are not to exceed a maximum of 5 guest units. An agri-tourism accommodation does not include bed and breakfast establishments, motels, hotels, and other similar uses.

(15) "Agronomic Rates" or fertilizer guide means the rates of application of sludge, manure, or crop residues in accordance with rates specified by the appropriate fertilizer guide or by recommendation from a qualified soil scientist, for the crop under cultivation.

(16) "Airport/Heliport" means a runway or landing area or other facility designed or used by public carriers for the landing and taking off of aircraft, including the following associated facilities: taxiways, aircraft storage and tie-down areas, hangars, servicing, and passenger and air freight terminals.

(17) "Airstrip (personal)" means a runway without normal airport functions maintained for the private use of the owner of the property on which it is located.

(18) "Airstrip commercial crop-dusting" means a private runway with service and maintenance facilities which serves the commercial crop-duster.

(19) "Allowable Use" or "Permitted Use" means a use which is allowed outright, i.e., the land use itself does not require obtaining Planning Administrator review and approval, or a conditional use permit.

(20) "Amateur (or Ham) Radio Facilities" means a radio transmission or receiving antenna or communication device operated for non-commercial purposes by individuals licensed by the Federal Communications Commission (FCC).

(21) "Animal Feedlot" refers to a lot or building or combination of lots and buildings intended for the confined feeding, breeding, raising, or holding of animals and specifically designed as a confinement area in which manure may accumulate, or where the concentration of animals is such that a vegetative cover cannot be maintained within the enclosure. For purposes of Benton County, open lots used for feeding and rearing of poultry (poultry ranges) shall be considered to be animal feedlots. Pastures shall not be considered animal feedlots under these definitions. Seasonal use during the months of November through February is exempt from feedlot status.

(22) "Animal Unit" is the volume of waste produced over a period of time by a horse, slaughter steer, or heifer.

(23) "Animal Unit Equivalent" equals the number of other farm animals, (chickens,

sheep, turkeys, etc.,) needed to produce the equivalent in waste of an animal unit; i.e., it takes fifty (50) chickens to produce the same volume of waste as a horse.

For purposes of Benton County, the following equivalents apply:

ANIMAL UNIT EQUIVALENT CONVERSION TABLE	
Type of Livestock	Animal Unit Equivalent (per half acre)
Cattle:	
1 slaughter steer, or bull, or dairy cow, or heifer	1.0

(26) "Aquifer" A body of rock or soil that contains sufficient saturated permeable material to conduct groundwater and to yield economically significant quantities of groundwater to wells and springs.

(27) "Attached Communication Facility" means an antenna array that is attached to a building or structure. The building or structure may be but is not limited to a utility pole or a water tower.

(28) "Bakeries" means the conversion of raw materials through a baking process to finished consumable products and may include the marketing and sale or serving of such products and related accessory items on-site and/or off-site.

(29) "Bed and Breakfast" means an owner occupied single family dwelling in which not more than five bedrooms are rented for money or other valuable consideration to the traveling public and only one meal, breakfast, may be served to guests.

(30) "Best Management Practices (BMP's)" means physical, structural, and/or managerial practices that when used singularly or in combination, protect the functions and values of critical resources. Acceptable BMP's are found in the County's Administrative design Manual. BMP's are current and evolving conservation practices, or systems of practices, management or operational measures, or design and construction techniques; or normal and accepted industry standards that are applied to land uses and land use activity in a manner which:

(a) controls soil loss and reduces water surface and groundwater quality degradation caused by nutrients, animal wastes, toxins, and sediment; and

(b) mitigates adverse impacts to the natural chemical, physical and biological environment of the County.

(c) utilizes the county's natural resources on a long term, sustainable yield basis.

(31) "Biosolids" means municipal sewage sludge that is a primarily organic, semisolid product resulting from the wastewater treatment process that can be beneficially recycled and meets all requirements of Chapter 70.95J RCW, as it now exists or is hereafter amended.

(32) "Buffer" means a designated area used to separate incompatible uses or protect resources or development. Buffers are generally undeveloped areas. There are different types of buffers for different purposes:

- (a) buffers which protect sensitive natural resources (critical areas) from the adverse impacts of development are generally undeveloped open space which are ecologically part of the protected resource;

- (b) buffers which protect the integrity of development from certain natural hazards such as slope instability, floods or fire prone areas, are setbacks which avoid the hazard;

- (c) buffers to separate incompatible uses, such as residential from industrial, airports or certain activities common to commercial agriculture, are generally open or sparsely populated.

(33) "Business activity" means the production or sale of goods, or the sale of services that is clearly incidental and secondary to the use of the property for residential purposes and that complies with the criteria set forth in this title.

(a) a parcel of land on which a principal building and its accessory buildings are placed or are to be placed, together with the required open spaces; or a "lot" designated as such on an officially recorded plat;

(b) any subdivision of land by metes and bounds description prior to the adoption of this title and held under one ownership separate and distinct from the adjoining and abutting land shall be considered a "lot" as shown by the last conveyance of record; and,

(c) when a tract of land consisting of more than one platted lot held under one ownership is to be developed as one unit, all the parcels or lots shall be considered as one lot for the purpose of this title.

(101) "Lot Area" means the total horizontal area within the boundary lines of a lot.

(102) "Lot Coverage" means the percentage of area of a lot which is occupied by a primary building or structure and its accessory buildings or structures, not including uncovered patios, driveways, open steps and buttresses, terraces, and ornamental features projecting from buildings or structures which are not otherwise supported by the ground.

(103) "Lot Depth" means the horizontal length of a straight line drawn from the midpoint of the front lot line to the midpoint of the rear lot line.

(104) "Lot Line, Front:"

(a) in the case of an interior lot - the front lot line shall be the property line separating the lot from the road;

(b) in the case of a corner lot - the front lot line shall be the property line with the narrowest street frontage, except, the Planning Administrator, or his/her designee, shall designate the front lot line for corner lots in residential districts.

(c) in the case of a flag lot, when an access easement or right-of-way extends across the lot, the front lot line shall be the line separating the lot from the right-of-way or access easement. When the right-of-way or access easement does not extend across the property, the front lot line shall be determined by the building official.

(105) "Lumber Yard" means facilities used for the storage and sale of dimensional lumber.

(106) "Manufactured Home" means a manufactured, relocatable living unit which, when erected on site, is designed to be permanently connected to required utilities and used as a dwelling, exceeds forty (40) feet in length and eight (8) feet in width, and bears the insignia of the U. S. Department of Housing and Urban Development.

(107) "Manufactured Home/FAS Park" includes mobile home park. A site, lot or tract of land under the ownership or management of one person, firm or corporation, intended for occupancy by five (5) or more manufactured (mobile) homes/FAS for dwelling or sleeping purposes. This definition shall not include parks for the location of recreational vehicles for travel or recreation.

(108) "Manure" means animal waste.

(109) "Manure Storage Area" refers to an area associated with an animal feedlot where animal manure or runoff containing animal manure is stored until it can be utilized as domestic fertilizer or removed to a permitted animal manure disposal site. Animal manure packs or mounding within the animal feedlot shall not be considered to be manure storage.

(110) "Master Planned Resorts/Summer Resorts" means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destination resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities. A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

(111) "Medical Facility" means an office from which emergency or routine health care services are provided and that does not involve overnight inpatient care.

(112) "Monopole Tower" means a structure that consists of a single pole to support antennas and connecting appurtenances.

(113) "Multi-family Dwelling" means a building arranged or designed to be occupied by more than two families, such as an apartment house, flat or rowhouse.

(114) "New Manufactured Home" means any manufactured home required to be titled under Title 46 RCW, as it now exists or is hereafter amended, which has not been previously titled to a retail purchaser, and is not a "used mobile home" as defined in RCW 82.45.032(2), as it now exists or is hereafter amended,

(115) "Non-agricultural Accessory Use" means the production or sale of goods, or the sale of services that are not normally and routinely a part of the chain of production and harvesting of an agricultural or horticultural crop, or livestock.

(116) "Nonconforming" means a lot, use, building or structure which was lawful prior to the adoption, revision or amendment of this title, but which fails, by reason of such adoption, revision or amendment, to conform to the current requirements of the zoning district.

(117) "Nursery" means an establishment where trees, shrubs and other plant materials are grown on site for the purpose of sale.

(118) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the Benton County Board of Commissioners, wherein a record will be created through the receipt of testimony and other appropriate evidence and information under procedures prescribed by the Benton County Code or by such body's or officer's rules of procedure.

(119) "Outdoor Storage" means all materials, equipment, merchandise or objects kept or placed on the lot or not within an enclosed structure, for preservation or later use or disposal; it is not intended, however, to include the following exceptions:

(a) Those objects customarily stored outside an enclosed structure due to their size and due to their being of such character as to not readily deteriorate when exposed to the elements, such as automobiles, mobile homes, boats and other vehicles, farm machinery, irrigation and heavy construction equipment, and those objects which are themselves enclosures; provided, however, such objects are being kept primarily for immediate sale to others or for rental to others.

(b) Neat and orderly outdoor displays of items or objects for immediate sale when such displays are incidental or accessory to an established commercial principal activity conducted from an enclosed structure.

(120) "Parcel" means land having fixed boundaries created in accordance with Benton County Code and/or state law. The term includes lots or tracts.

(121) "Park" means a public or privately owned area with facilities for active or passive recreation by the public, including but not limited to: sports fields, skating facilities, water access facilities, trails for non-motorized uses, caretaker residences, and supporting infrastructure.

(122) "Pasture" refers to areas where grass or other growing plants are used for grazing and where the concentration of animals is such that a vegetative cover is maintained during the growing season except in the immediate vicinity of temporary supplemental

feeding or watering devices.

(123) "People with Functional Disabilities" means a person who, because of a recognized chronic physical or mental condition or disease, is functionally disabled to the extent of:

- (a) needing care, supervision or monitoring to perform activities of daily living or instrumental activities of daily living, or;
- (b) needing support to ameliorate or compensate for the effects of the functional disability so as to lead as independent a life as possible, or;
- (c) having a physical or mental impairment which substantially limits one or more of such person's major life activities, or;
- (d) having a record of such an impairment, or;
- (e) being regarded as having such an impairment, but such term does not include current illegal use of or active addiction to a controlled substance.

(124) "Permit" means written government approval issued by an authorized official empowering the holder thereof to take some action permitted.

(125) "Person" refers to any natural person, any state, municipality, or other governmental or other political subdivision or other public or private corporation, any partnership, firm, association, or other organization, any receiver, trustee, assignee, agent, or other legal representative of any of the foregoing, and any other entity.

(126) "Planned Development" means any residential development approved and filed with the county auditor and developed in accordance with the provisions of this title.

(127) "Planning Administrator" means the Benton County Planning Director or Manager or his/her designee.

(128) "Planning Administrator Review" means the administrative review process in which the County Planning Director/Manager or his/her designee makes the administrative decision regarding a proposed use after all notifications to state and local agencies to assure consistency with applicable county, state and local requirements have been met.

(129) "Planning Commission" means the duly constituted and appointed Planning Commission of Benton County.

(130) "Planning Department" means the Benton County Planning Department.

(131) "Premises" means a lot, parcel, or plot of land together with the buildings and

structures thereon.

(132) "Professional Office" means an office used as a place of business by the following licensed professionals or persons in the following generally recognized professions using training or knowledge of technical, scientific or other academic discipline as opposed to manual skills and that do not involve outside storage or fabrication or on-site sale or transfer or commodities:

- (a) Financial Services, Insurance and Real Estate Agents;
- (b) Accounting, Auditing, and Bookkeeping Services;
- (c) Legal Services;
- (d) Management and Public Relations Services; and
- (e) Engineering, Architectural, Planning and Surveying Services.

(133) "Public Garage" means any building or premises used for the storage or housing of more than three self-propelled vehicles (except farm implements used on the premises) or where such vehicles are repaired or kept for hire.

(134) "Public Transit Center" means a facility where public transportation passengers interchange from one route or vehicle to another.

(135) "Rapid Charging Station" means a facility offering electrical outlets to be used by consumers for a fee to expeditiously recharge electric vehicle batteries through high power levels that meet or exceed applicable standards under state law.

(136) "Rear Property Line" means the property line of a lot most nearly parallel to the front property line of the same lot as defined in this title except that for a triangular shaped lot the rear property line shall be represented by the point of intersection of the two property lines which are not the front property line as defined in this title.

(137) "Rear Yard" means the required open space on a lot extending along the rear property line through the whole width of the lot.

(138) "Reception Facility" means a private building with restroom facilities and/or kitchen, and associated grounds used for social, educational, or cultural activities.

(139) "Recreational Vehicle" means a motorized or non-motorized vehicle designed and manufactured for recreational use, including but not limited to boats, travel trailers, snowmobiles, go carts, motorcycles (including three and four wheelers), and dune buggies.

(140) "Recreational Vehicle (R.V.) Park" means any site, lot or parcel of ground occupied or intended for occupancy by two (2) or more recreational vehicles for travel, recreational or vacation uses, whether or not a fee is charged. Storage of two (2) or more unoccupied recreational vehicles does not constitute an R.V. park.

(141) "Recycling Center" means a facility used to recycle, reprocess, and/or treat the following materials to then return to a condition in which they may be used again: newspapers, magazines, books, and other paper products, glass, metal cans.

(142) "Red Mountain American Viticultural Area (AVA)" means the approximately 4,600-acre, federally designated grape-growing and wine-producing region on the south-facing slope of Red Mountain located in unincorporated Benton County.

(143) "Rental Storage Facility" means a structure or structures containing separate, individual, and private storage spaces of varying sizes leased or rented individually for varying periods of time.

(144) "Resource Lands" refer to agricultural and mineral lands.

(145) "Retail Sales Establishment" means a facility used for the sale of goods directly to customers including, but not limited to: mini marts, farm supply and hardware stores, florists, and agricultural markets.

(146) "Riding Academy" means any establishment where horses are kept for riding, driving, or stabling for compensation or incidental to the operation of any club, association, ranch or similar establishment.

(147) "Sand" refers to large particles of soil from 0.5 to 2 millimeter in diameter. Sand soil contains at least 85 per cent sand with the percentage of silt plus 1.5 times the percentage of clay not exceeding 15 per cent.

(148) "Satellite Earth Station" means the facilities used for reception and processing of programming services from a satellite prior to transfer to terrestrial distribution systems or for processing of programming services from a terrestrial source before transmission via satellite.

(149) "School" means a public or private educational learning institution from which instruction is given to children no younger than three (3) years old, and includes high schools, colleges, and agricultural or technical schools or facilities.

(150) "Setback, Front" is the minimum horizontal distance measured perpendicularly from the centerline of the adjacent right-of-way to the nearest wall of the structure. Where there is a partial right-of-way, the setback shall be measured perpendicularly from

the design centerline.

(151) "Setback, Side and Rear" is the minimum horizontal distance measured perpendicularly from the nearest property line to the nearest wall of the structure. Except that a side setback on a corner lot, along the adjacent right-of-way shall be measured perpendicularly from the center line of right-of-way. When there is a partial right-of-way, the setback shall be measured perpendicularly from the design centerline.

(152) "Shooting Range Facility" means a range, building or location used for practice with firearms and/or archery equipment. The facility may include limited retail sales and services to support shooting and archery activities and operated only during the time the shooting range facility is open. All sales and service must comply with federal, state and local regulations.

(153) "Side Yard" means the required open space on a lot between the side wall line of a building and the side line of the lot, and extending from the front yard to the rear yard.

(154) "Site built home" means a dwelling primarily constructed on the site to be occupied by the structure and which is permanently affixed to the ground by footings and foundation.

(155) "Slaughterhouse" means a commercial establishment where animals are butchered.

(156) "Solar Power Generator Facility, Major" means the use of solar panels to convert sunlight directly or indirectly into electricity. Solar power generators consist of solar panels, charge controllers, inverters, working fluid system, and storage batteries. Major facilities are developed as the primary land use for a parcel on which it is located and does not meet the siting criteria for a minor facility in BCC 11.04.010 (154).

(157) "Solar Power Generator Facility, Minor" means the use of solar panels to convert sunlight directly or indirectly into electricity. Solar power generators consist of solar panels, charge controllers, inverters, working fluid system, and storage batteries. Minor facilities are sited on the power beneficiary premises, are intended primarily to offset part or all of the beneficiary's requirements for electricity/gas, and are secondary or accessory to the beneficiary's use of the premises.

(158) "Solid Waste" means all putrescible and non-putrescible solid and semisolid wastes, including but not limited to garbage, rubbish, ashes, industrial wastes, swill, demolition and construction wastes, abandoned vehicles, or parts thereof, and discarded commodities. This includes all liquid, solid and semisolid materials which are not the primary products of public, private, industrial, commercial, mining, and agricultural operations. Solid waste includes but is not limited to wood waste, dangerous waste, and problem wastes. Agricultural wastes are exempt from this definition provided the wastes

are limited to manures and crop residues returned to the soil at agronomic (fertilizer) rates.

(159) "Solid Waste Handling Facility" means a parcel of land or structure, or part thereof, larger than two hundred (200) square feet used for the storage, collection, or abandonment of solid waste; provided, establishments for the sale, purchase, storage and dismantling of vehicles and machinery are not considered solid waste handling facilities.

(160) "Solid Waste Transfer Station" means a parcel of land or structure, or part thereof, used as a facility that receives and consolidates solid waste and at which solid waste may be loaded onto tractor trailers, railcars, or barges for long-haul transport to a distant disposal facility.

(161) "Stable, Commercial" means a building in which horses or other livestock are kept for remuneration, hire, or sale.

(162) "Stable, Private" means a building in which horses or other livestock are kept for private use.

(163) "Stockyards" see "Animal Feedlots."

(164) "Structure" means that which is built or constructed.

(165) "Subsurface Water" refers to any water below the surface of the ground, including but not limited to water in the saturated and unsaturated zones.

(166) "Supported Living Arrangement" means a living unit owned or rented by one or more persons with functional disabilities who receive assistance with activities of daily living, and/or medical care from an individual or agency licensed and/or reimbursed by a public agency to provide such assistance.

(167) "Urban Growth Area" means an area designated by Benton County in its Comprehensive Plan where urban growth and municipal services are allowed and encouraged and where annexation by cities can occur.

(168) "Use" means the activity or purpose for which land or structures or combination of land and structures are designed, arranged, occupied, or maintained together with any associated site improvement. This definition includes the construction, erection, placement, movement or demolition of any structure or site improvement and any physical alteration to land itself including any grading, leveling, paving or excavation. Use also means any existing or proposed configuration of land, structures, and site improvements, and the use thereof.

(169) "Use District" means a portion of Benton County within which certain uses of land and structures are permitted and certain other uses of land and structures are prohibited, certain yards and other open space are required and specific lot areas are established, all as set forth and specified in this title. This definition also includes the term "zone" and "zoning district."

(170) "Utilities" means those business, institutions, or organizations which use pipes or conductors in, under, or along streets, alleys or easements to provide a product or service to the public.

(171) "Utility Substation Facility" means above or below ground structures that are necessary to provide or facilitate distribution, transmission, or metering of water, gas, sewage, and/or electric energy. Such facilities may consist of, but are not limited to, the following:

- (a) Water, gas, and electrical distribution or metering lines and sites;
- (b) Water or sewage pumping stations;
- (c) Water towers and reservoirs;
- (d) Public water wells and any accessory treatment facilities; and/or
- (e) Telephone switching facilities.

(172) "Variance" means a modification of specific regulations in accordance with the terms of this title for the purpose of assuring that no property, because of special circumstances applicable to it, shall be deprived of privileges commonly enjoyed by other properties in the same vicinity and zone district classification. Except as set forth or referenced herein, variances do not apply to use, minimum lot size, or required density standards.

(173) "Veterinary Facility" means a business establishment or facility which renders surgical and medical treatment to animals and which includes inside or outside accommodations for animals.

(174) "Warehouse" means a structure used for the storage of goods and materials. Also see "Agricultural Building."

(175) "Wastes" see "Agricultural Wastes," "Industrial Solid Wastes," or "Solid Wastes."

(176) "Wind Turbine" means a machine with turbine apparatus (rotor blades, nacelle and tower) capable of producing electricity by converting the kinetic energy of wind into rotational, mechanical and electrical energy; provided, the term does not include electrical

distribution or transmission lines, or electrical substations.

(177) "Wind Turbine Farms" means two or more wind turbines on one parcel.

(178) "Wind Turbine Height" means the distance measured from the ground level to the highest point on a wind turbine, including the rotor blades.

(179) "Yard Sale" means the occasional sale of used household goods and personal items on the seller's premises. "Yard sale" includes but is not limited to garage sales, moving sales, patio sales, estate sales and rummage sales.

(180) "Wineries/Breweries/Distilleries" means facilities where fruit or other products are processed into wine or spirits and related storage, bottling, shipping, sampling, tasting and sale of such.

(181) "Wrecking Yard" means a lot, parcel of land or structure, or part thereof, larger than 200 square feet, used for the collecting, dismantling, storage, salvaging, or sale of machinery or vehicles not in operable condition or parts thereof; provided that this definition shall not be deemed to include lots used for the outdoor display and sale of used vehicles in operable condition; nor shall it include that part of a farm used for the storage of agricultural machinery kept for salvage by the owner for his own use, and not for sale, on farms having an area of not less than forty (40) acres.

(182) "Zoning District" means a portion of Benton County within which certain uses of land and structures are allowed or conditionally permitted, certain other uses of land and structures are prohibited, and certain development standards may be specified, and includes the terms "zone" and "use district".

CHAPTER 11.06

ESTABLISHMENT OF ZONING DISTRICTS

SECTIONS:

11.06.010	Purpose
11.06.020	Establishment of Zoning Districts
11.06.030	Maps
11.06.040	Boundary Determinations

11.06.010 PURPOSE.

For the purpose of promoting public health, safety, and general welfare, this section establishes zoning districts that are consistent with the Benton County Comprehensive Plan.

11.06.020 ESTABLISHMENT OF ZONING DISTRICTS. The following zoning districts are hereby established for all land within unincorporated Benton County:

ZONING DISTRICT	MAP SYMBOL
Urban Growth Area Residential	UGAR
Community Center Residential	CCR
Rural Lands One Acre	RL-1
Rural Lands Five Acre	RL-5
Rural Lands Twenty Acre	RL-20
Park	P
Planned Development	PD
GMA Agricultural	GMAAD
Red Mountain Agricultural	RMAD
Community Commercial	CC
General Commercial	GC
Interchange Commercial	IC
Light Industrial	LI
Heavy Industrial	HI
Unclassified	U
Highway Scenic	HS
Landing Field	LF

11.06.030 MAPS. The location and boundaries of the above zoning districts are established by separate ordinances and shall be as set forth on the official zoning maps of Benton County attached to said ordinances. Said official zoning maps in their entirety, including all amendments thereto, shall be a part of this code as if fully set forth and described herein. The official zoning maps shall be identified by signatures of the County Commissioners and shall carry the following words:

"We hereby certify that this map constitutes the Official Zoning Map as approved by Ordinance _____ of the Board of County Commissioners and signed by its chairman dated this _____ day of _____."

11.06.40 BOUNDARY DETERMINATIONS.

(a) In the event uncertainty exists as to the exact location of the boundaries of any district shown on the zoning maps for the applicable district, the following principles shall apply:

(1) If a district boundary is along a publicly owned right-of-way, such as a highway, street, alley, road, canal, or railroad, the centerline of the right-of-way shall be the boundary of the zoning district.

(2) A publicly owned right-of-way, waterway or body of water shall, unless otherwise indicated, be included within the zoning district of the abutting property. If such right-of-way or body of water serves as a boundary between two (2) or more zoning districts, the centerline shall be considered the boundary between the districts.

(3) If a vacated right-of-way was the established boundary of a zoning district, the abutting zoning districts shall continue to extend to the centerline of the former right-of-way.

(4) When a land use district boundary or zoning designation unintentionally bisects a parcel of record, creating two different designations or zones for one parcel, the designations or district that covers the largest portion of the parcel shall apply to the whole parcel.

(5) If application of the above principles does not clarify the zoning district boundary location, the zoning of the entire parcel shall be interpreted to be the zoning that is the largest portion of the parcel of record.

CHAPTER 11.08

COMMUNITY CENTER RESIDENTIAL DISTRICT (CCR)

SECTIONS:

11.08.010	Purpose
11.08.020	Applicability
11.08.030	Allowable Uses
11.08.040	Accessory Uses
11.08.050	Subject to Planning Administrator Review and Approval
11.08.060	Uses Requiring a Conditional Use Permit
11.08.070	Uses Prohibited
11.08.080	Property Development Standards--General Standards
11.08.090	Property Development Standards--Setback Requirements

11.08.010 PURPOSE. The purpose of the Community Center Residential District (CCR) is to provide for the development of dwelling units within established rural activity areas characterized by mixed use and residential developments that utilize a variety of small scale rural services outside of Urban Growth Areas as allowed under Chapter 36.70 RCW. These areas are considered limited areas of more intensive rural development as allowed under RCW 36.70A.070.

11.08.020 APPLICABILITY. The provisions of this chapter shall apply to the areas designated as a Community Center Residential District (CCR) on the official zoning maps of Benton County and located in unincorporated Benton County.

11.08.030 ALLOWABLE USES. Provided all applicable code provisions are satisfied, the following uses are allowed within the Community Center Residential District (CCR) on a single parcel of record:

- (a) Single Family Dwelling (SFD).
- (b) Manufactured home if no older than five (5) years from the calendar year the home is placed.

- (c) Duplex, subject to the provisions of BCC 11.08.080 (a)(1).
- (d) Fire department facility, law enforcement facility, and/or medical facility.
- (e) On any tract of land having an area of one (1) acre or more, the keeping of one animal unit equivalent per one-half acre of ground, exclusive of suckling animals.
- (f) Adult family home.
- (g) Utility substation facility.
- (h) Crisis residential center.
- (i) Hiking and non-motorized biking trails.
- (j) Church.

11.08.040 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the Community Center Residential District (CCR) on a single parcel of record:

- (a) One (1) or more accessory buildings and uses (commonly appurtenant to a single family dwelling).
- (b) Yard Sales occurring for no more than three (3) consecutive days on two (2) different occasions during a calendar year.
- (c) Kennel, Private.
- (d) Solar Power Generator Facility, Minor
- (d) Uses subject to Planning Administrator review and approval, as specified in BCC 11.08.050(b)(c)(d).

11.08.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Community Center Residential District (CCR) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Temporary dwelling, subject to the provisions of BCC 11.42.110.

- (b) Home occupation, subject to the provisions of BCC 11.50, involving business activities not otherwise expressly allowed or requiring a permit under BCC 11.08.060.
- (c) Child day care facility, Type A, subject to the provisions of BCC 11.42.050.
- (d) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.

11.08.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Community Center Residential District (CCR) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided in BCC 11.52.040.

- (a) School, library, community clubhouse, grange hall, senior center, and/or other non-profit organizational hall.
- (b) Multi-family dwelling containing three (3) or four (4) dwelling units.
- (c) Public transit center.
- (d) Child Day Care Facility, Type B, subject to the provisions of BCC 11.42.060.
- (e) Cemetery, columbarium and/or mausoleum.
- (f) A Park.
- (g) Bed and Breakfast Establishment.
- (h) Home occupation involving the display and/or sale of products on the premises; provided, a home occupation permit is also required under BCC 11.50.

11.08.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.08.030, BCC 11.08.040, BCC 11.08.050 or BCC 11.08.060 is prohibited within the Community Center Residential District (CCR).

11.08.080 PROPERTY DEVELOPMENT STANDARDS-GENERAL STANDARDS. All lands, structures and uses in the Community Center Residential District (CCR) shall conform to the following general standards, and if applicable, to the standards set forth in Title 15 BCC (Critical Area Regulations).

- (a) Minimum parcel size. Except as otherwise set forth herein, the minimum parcel

size that may be created in the CCR District is fourteen thousand (14,000) square feet; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions. In order to meet maximum density objectives, the following uses require the specified larger minimum lot sizes:

- (1) Duplexes may only be located on parcels of at least twenty-eight thousand (28,000) square feet; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions.
 - (2) Multi-family dwellings may only be located on parcels equal in size to at least fourteen thousand (14,000) square feet multiplied by the number of dwelling units; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions.
- (b) Lot Width. Each parcel shall have an average width of not less than ninety (90) feet.
- (c) Maximum Lot Coverage. Sixty (60) percent.

11.08.090 PROPERTY DEVELOPMENT STANDARDS--SETBACK REQUIREMENTS. All lands, structures, and uses in the Community Center Residential District (CCR) shall meet the following setback requirements, and if applicable, the setback requirements set forth in Title 15 BCC (Critical Area Regulations).

- (a) Setback Requirements. The following minimum setbacks shall apply:
- (1) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of fifty-five (55) feet from the centerline of any public road right-of-way or twenty-five (25) feet from the property line bordering any public road right-of-way, whichever is greater; and a setback of twenty-five (25) feet from the closest edge of any legally-established boundary line of a private access easement.
 - (2) Each dwelling unit shall have a setback of twenty-five (25) feet from the rear parcel lines.
 - (3) Each accessory building and accessory use shall have a setback of ten (10) feet from all alleys and the rear parcel lines.
 - (4) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of ten (10) feet from the side parcel lines.
 - (5) All shelters, coops, or other structures used for the habitation of livestock shall have a setback of at least thirty (30) feet from every property line of the

parcel on which it is located, unless a greater setback is otherwise required under the Benton County Code.

(6) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy may extend or project from a building three (3) feet into any required setback area; provided, none of these architectural features may be located within any easements.

(7) Ground floor uncovered, unenclosed porches, platforms, or landings may extend or project from a building six (6) feet into the setback area but no closer than five (5) feet from any parcel line; provided, none of these architectural features may be located within any easements.

(8) All dwelling units and swimming pools shall have a setback of one hundred fifty (150) feet from any parcel located partially or wholly within the Growth Management Agricultural Act District (GMAAD) and from any adjacent orchard, hop field or vineyard (or combination thereof) of ten (10) acres or more on one parcel or on contiguous parcels under common ownership.

(b) Any additional setbacks required pursuant to Chapter 3.18 BCC shall apply.

CHAPTER 11.10

URBAN GROWTH AREA RESIDENTIAL DISTRICT (UGAR)

SECTIONS:

11.10.010	Purpose
11.10.020	Applicability
11.10.030	Allowable Uses
11.10.040	Accessory Uses
11.10.050	Uses Subject to Planning Administrator Review and Approval
11.10.060	Uses Requiring a Conditional Use Permit
11.10.070	Uses Prohibited
11.10.080	Property Development Standards--General Standards
11.10.090	Property Development Standards--Setback Requirements

11.10.010 PURPOSE. The Urban Growth Area Residential District (UGAR) are lands within Urban Growth Areas (UGAs) that have been designated to accommodate the land use needs of a city's projected future population growth. The UGAR District allows higher densities and a variety of uses similar to those typically found in the adjacent cities. The densities, uses and development provisions allowed within this district assure that development prior to annexation by a city results in densities, land uses and development patterns that are consistent with that city's Comprehensive Plan.

11.10.020 APPLICABILITY. Provided all applicable code provisions are satisfied, the provisions of this chapter shall apply to the areas designated as an Urban Growth Area Residential District (UGAR) on the official zoning maps of Benton County and located within an Urban Growth Area of unincorporated Benton County.

11.10.030 ALLOWABLE USES. Provided all applicable code provisions are satisfied, the following uses are allowed within the Urban Growth Area Residential District (UGAR) on a single parcel of record:

- (a) Single Family Dwelling (SFD).
- (b) Duplex, subject to the provisions of BCC 11.10.080 (a).

- (c) On any tract of land having an area of one (1) acre or more, the keeping of one animal unit equivalent per one-half acre of ground, exclusive of suckling animals.
- (d) Church.
- (e) Adult Family Home.
- (f) Crisis residential center.

11.10.040 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the Urban Growth Area Residential District (UGAR) on a single parcel of record:

- (a) One (1) or more accessory buildings and uses (commonly appurtenant to a single family dwelling).
- (b) Yard Sales occurring for no more than three (3) consecutive days on two (2) different occasions during a calendar year.
- (c) Kennel, Private.
- (d) Solar Power Generator Facility, Minor
- (e) Uses subject to Planning Administrator review and approval, specified in BCC 11.10.050(b)(c)(d).

11.10.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Urban Growth Area Residential District (UGAR) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Temporary Dwelling, subject to BCC 11.42.110.
- (b) Home Occupation, subject to the provisions of BCC 11.50, involving business activities not otherwise expressly allowed or requiring a permit under BCC 11.10.060.
- (c) Child Day Care Facility, Type A, subject to the provisions of BCC 11.42.050.
- (d) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.

11.10.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Urban Growth Area Residential District (UGAR) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided in BCC 11.52.040.

- (a) School, library, community clubhouse, grange hall, senior center and/or other non-profit organizational hall.
- (b) Fire department facility, law enforcement facility, and/or medical facility.
- (c) Child Day Care Facility, Type B, subject to the provisions of BCC 11.52.068.
- (d) Public transit center.
- (e) Bed and Breakfast Facility, subject to the provisions in BCC 11.42.030.
- (f) Home occupation involving the display and/or sale of products on the premises; provided, a home occupation permit is also required under BCC 11.50.
- (g) Nursery.
- (h) A Park.
- (i) Hiking and non-motorized biking trails.
- (j) Utility substation facility.

11.10.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.10.030, BCC 11.10.040, BCC 11.10.050 or 11.10.060 is prohibited within the Urban Growth Area Residential District (UGAR).

11.10.080 PROPERTY DEVELOPMENT STANDARDS--GENERAL STANDARDS. All lands, structures and uses in the Urban Growth Area Residential District (UGAR) shall conform to the following general standards, and if applicable, to the standards set forth in Title 15 BCC (Critical Area Regulations).

- (a) Minimum parcel size. Except as otherwise set forth herein, the minimum parcel size that may be created in the UGAR District is seven thousand five hundred (7,500) square feet; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions. Duplexes may only be located on parcels of at least fifteen thousand (15,000) square feet; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site

sanitary well and sewer provisions.

(b) Lot Width. Each parcel shall have an average lot width of no less than seventy (70) feet.

(c) Maximum Lot Coverage. Sixty (60) percent.

11.10.090 PROPERTY DEVELOPMENT STANDARDS--SETBACK REQUIREMENTS. All lands, structures, and uses in the Urban Growth Area Residential (UGAR) shall meet the following setback requirements, and if applicable, the setback requirements set forth in Title 15 BCC (Critical Area Regulations).

(a) Setback Requirements. The following minimum setbacks shall apply:

(1) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of twenty-five (25) feet from the property line bordering any public road right-of-way; and a setback of twenty-five (25) feet from the closest edge of any legally-established boundary line of a private access easement.

(2) Each dwelling unit shall have a setback of twenty-five (25) feet from the rear parcel lines.

(3) Each accessory building and accessory use shall have a setback of ten (10) feet from all alleys and the rear parcel lines.

(4) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of ten (10) feet from the side parcel lines.

(5) All shelters, coops, or other structures used for the habitation of livestock shall have a setback of at least thirty (30) feet from every property line of the parcel on which it is located, unless a greater setback is otherwise required under the Benton County Code.

(6) All dwelling units and swimming pools shall have a setback of one hundred fifty feet (150) from any parcel located partially or wholly within the Growth Management Act Agricultural District (GMAAD) and from any adjacent orchard, hop yard, or vineyard (or combination thereof) of ten (10) acres or more on one parcel or on contiguous parcels under common ownership.

(7) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy may extend or project from a building three (3) feet into any required setback area. However, none of these architectural features may be located within any easements.

(8) Ground floor uncovered, unenclosed porches, platforms, or landings may extend or project from a building six (6) feet into the setback area but no closer than five (5) feet from any parcel line; provided, none of these architectural features may be located within any easements.

CHAPTER 11.12

RURAL LANDS ONE ACRE DISTRICT (RL-1)

SECTIONS:

11.12.010	Purpose
11.12.020	Applicability
11.12.030	Allowable Uses
11.12.040	Accessory Uses
11.12.050	Uses Subject to Planning Administrator Review and Approval

11.12.090	Property Development Standards--Setback Requirements

11.12.010 PURPOSE. The purpose of the Rural Lands One Acre District (RL-1) is to provide for the appropriate development within areas where past actions have created smaller parcel sizes than generally allowed in the Rural Lands Five Acre District (RL-5) or that are adjacent to Urban Growth Areas (UGAs) given that these areas are considered limited areas of more intensive rural development as allowed under RCW 36.70A.070.

11.12.020 APPLICABILITY. The provisions of this chapter shall apply to the areas designated as a Rural Lands One Acre District (RL-1) on the official zoning maps of Benton County and located in unincorporated Benton County.

11.12.030 ALLOWABLE USES. Provided all applicable code provisions are satisfied, the following uses are allowed within the RL-1 District on a single parcel of record:

- (a) Single Family Dwelling (SFD).
- (b) Duplex, subject to the provisions of BCC 11.12.080 (a).
- (c) Fire department facility, law enforcement facility, and/or medical facility.

- (d) On any tract of land having an area of one (1) acre or more, the keeping of one animal unit equivalent per one-half acre of ground, exclusive of suckling animals.
- (e) Adult family home.
- (f) Utility substation facility.
- (g) Crisis residential center.
- (h) Hiking and non-motorized biking trails.
- (i) Equestrian trail.
- (j) Church, provided structures used as part of the operation of the church collectively shall not exceed three thousand five hundred (3,500) square feet in size.

11.12.040 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the the RL-1 District on a single parcel of record:

- (a) One (1) or more accessory buildings and uses (commonly appurtenant to a single family dwelling).
- (b) Yard Sales occurring for no more than three (3) consecutive days on two (2) different occasions during a calendar year.
- (c) Kennel, Private.
- (d) Solar Power Generator Facility, Minor
- (e) Uses subject to Planning Administrator review and approval, specified in BCC 11.12.050(b)(c)(d)

11.12.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Rural Lands One Acre District (RL-1) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Temporary dwelling, subject to the provisions of BCC 11.42.110.
- (b) Home occupation, subject to the provisions of BCC 11.50, involving business

activities not otherwise expressly allowed or requiring a permit under BCC 11.12.060.

(c) Child Day Care Facility, Type A, subject to the provisions of BCC 11.42.050.

(d) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.

11.12.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Rural Lands One Acre District (RL-1) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040.

(a) School, library, community clubhouse, grange hall, senior center and/or other non-profit organizational hall.

(b) Storage yard owned by a utility.

(c) Public transit center.

(d) Child Day Care Facility, Type B, subject to the provisions of BCC 11.52.068.

(e) Bed and Breakfast Facility, subject to the provisions in BCC 11.42.030.

(f) Cemetery, columbarium, and/or mausoleum.

(g) Home occupation involving the display and/or sale of products on the premises; provided, a home occupation permit is also required under BCC 11.50.

(h) Sewage treatment facility for industrial and/or domestic waste.

(i) A Park.

(j) Church, if not otherwise allowed under BCC 11.12.030.

(k) Business activities, other than those set forth above, that are compatible with the allowed uses and purpose of the underlying zone and the surrounding land uses may be conducted from within an approved accessory building detached from all dwelling units if the following criteria as well as any other conditions required by the Hearings Examiner are satisfied:

(1) The business activity must take place on a parcel of land that is 2.0 acres or greater in size.

- (2) There must be a residence on site, and at least one (1) of the proprietors of the business must be the owner or lessee of the property where the business and the residence are located and must reside in said residence.
- (3) No more than four (4) non-resident persons, whether they work on site or not, may be employed by or be partners in the business.
- (4) The business activity, including all storage space, shall not occupy more than two thousand (2000) square feet of total floor area within the detached accessory building.
- (5) Only one (1) approved detached accessory building on a parcel may be used for business activities. If more than one (1) business will be conducted within an approved detached accessory building, then a separate application must be submitted for each business activity, provided that the total area used by all business activities shall not exceed that permitted by BCC 11.12.060(k)(4).
- (6) No more than two (2) non-illuminating signs, with a maximum area of four (4) square feet each, shall be permitted in connection with the business activity. The posting of such signs is limited to the parcel on which the approved detached accessory building is located. On-street (inside the road right-of-way) sign posting and sign posting which interferes with the line-of-site for road intersections are prohibited.
- (7) Not more than three (3) vehicles marked to identify the business may be on the parcel at any one time. No other on-site outside storage of vehicles, equipment and/or supplies is allowed in connection with the business activity. This prohibition applies to, but is not limited to: lumber, plasterboard, pipe, paint, inoperable vehicles, and heavy equipment that are related to the business.
- (8) The property owner and the proprietor(s) of the business shall comply with all requirements of the Benton County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state and federal regulations pertinent to the business activity pursued. The requirements of or permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations.
- (9) Adequate off-street parking, as determined by the Hearings Examiner, must be provided.
- (10) Any waste created as a result of the business activity must be disposed of off-site in compliance with all local, state and/or federal regulations.
- (11) The presence of customers/clients and non-resident employees at the

location of the business activity shall be limited to the days and hours of operation as determined by the Hearings Examiner.

(12) The business activity does not require a marijuana processor or retailer license from the Washington State Liquor Control Board.

11.12.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.12.030, BCC 11.12.040, BCC 11.12.050 or BCC 11.12.060 is prohibited within the Rural Lands One Acre District (RL-1).

11.12.080 PROPERTY DEVELOPMENT STANDARDS--GENERAL STANDARDS. All lands, structures, and uses in the Rural Lands One Acre District (RL-1) shall conform to the following general standards, and if applicable, to the standards set forth in Title 15 BCC (Critical Area Regulations).

(a) Minimum parcel size. Except as otherwise set forth herein, the minimum parcel size that may be created in the RL-1 District is one (1) acre; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions. In order to meet maximum density objectives, duplexes may only be located on parcels of at least two (2) acres; provided, that the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions.

(b) Lot Width. Each parcel shall have an average lot width of not less than ninety (90) feet.

(c) Maximum Lot Coverage. Forty (40) percent.

11.12.090 PROPERTY DEVELOPMENT STANDARDS--SETBACK REQUIREMENTS. All lands, structures, and uses in the Rural Lands One Acre District (RL-1) shall meet the following setback requirements, and if applicable, the setback requirements set forth in BCC Title 15 (Critical Area Regulations).

(a) Setback Requirements. The following minimum setbacks shall apply:

(1) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of fifty-five (55) feet from the centerline of any public road right-of-way or twenty-five (25) feet from the property line bordering any public road right-of-way, whichever is greater; and a setback of twenty-five (25) feet from the closest edge of any legally-established boundary line of a private access easement.

- (2) Each dwelling unit shall have a setback of twenty-five (25) feet from the rear parcel lines.
 - (3) Each accessory building and accessory use shall have a setback of ten (10) feet from all alleys and the rear parcel lines.
 - (4) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of ten (10) feet from the side parcel lines.
 - (5) All shelters, coops, or other structures used for the habitation of livestock shall have a setback of at least thirty (30) feet from every property line of the parcel on which it is located, unless a greater setback is otherwise required under the Benton County Code.
 - (6) All dwelling units and swimming pools shall have a setback of one hundred fifty feet (150) from any parcel located partially or wholly within the Growth Management Act Agricultural District (GMAAD) and from any adjacent orchard, hop yard, or vineyard (or combination thereof) of ten (10) acres or more on one parcel or on contiguous parcels under common ownership.
 - (7) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy may extend or project from a building three (3) feet into any required setback area; provided, none of these architectural features may be located within any easements.
 - (8) Ground floor uncovered, unenclosed porches, platforms, or landings may extend or project from a building six (6) feet into the setback area but no closer than five (5) feet from any parcel line; provided, none of these architectural features may be located within any easements.
- (b) Any additional setback requirements pursuant to Chapter 3.18 BCC.

11.16.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Rural Lands Twenty Acre District (RL-20) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Temporary dwelling, subject to the provisions of BCC 11.42.110.
- (b) Home occupation, subject to the provisions BCC 11.50, involving business activities not otherwise expressly allowed or requiring a permit under BCC 11.16.060.
- (c) Child Day Care Facility, Type A, subject to the provisions of BCC 11.42.050.
- (d) Communication facilities, subject to Chapter 11.48 BCC.
- (e) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.
- (f) Non-Commercial sand and gravel pits, and stone quarries and other mineral extraction, subject to the provisions of BCC 11.42.090.

11.16.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Rural Lands Twenty Acre District (RL-20) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040.

- (a) A sand or gravel pit, stone quarry and similar use for the development of natural resources extracted on-site.
- (b) Kennel, commercial.
- (c) Child Day Care Facility, Type B, subject to the provisions of BCC 11.42.060.
- (d) A Park.
- (e) Bed and Breakfast Facility, subject to the provisions in BCC 11.42.030.
- (f) Agricultural Market.
- (g) Business activities, other than those set forth above, that are compatible with the

principal uses and purpose of the underlying zone and the surrounding land uses may be conducted from within an approved accessory building detached from all dwelling units if the following criteria as well as any other conditions required by the Hearings Examiner are satisfied:

- (1) The business activity must take place on a parcel of land that is 2.0 acres or greater in size.
- (2) There must be a residence on site, and at least one (1) of the proprietors of the business must be the owner or lessee of the property where the business and the residence are located and must reside in said residence.
- (3) No more than four (4) non-resident persons, whether they work on site or not, may be employed by or be partners in the business.
- (4) The business activity, including all storage space, shall not occupy more than two thousand (2,000) square feet of total floor area within the detached accessory building.
- (5) Only one (1) approved detached accessory building on a parcel may be used for business activities. If more than one (1) business will be conducted within an approved detached accessory building, then a separate application must be submitted for each business activity, provided that the total area used by all business activities shall not exceed that permitted by 11.16.060(g)(4).
- (6) No more than two (2) non-illuminating signs, with a maximum area of four (4) square feet each, shall be permitted in connection with the business activity. The posting of such signs is limited to the parcel on which the approved detached accessory building is located. On-street (inside the road right-of-way) sign posting and sign posting which interferes with the line-of-site for road intersections are prohibited.
- (7) Not more than three (3) vehicles marked to identify the business may be on the parcel at any one time. No other on-site outside storage of vehicles, equipment and/or supplies is allowed in connection with the business activity. This prohibition applies to, but is not limited to: lumber, plasterboard, pipe, paint, inoperable vehicles, and heavy equipment that are related to the business.
- (8) The property owner and the proprietor(s) of the business shall comply with all requirements of the Benton County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state and federal regulations pertinent to the business activity pursued. The requirements of or permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations.

(9) Adequate off-street parking, as determined by the Hearings Examiner, must be provided.

(10) Any waste created as a result of the business activity must be disposed of off-site in compliance with all local, state and/or federal regulations.

(11) The presence of customers/clients and non-resident employees at the location of the business activity shall be limited to the days and hours of operation as determined by the Hearings Examiner.

(12) The business activity does not require a marijuana retail outlet license from the Washington State Liquor and Cannabis Board.

(h) Shooting range facility

(i) One (1) wind turbine with a wind turbine height of sixty (60) feet or more or a wind turbine farm and related support structures and other improvements under the following conditions:

(1) The lowest point on all rotor blades must be at least thirty (30) feet above ground level;

(2) No wind turbine(s) height exceeds three hundred and fifty (350) feet;

(3) All wind turbine tower bases must be set back from all dwellings not located on the same parcel at least one thousand (1,000) feet;

(4) All wind turbine tower bases must be set back from all property lines a distance equal to the associated wind turbine height, except that, where contiguous properties are leased for an identical duration for development of a wind farm, the tower bases set back from the property lines common with such leased properties may be eliminated so long as no part of any wind turbine extends past any such interior property lines and the above-required setbacks are maintained from the property lines comprising the exterior boundaries of the wind farm;

(5) All wind turbine tower bases must be set back from the closest edge of a state, county, or city road right-of-way a distance equal to the wind turbine height;

(6) All wind turbine tower bases must be set back a distance equal to the wind turbine height from all borders of the GMA Agricultural District, except for GMA Agricultural District borders adjacent to the Hanford Reservation owned by the Department of Energy or adjacent to another zoning district adopted by another

county that contains a general minimum parcel size of at least twenty (20) acres per parcel;

(7) For wind turbine(s) proposed to be located within four (4) miles of the nearest point of the nearest runway of the nearest airport available for public use, the applicant for a building permit must comply with all the requirements imposed by the Federal Aviation Administration (FAA) and provide a written statement from the FAA that sets forth the FAA's comments and requirements, if any, for the proposal;

(8) All wind turbine(s) must comply with the Federal Aviation Regulations Part 77, *Objects Affecting Navigable Airspace*, as currently in effect or as hereafter amended, including but not limited to, providing such notices to the FAA as required thereunder and compliance with all requirements or prohibitions imposed by the FAA on the applicant's proposal;

(9) All wind turbine tower bases shall be located at least forty (40) feet for every one (1) foot of tower height or one mile, whichever is greater, from the ends of and at least five thousand (5,000) feet from the sides of all runways which are available solely for private use and identified on the most current edition of the *Sectional Aeronautical Charts* produced by the National Aeronautical Charting Office (NACO);

(10) If the use of any wind turbine or wind turbine farm is discontinued for a period of one (1) year or more, the owner of such facility shall remove the facility within ninety (90) days of written notification by the Planning Department. If such facility is not removed within said ninety (90) days, the County may refer the issue to the code enforcement officer for appropriate action pursuant to Chapter 11.44 BCC; and

(11) The wind turbine(s) and all associated service roads may not displace more than five (5) percent of the area of that parcel(s) on which they are located.

(j) Agri-tourism accommodations.

(k) Solar Power Generator Facility, Major

11.16.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.16.030, BCC 11.16.040, BCC 11.16.050 or BCC 11.16.060 is prohibited within the RL-20 District.

11.16.080 PROPERTY DEVELOPMENT STANDARDS. All lands, structures

and uses in the RL-20 District shall conform to the following general standards, and if applicable, to the standards set forth in Title 15 BCC (Critical Area Regulations):

- (a) Minimum parcel size. The minimum parcel size that may be created in the RL-20 District is twenty (20) acres; provided, the Benton-Franklin Health District may require a larger parcel size as necessary to meet on-site sanitary well and sewer provisions.
- (b) Lot Width. Each parcel shall have an average lot width of not less than one-hundred sixty (160) feet.
- (c) Maximum Lot Coverage. Forty (40) percent.

11.16.090 PROPERTY DEVELOPMENT STANDARDS--SETBACK REQUIREMENTS. All lands, structures, and uses in the Rural Lands Twenty Acre District (RL-20) shall meet the following setback requirements, and if applicable, the setback requirements set forth in Title 15 BCC (Critical Area Regulations).

- (a) Setback Requirements. The following minimum setbacks shall apply:
 - (1) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of fifty-five (55) feet from the centerline of any public road right-of-way or twenty-five (25) feet from the property line bordering any public road right-of-way, whichever is greater; and a setback of twenty-five (25) feet from the closest edge of any legally-established boundary line of a private access easement.
 - (2) Each dwelling unit shall have a setback of twenty-five (25) feet from the rear parcel lines.
 - (3) Each accessory building and accessory use shall have a setback of ten (10) feet from all alleys and the rear parcel lines.
 - (4) Each dwelling unit, accessory building, and accessory use on a parcel shall have a setback of ten (10) feet from the side parcel lines.
 - (5) All shelters, coops, or other structures used for the habitation of livestock shall have a setback of at least thirty (30) feet from every property line of the parcel on which it is located, unless a greater setback is otherwise required under Benton County Code.
 - (6) All dwelling units and swimming pools shall have a setback of one hundred fifty (150) feet from any parcel located partially or wholly within the Growth Management Act Agricultural District and from any adjacent orchard, hop field or vineyard (or combination thereof) of ten (10) acres or more on one parcel or on

contiguous parcels under common ownership.

(7) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy may extend or project from a building three (3) feet into any required setback area. Provided, none of these architectural features may be located within any easements.

(8) Ground floor uncovered, unenclosed porches, platforms, or landings may extend or project from a building six (6) feet into the setback area but no closer than five (5) feet to any parcel line. A railing may be installed or constructed on any such porch, platform, or landing; provided, that it does not exceed four (4) feet in height. Provided, none of these architectural features may be located within any easements.

(b) Any additional setbacks required pursuant to Chapter 3.18 BCC shall apply.

11.18.010 PURPOSE. The purpose of this chapter is to meet the minimum requirements of the State Growth Management Act (Chapter 36.70A RCW) that mandates the designation and protection of agricultural lands of long term commercial significance. The chapter protects the GMA Agricultural District (GMAAD) and the activities therein by limiting non-agricultural uses in the district to those compatible with agriculture and by establishing minimum lot sizes in areas where soils, water, and climate are suitable for agricultural purposes. This chapter is intended to work in conjunction with Chapter 14.05 BCC entitled "Right to Farm" which protects normal agricultural activities from nuisance complaints.

The authorization of new fully contained communities as provided for under RCW 36.70A.350 is not prevented by this chapter.

11.18.020 APPLICABILITY. This chapter shall apply to lands and activities located in unincorporated Benton County and designated in the Zoning Map of Benton County in the GMA Agricultural District, unless otherwise specifically provided.

11.18.030 GMA AGRICULTURAL DISTRICT. The GMA Agricultural District

shall include those areas identified in the official Zoning Map of Benton County and in the Benton County Comprehensive Plan as having Critical Agricultural Resources (soils, climate, and water). The minimum parcel size shall be twenty (20) acres, with exceptions as provided by this chapter. Commercial agricultural activities are most appropriately conducted on large parcels of land with significant separation between uses that conflict with agricultural practices.

11.18.040 ALLOWABLE USES. Provided all applicable code provisions are satisfied, the following uses are allowed within the GMA Agricultural District on a single parcel of record:

- (a) Agriculture, floriculture, horticulture, nursery and general farming; except commercial dairying, poultry raising, commercial hog ranches, animal feedlots and stockyards.
- (b) Agriculture buildings: as defined under BCC 11.04.010 (6).
- (c) Agricultural related industries as defined under BCC 11.04.010 (9), including but not limited to wineries/breweries/distilleries.
- (d) Agricultural stands as defined under Chapter 11.04.010(10) BCC.
- (e) Bakeries, on parcels with eighty (80) percent of its acreage planted with a producing commercial grain crop or on a parcel in common ownership with an adjacent parcel that has eighty (80) percent of its acreage planted with a producing commercial grain crop.
- (f) Single family dwelling.
- (g) Manufactured home if constructed after June 15, 1976.
- (h) Commercial specialty/exotic domesticated animal raising, including but not limited to miniature horses, cattle, goats, llamas, alpacas, ostrich, and emu.
- (i) Aquaculture.
- (j) Adult Family Homes.
- (k) Community club houses, grange halls and other agricultural nonprofit organization halls.
- (l) Commercial establishments that primarily provide custom agricultural land grading, plowing, planting, cultivating, harvesting and soil preparation services.

- (m) Airstrips (personal).
- (n) Public or quasi-public buildings and yards and utility buildings, such as: pumping stations, fire stations, substations and telephone exchange and distribution facilities.
- (o) Schools and churches.
- (p) Kennels, both commercial and private.
- (q) Communication facilities described in BCC 11.48.030(b), BCC 11.48.030(c), BCC 11.48.030(d), or BCC 11.48.030(e).
- (r) No more than one (1) wind turbine and related support structures and other improvements per parcel for private use; provided, the wind turbine height must be less than sixty (60) feet and the wind turbine must be set back from all property lines a distance equal to one (1) foot for every foot in height of the wind turbine.
- (s) Meteorological towers used to gather data to assess wind energy potential; provided, that the towers:
 - (1) Shall be located at least forty (40) feet for every one (1) foot of tower height or one mile, whichever is greater, from the ends of and at least five thousand (5,000) feet from the sides of all runways which are available solely for private use and identified on the most current edition of the Sectional Aeronautical Charts produced by the National Aeronautical Charting Office (NACO); and
 - (2) Must comply with the Federal Aviation Regulations Part 77, Objects Affecting Navigable Airspace, as amended, including but not limited to, providing such notices to the FAA as required thereunder and compliance with all requirements or prohibitions imposed by the FAA on the applicant's proposal.
- (t) Commercial stables, private stables, and/or riding academies.

11.18.050 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the GMA Agricultural District:

- (a) One (1) or more accessory buildings and uses commonly appurtenant to a single family dwelling.
- (b) One (1) or more accessory buildings and uses commonly appurtenant to an agricultural use or operation.

- (c) Agricultural signs commonly associated with or accessory to agricultural activities.
- (d) Hazardous waste treatment and storage facilities (on site) as an accessory use to an allowable or conditionally permitted use; provided, that such facilities must comply with the state siting criteria adopted in accordance with RCW 70.105.210, as currently in effect or as hereafter amended.
- (e) Any accessory equipment structure ancillary to a legal communication facility.
- (f) Yard Sales occurring for no more than three (3) consecutive days on two (2) different occasions during a calendar year.
- (g) Onsite food service that is clearly accessory to a Winery/Brewery/Distillery in the form of:
 - (1) Service of commercially-prepared or packaged, ready-to-eat appetizer-sized portions with limited preparation for palatability but no cooking of raw meats; and,
 - (2) Catered food service for an event.Restaurants or buildings with interior seating dedicated primarily to meal service and cooked to order meal service are not considered on-site food service ancillary to a Winery/Brewery/Distillery and therefore not allowed under this section.
- (h) Retail sales establishment as an accessory use to a Winery/Brewery/Distillery.
- (i) On any tract of land having an area of five (5) acres or less, the following uses are allowable as accessories to a single family dwelling: the keeping of one head of grazing stock per one-half acre of ground, exclusive of suckling animals; provided, that all barns, barnyards, or corrals shall be located not less than seventy-five (75) feet from any public road, street, or highway and not less than thirty (30) feet from any property held under different ownership.
- (j) Hunting Preserves; provided, the hunting activities are an accessory use to the agricultural use of the parcel or parcels.
- (k) Solar power generator facility, minor.
- (l) Uses subject to Planning Administrator review and approval, specified in BCC 11.18.060(b)(c)(f) and (h).

11.18.060 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW

AND APPROVAL The following uses may be allowed within the GMA Agricultural District upon the review and approval of the Planning Administrator.

- (a) Temporary dwellings subject to the provisions of BCC 11.42.110.
- (b) Multiple detached dwelling units, subject to the provisions of BCC 11.42.080.
- (c) Child Day Care Facility-Type A, subject to the provisions of BCC 11.42.050.
- (d) Non-Commercial sand and gravel pits, and stone quarries and other mineral extraction, subject to the provisions of BCC 11.42.090.
- (e) Temporary outdoor retail sales, subject to the provisions of BCC 11.42.120.
- (f) Home occupations, subject to the provisions of BCC 11.50.
- (g) Communication facilities, subject to the provisions of BCC Chapter 11.65.
- (h) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.

11.18.070 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted within the GMA Agricultural District if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040:

- (a) Slaughterhouses, commercial meat-packing plants, animal feedlots; provided, that they are not located in the floodway and floodplain as shown on the FEMA maps, or within two hundred (200) feet of a naturally occurring body of water, or a well used for domestic or municipal purposes and shall be designed to prevent infiltration or other movement of livestock wastes into the aquifer, or directly into surface waters.
- (b) Commercial dairy, hog, poultry, and rabbit operations, propagation of fur bearing species for commercial purposes, or livestock auction yard; provided, that at least the following setbacks are met as well as all other conditions imposed in connection with the issuance of the conditional use permit: one hundred (100) foot setbacks from any lot line to any animal enclosure, except for fenced pasture; and a five hundred (500) foot setback from any existing residential structure on adjacent property not under applicant's ownership.
- (c) Commercial establishments for the transportation of agricultural products other than those produced on the premises, or agricultural supplies or equipment, together with the maintenance, storage, repair and servicing of the necessary trucks and

equipment.

(d) The following agriculturally based recreational and sales facilities: covered arenas, rodeo events, livestock sales rings, and working animal events. The following accessory uses may be permitted during one or more of the above events: veterinary service, food concessions, RV parking area, and event related novelty/accessory sales.

(e) Airstrips (commercial crop dusting).

(f) Facilities for treatment of industrial solid wastes with associated spray fields related to the on-site processing of agricultural products.

(g) Solid waste disposal site; except on lands designated as having less than 160 acre minimum parcel size.

(h) Off-site hazardous waste treatment and storage facilities may be allowed by conditional use permit issued by the Benton County Hearings Examiner after notice and public hearing as provided in BCC 11.52.040 provided, that such facilities must comply with the state siting criteria adopted in accordance with RCW 70.105.210, as currently in effect or as hereafter amended.

(i) Asphalt manufacture in conjunction with rock, sand and gravel mining.

(j) Facilities for power generation, other than nuclear fueled, wind fueled or solar fueled.

(k) Child Day Care Facility, Type B, subject to the provisions of BCC 11.42.060.

(l) Farm labor housing, to the extent that the farm laborers are needed for the agricultural operation on premise.

(m) Manufactured (mobile) home and factory assembled structure parks occupied by farm laborers and their families and pursuant to Chapter 3.22 BCC (Manufactured Home Park Ordinance).

(n) Recreational vehicle parks occupied by farm laborers and their families.

(o) Off-premise directional signs.

(p) The production of bio-diesel and alcohol fuels from agricultural products.

(q) The commercial maintenance, repair, servicing, and storage of agricultural machinery, implements, and equipment for use off the premises.

(r) Commercial establishments for the storage, sale and off-site application of agricultural chemicals, including but not limited to herbicides, fertilizers, insecticides, and pesticides.

(s) Underground natural gas storage facilities.

(t) One (1) wind turbine with a wind turbine height of sixty (60) feet or more or a wind turbine farm and related support structures and other improvements under the following conditions:

(1) The lowest point on all rotor blades must be at least thirty (30) feet above ground level;

(2) No wind turbine(s) height exceeds three hundred and fifty (350) feet;

(3) All wind turbine tower bases must be set back from all dwellings not located on the same parcel at least one thousand (1,000) feet;

(4) All wind turbine tower bases must be set back from all property lines a distance equal to the associated wind turbine height, except that, where contiguous properties are leased for an identical duration for development of a wind farm, the tower bases set back from the property lines common with such leased properties may be eliminated so long as no part of any wind turbine extends past any such interior property lines and the above-required setbacks are maintained from the property lines comprising the exterior boundaries of the wind farm;

(5) All wind turbine tower bases must be set back from the closest edge of a state, county, or city road right-of-way a distance equal to the wind turbine height;

(6) All wind turbine tower bases must be set back a distance equal to the wind turbine height from all borders of the GMA Agricultural District, except for GMA Agricultural District borders adjacent to the Hanford Reservation owned by the Department of Energy or adjacent to another zoning district adopted by another county that contains a general minimum parcel size of at least twenty (20) acres per parcel;

(7) For wind turbine(s) proposed to be located within four (4) miles of the nearest point of the nearest runway of the nearest airport available for public use, the applicant for a building permit must comply with all the requirements imposed by the Federal Aviation Administration (FAA) and provide a written statement from the FAA that sets forth the FAA's comments and requirements, if any, for the proposal;

- (8) All wind turbine(s) must comply with the Federal Aviation Regulations Part 77, *Objects Affecting Navigable Airspace*, as currently in effect or as hereafter amended, including but not limited to, providing such notices to the FAA as required thereunder and compliance with all requirements or prohibitions imposed by the FAA on the applicant's proposal;
- (9) All wind turbine tower bases shall be located at least forty (40) feet for every one (1) foot of tower height or one mile, whichever is greater, from the ends of and at least five thousand (5,000) feet from the sides of all runways which are available solely for private use and identified on the most current edition of the *Sectional Aeronautical Charts* produced by the National Aeronautical Charting Office (NACO);
- (10) If the use of any wind turbine or wind turbine farm is discontinued for a period of one (1) year or more, the owner of such facility shall remove the facility within ninety (90) days of written notification by the Planning Department. If such facility is not removed within said ninety (90) days, the County may refer the issue to the code enforcement officer for appropriate action pursuant to Chapter 11.44 BCC; and
- (11) The wind turbine(s) and all associated service roads may not displace more than five (5) percent of the area of that parcel(s) on which they are located.
- (u) Non-agricultural accessory uses that promote or sustain the continuation of the agricultural uses of a parcel if the accessory uses meet the following criteria as well as any other conditions required by the Hearings Examiner:
- (1) The non-agricultural accessory use shall be located, designed, and operated so as to not interfere with, and to support the continuation of, the overall agricultural use of the parcel;
 - (2) The non-agricultural accessory use must be consistent with the size, scale, and intensity of the existing agricultural use of the parcel and the existing buildings thereon;
 - (3) The parcel on which the non-agricultural accessory use is located meets one of the following:
 - (i) the parcel is no less than twenty (20) acres in size with eighty (80) percent of the acreage primarily committed to agricultural use and has produced gross income equivalent to two hundred (200) dollars or more per acre each year for three (3) of the five (5) calendar years preceding the date of application;

- (ii) the parcel is currently enrolled in the County's Agricultural Open Space program pursuant to Chapter 84.34 RCW, as currently in effect or as hereafter amended.
- (iii) the parcel is not less than one hundred (100) contiguous acres that has been in agricultural use for three (3) of the last five (5) years.
- (4) The non-agricultural accessory use, including any new buildings, parking or supportive uses associated therewith, shall be located within one thousand (1000) feet of the nearest existing buildings or residential structures and shall not otherwise convert more than one (1) acre of agricultural land to non-agricultural uses;
- (5) The non-agricultural accessory uses, including any storage space associated therewith, shall not collectively occupy more than fifteen thousand (15,000) square feet of building space;
- (6) No more than three (3) vehicles marked to identify the non-agricultural accessory use(s) may be on the parcel at any time. No other on-site outside storage of vehicles, equipment and/or supplies is allowed in connection with the non-agricultural accessory use;
- (7) No person may possess more than one valid permit at a time under this section and all non-agricultural accessory use permits issued under this section for any given parcel must be authorized in one permit;
- (8) No more than two (2) signs of a size determined by the Hearings Examiner shall be permitted in connection with the non-agricultural accessory use. Illumination of a sign shall be only by hooded directional lighting so that only the sign surface is illuminated. The posting of such sign is limited to the parcel on which the non-agricultural accessory use is located. On-street (inside the road right-of-way) sign posting is prohibited, and no sign outside of a road right-of-way may interfere with the line of sight for road intersection;
- (9) The parcel and non-agricultural accessory use owner shall comply with all requirements of the Benton County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state, and federal regulations pertinent to the non-agricultural accessory use being pursued. The requirements of or the permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations;
- (10) Adequate off road parking, as determined by the Hearings Examiner, must be provided;

- (11) Any waste created as a result of the non-agricultural accessory use must be disposed of off-site in compliance with all local, state, and/or federal regulations; and,
- (12) The days and hours of operation shall be determined by the Hearings Examiner with the granting of a Conditional Use Permit.
- (13) The non-agricultural accessory use shall not require a marijuana retail outlet license from the Washington State Liquor and Cannabis Board.
- (v) Overnight lodging within a structure primarily used for processing of beer, wine, or spirits that meets the following criteria:
- (1) The number of guest rooms may not exceed two (2); and,
 - (2) The area used for the guest rooms and associated with overnight lodging shall not exceed eight hundred square feet (800); and,
 - (3) The overnight lodging guest rooms shall meet Benton-Franklin Health District requirements for septic systems and domestic water usage shall be demonstrated; and,
 - (4) The overnight lodging guest rooms shall comply with all the applicable building code requirements.
- (w) Events Facility on the same parcel as a Winery/Brewery/Distillery, but not related to the operational and marketing of the business, such as weddings, receptions, and meetings/retreats shall be limited to not more than two hundred (200) guest or less, meet the following criteria as well as any other conditions required by the Hearings Examiner:
- (1) The events facility shall be located, designed, and operated so as to not interfere with, and to support the continuation of, the overall agricultural use of the parcel;
 - (2) The events facility must be consistent with the size, scale, and intensity of the existing agricultural use of the parcel and the existing buildings thereon;
 - (3) The events facility, including any new buildings, parking or supportive uses associated therewith, shall be located within one thousand (1000) feet of the existing Winery/Brewery/Distillery structures and shall not otherwise convert more than one (1) acre of agricultural land to the use;
 - (4) The parcel and events facility shall comply with all requirements of the Benton

County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state, and federal regulations pertinent to the events facility being pursued. The requirements of or the permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations;

(5) Adequate off road parking, as determined by the Hearings Examiner, must be provided;

(6) Any waste created as a result of the event facility must be disposed of off-site in compliance with all local, state, and/or federal regulations

(x) Bed and Breakfast Facility, subject to the provisions in BCC 11.42.030.

(y) Recreation and entertainment activities centered on an agricultural theme. This may include activities such as field mazes, hayrides, sleigh rides, animal rides, petting zoos and other similar uses.

(z) Commercial sand and gravel pits, stone quarries, other mineral extraction, asphalt and/or concrete batching plants.

(aa) Veterinarian Clinics.

(bb) Shooting Range Facility.

(cc) Solar power generator facility, major.

(dd) Agri-tourism accommodations

11.18.080 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.18.040, BCC 11.18.050, BCC 11.18.060 or BCC 11.18.070 is prohibited within the GMA Agricultural District.

11.18.090 LOT REQUIREMENTS. All lands, structures and uses in the GMA Agricultural District shall conform to the following lot requirements unless otherwise excepted as provided in BCC 11.18.100:

(a) The size of a lot in the GMA Agricultural District shall be a minimum of twenty (20) acres (1/32 of a section).

(b) Each lot in the GMA Agricultural District shall have:

- (1) An average lot width of not less than one hundred sixty-five (165) feet;
- (2) a minimum depth of one hundred sixty-five (165) feet;
- (3) a minimum frontage of ninety (90) feet on a road or access easement to a public road right-of-way.

11.18.100 LOT REQUIREMENTS--EXCEPTIONS. The following exceptions shall apply to all lands, structures and uses in the GMA Agricultural District, unless otherwise specified:

(a) The creation of lots less than twenty (20) acres may be approved by the Planning Administrator on land to which one of the following applies; subject to appeal to the Hearings Examiner:

- (1) The lot to be created is to be conveyed exclusively to a child or parent or such child or parent and his or her spouse of any of the present owners; the lot of record located in the GMA Agricultural District before division contains a minimum of twenty (20) gross acres; only one (1) lot may be created per related person; and only one (1) new lot is created per each twenty (20) acres in the GMA Agricultural District owned by the person conveying property hereunder. If at any time an owner of real property conveys any lot to any person other than a child or parent, no additional lot may be created under this provision for the family member who reconveyed the property.
- (2) The present owner owned the property prior to the effective date of this ordinance and wishes to retain a parcel of land on such property with his or her private residence located thereon, and conveys the remaining portion of said property.
- (3) The owner of record wishes to retain one (1) portion of the lot with his or her private residence located thereon, and conveys the remaining portion of said lot to the owner of record of abutting property.
- (4) To accomplish the clustering of residential density; provided, the total acreage of the cluster shall not exceed fifteen (15) percent of the total land area over which the density is calculated and the number of lots allowed is two (2) per each twenty (20) acres in the GMA Agricultural District.
- (5) The transfer, sale, or lease of a parcel that is at least a two (2) acre portion of a lot that is at least twenty (20) acres and the lot created has a habitable single family dwelling that has existed at least five (5) years or has a site built commercial agricultural structure.

(b) The creation of a lot of any size may be approved by the Planning Administrator, subject to appeal to the Hearings Examiners on a parcel of record which is divided by a physical barrier such as a railroad, canal, or other permanent barrier which interferes with the unified agricultural operation of the land; provided, the boundary of the lots created are divided solely as a result of and pursuant to the physical barrier.

(c) In the GMA Agricultural District, parcels of less than the minimum size may be permitted where the Planning Administrator finds that the land division is for agricultural purposes only. Parcels created under this provision shall not result in a residential density greater than would have otherwise been permitted on the undivided acreage.

11.18.110 BUILDING REQUIREMENTS. All lands, structures and uses in the GMA Agricultural District shall conform to the following building requirements:

(a) No residential building shall have a height greater than thirty-five (35) feet.

(b) Development on land shall be in compliance with BCC Title 15 Critical Area Regulations.

11.18.120 SETBACK REQUIREMENTS. All lands, structures, and uses in the GMA Agricultural District shall conform to the following minimum setback requirements; unless otherwise excepted as provided in BCC 11.18.130:

(a) Each structure on a lot shall have a front yard setback of fifty-five (55) feet from the centerline of any city, county, or state road right of way of sixty (60) feet or less in width, twenty-five (25) feet from the property line bordering any road wider than sixty (60) feet, and twenty-five (25) feet from the legally-established boundary line of any access and/or combined access and utility easement adjacent to or within the property.

(b) Each structure on a lot shall have a setback of twenty (20) feet from its rear and side lot line(s).

(c) Those enclosures used in commercial dairy, hog, poultry, and rabbit operations, the propagation of fur bearing species for commercial purposes, or livestock auction yard shall have setbacks of one hundred (100) feet from all property lines; and a five hundred (500) foot setback from any existing residential structure on adjacent property not under common ownership with the operator of the facility.

11.18.130 SETBACK REQUIREMENTS-EXCEPTIONS. All lands, structures, and uses in the GMA Agricultural District shall have the following exceptions to setback

requirements:

(a) The following architectural features shall not be subject to required setbacks:

(1) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy, may extend or project from a building three (3) feet into the setback area;

(2) Uncovered, unenclosed porches, platforms or landings, which do not extend above the level of the first floor, may extend or project from a building six (6) feet into the setback area.

(b) Animal feedlots and livestock may be excepted from setback requirements in the following instances:

(1) When it is found that prevailing wind patterns and natural land formation such as banks, ridges, slopes, etc., would reduce the impacts to adjacent residents to insignificant levels, or where the adjacent residents are accessory to the same type of agricultural use, a minimum of three hundred (300) feet can be allowed as the setback requirement;

(2) In the case of livestock animals exhibited by youth groups such as FFA and 4-H who cultivate livestock projects for their educational value.

CHAPTER 11.20

RED MOUNTAIN AGRICULTURAL DISTRICT (RMAD)

SECTIONS:

11.20.010	Purpose
11.20.020	Applicability
11.20.030	Red Mountain Agricultural District
11.20.040	Allowable Uses

11.20.010 PURPOSE. The purpose of this chapter is to meet the minimum requirements of the State Growth Management Act (Chapter 36.70A RCW, as amended) that mandates the designation and protection of agricultural lands of long term commercial significance. The chapter protects the Red Mountain Agricultural District (RMAD) and the activities therein by limiting non-agricultural uses in the district to those compatible with agriculture and by establishing minimum lot sizes in areas where soils, water, and climate are suitable for agricultural purposes. Specifically, one purpose of this chapter is to support and carryout the directives of the Red Mountain AVA Master Site Plan (RMMSP) and to prevent future development within the (RMAD) that would preempt or impede the continued development of those lands into an agricultural area where visitors can experience premiere, world renowned vineyards, wines, and wineries.

11.20.020 APPLICABILITY. This chapter shall apply to lands and activities located in unincorporated Benton County and designated in the Zoning Map of Benton County as the Red Mountain Agricultural District (RMAD), unless otherwise specifically provided.

11.20.030 RED MOUNTAIN AGRICULTURAL DISTRICT. The Red Mountain Agricultural District is an area identified in the Benton County Comprehensive Plan that has Critical Agricultural Resources (soils, climate, and water). The minimum parcel size shall be twenty (20) acres, with exceptions as provided by this chapter. Commercial agricultural activities are most appropriately conducted on large parcels of land with significant separation between uses that conflict with agricultural practices.

11.20.040 ALLOWABLE USES. Provided all applicable code provisions are satisfied, the following uses are allowed as a permitted use within the Red Mountain Agricultural District.

- (a) Agriculture uses, except for commercial dairying, poultry raising, commercial hog ranches, animal feedlots, stockyards and marijuana production and processing (as each of those terms is defined in RCW 69.50.101 as currently in effect or as hereafter amended).
- (b) Agriculture buildings as defined under BCC 11.04.010 (6).
- (c) Agricultural related industries as defined under BCC 11.04.010 (9), including but not limited to Wineries/Breweries/Distilleries provided, marijuana production and processing (as each of those terms is defined in RCW 69.50.101) are not allowed.
- (d) Agricultural stands, as defined under BCC 11.04.010 (10), on parcel of at least twenty (20) acre or more.
- (e) Single Family Dwelling.
- (f) Signs are allowed only if they do not exceed six (6) feet in height and twenty-four (24) square feet in total area and are not internally illuminated.
- (g) Adult Family Homes.
- (h) Bed and Breakfast Facility pursuant to BCC 11.42.030.
- (i) Hiking and non-motorized biking trails.
- (j) Public or quasi-public buildings and yards and utility buildings, such as: pumping stations, fire stations, substations and telephone exchange and distribution facilities.
- (k) No more than one (1) wind turbine and related support structures and other improvements per parcel for private use; provided, the wind turbine height must be less than sixty (60) feet and the wind turbine must be set back from all property lines a distance equal to one (1) foot for every foot in height of the wind turbine.

11.20.050 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the Red Mountain Agricultural District:

(a) One (1) or more accessory buildings and uses commonly appurtenant to a single family dwelling.

(b) One (1) or more accessory buildings and uses commonly appurtenant to an agricultural use or operation.

(c) Hazardous waste treatment and storage facilities (on site) as an accessory use to an allowable or conditionally permitted use; provided, that such facilities must comply with the state siting criteria adopted in accordance with RCW 70.105.210, as amended.

(d) On any tract of land having an area of five (5) acres or less, the following uses are allowable as accessories to a single family dwelling: the keeping of one head of grazing stock per one-half acre of ground, exclusive of suckling animals; provided, that all barns, barnyards, or corrals shall be located not less than seventy-five (75) feet from any public road, street, or highway and not less than thirty (30) feet from any property held under different ownership.

(e) Kennels, Private.

(f) Onsite food service that is clearly accessory to a Winery/Brewery/Distillery in the form of:

(1) Service of commercially-prepared or packaged, ready-to-eat appetizer-sized portions with limited preparation for palatability but no cooking of raw meats; and,

(2) Catered food service for an event.

Restaurants or buildings with interior seating dedicated primarily to meal service and cooked to order meal service are not considered on-site food service ancillary to a Winery/Brewery/Distillery and therefore not allowed under this section.

(g) Retail sales establishment as an accessory use to a Winery/Brewery/Distilleries.

(h) Wineries, brewery, distillery club events, winemaker or brewer dinners and regional promotional events.

(i) Solar Power Generator Facility, Minor

(j) Uses subject to Planning Administrator review and approval, specified in BCC 11.20.060 (b) through (d).

(k) Signs are allowed only if they do not exceed six (6) feet in height and twenty-four (24) square feet in total area and are not internally illuminated.

- (l) Bed and Breakfast Facility pursuant to BCC 11.42.030.

11.20.060 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed in the Red Mountain Agricultural District upon the review and approval of the Planning Administrator:

- (a) Temporary dwellings subject to the provisions of BCC 11.42.110.
- (b) Multiple detached dwelling units, subject to the provisions of BCC 11.42.080.
- (c) Accessory dwelling unit (within or attached to a single family home), subject to the provisions of BCC 11.42.020.
- (d) Child Day Care Facility-Type A, subject to the provisions of BCC 11.42.080.
- (e) Non-Commercial sand and gravel pits, and stone quarries and other mineral extraction, subject to the provisions of BCC 11.42.090.

11.20.070 USES REQUIRING PERMITS--CONDITIONAL USE PERMIT REQUIRED. The following uses may be permitted upon a single parcel of record in the Red Mountain Agricultural District if a conditional use permit is issued by the Hearing Examiner after notice and public hearing as provided by BCC 11.52.040:

- (a) Facilities for treatment of industrial solid wastes with associated spray fields related to the on-site processing of agricultural products.
- (b) Overnight lodging within a structure primarily used for processing of beer, wine, or spirits that meets the following criteria:
 - (1) The number of guest rooms may not exceed two (2); and,
 - (2) The area used for the guest rooms and associated with overnight lodging shall not exceed eight hundred square feet (800); and,
 - (3) The overnight lodging guest rooms shall meet Benton-Franklin Health District requirements for septic systems and domestic water usage shall be demonstrated; and,
 - (4) The overnight lodging guest rooms shall comply with all the applicable building code requirements.

(c) Events Facility on the same parcel as a Winery/Brewery/Distillery, but not related to the operational and marketing of the business, such as weddings, receptions, and meetings/retreats shall be limited to not more than two hundred (200) guest or less, meet the following criteria as well as any other conditions required by the Hearings Examiner:

(1) The events facility shall be located, designed, and operated so as to not interfere with, and to support the continuation of, the overall agricultural use of the parcel;

(2) The events facility must be consistent with the size, scale, and intensity of the existing agricultural use of the parcel and the existing buildings thereon;

(3) The events facility, including any new buildings, parking or supportive uses associated therewith, shall be located within one thousand (1000) feet of the existing Winery/Brewery/Distillery structures and shall not otherwise convert more than one (1) acre of agricultural land to the use;

(4) The parcel and events facility shall comply with all requirements of the Benton County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state, and federal regulations pertinent to the events facility being pursued. The requirements of or the permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations;

(5) Adequate off road parking, as determined by the Hearings Examiner, must be provided;

(6) Any waste created as a result of the event facility must be disposed of off-site in compliance with all local, state, and/or federal regulations.

(d) Non-agricultural accessory uses that promote or sustain the continuation of the agricultural uses of a parcel if the accessory uses meet the following criteria as well as any other conditions required by the Hearings Examiner:

(1) The non-agricultural accessory use shall be located, designed, and operated so as to not interfere with, and to support the continuation of, the overall agricultural use of the parcel;

(2) The non-agricultural accessory use must be consistent with the size, scale, and intensity of the existing agricultural use of the parcel and the existing buildings thereon;

(3) The parcel on which the non-agricultural accessory use is located meets

one of the following:

- (i) The parcel is no less than twenty (20) acres in size with eighty (80) percent of the acreage primarily committed to agricultural use and has produced gross income equivalent to two hundred (200) dollars or more per acre each year for three (3) of the five (5) calendar years preceding the date of application;
 - (ii) The parcel is currently enrolled in the County's Agricultural Open Space program pursuant to Chapter 84.34 RCW, as amended; or
 - (iii) The parcel is not less than one hundred (100) contiguous acres that has been in agricultural use for three (3) of the last five (5) years.
- (4) The non-agricultural accessory use, including any new buildings, parking or supportive uses associated therewith, shall be located within one thousand (1000) feet of the nearest existing buildings or residential structures and shall not otherwise convert more than one (1) acre of agricultural land to non-agricultural uses;
- (5) The non-agricultural accessory uses, including any storage space associated therewith, shall not collectively occupy more than fifteen thousand (15,000) square feet of building space;
- (6) No more than three (3) vehicles marked to identify the non-agricultural accessory use(s) may be on the parcel at any time. No other on-site outside storage of vehicles, equipment and/or supplies is allowed in connection with the non-agricultural accessory use;
- (7) No person may possess more than one valid permit at a time under this section and all non-agricultural accessory use permits issued under this section for any given parcel must be authorized in one permit;
- (8) The parcel and non-agricultural accessory use owner shall comply with all requirements of the Benton County Building Department, the Benton County Fire Marshal, the Benton-Franklin Health District, and all other local, state, and federal regulations pertinent to the non-agricultural accessory use being pursued. The requirements of or the permission granted by the Hearings Examiner shall not be construed as an exemption from such regulations;
- (9) Adequate off road parking, as determined by the Hearings Examiner, must be provided;
- (10) Any waste created as a result of the non-agricultural accessory use must

be disposed of off-site in compliance with all local, state, and/or federal regulations.

- (e) Commercial sand and gravel pits, and stone quarries and other mineral extraction.

11.20.080 LOT REQUIREMENTS. All lands, structures and uses in the Red Mountain Agricultural District shall conform to the following lot requirements unless otherwise excepted as provided in BCC 11.20.090:

- (a) The size of a lot in the Red Mountain Agricultural District shall be a minimum of twenty (20) acres (1/32 of a section).
- (b) Each lot in the Red Mountain Agricultural District shall have:
 - (1) An average lot width of not less than one hundred sixty-five (165) feet;
 - (2) A minimum depth of one hundred sixty-five (165) feet;
 - (3) A minimum frontage of forty (40) feet on a road or access easement to a public road right-of-way.

11.20.090 LOT REQUIREMENTS--EXCEPTIONS. The following exceptions shall apply to all lands, structures and uses in the Red Mountain Agricultural District, unless otherwise specified:

- (a) The creation of lots less than twenty (20) acres may be approved by the Planning Manager, on land to which one of the following applies; subject to appeal to the Hearing Examiner:
 - (1) The lot to be created is to be conveyed exclusively to a child or parent or such child or parent and his or her spouse of any of the present owners; the lot of record located in the Red Mountain Agricultural District before division contains a minimum of twenty (20) gross acres; only one (1) lot may be created per related person; and only one (1) new lot is created per each twenty (20) acres in the Red Mountain Agricultural District owned by the person conveying property hereunder. If at any time an owner of real property conveys any lot to any person other than a child or parent, no additional lot may be created under this provision for the family member who re-conveyed the property;
 - (2) To accomplish the clustering of residential density; provided, the total acreage of the cluster shall not exceed fifteen (15) percent of the total land area

over which the density is calculated and the number of lots allowed is two (2) per each twenty (20) acres in the Red Mountain Agricultural District; or,

(3) The transfer, sale, or lease of a parcel that is at least a two (2) acre portion of a lot that is at least twenty (20) acres and the lot created has a habitable single family dwelling that has existed at least five (5) years or has a site built commercial agricultural structure.

(b) The creation of a lot of any size may be approved by the Planning Manager, subject to appeal to the Hearing Examiner on a parcel of record which is divided by a physical barrier such as a railroad, canal, or public roads which interferes with the unified agricultural operation of the provided, the boundary of the lots created are divided solely as a result of and pursuant to the physical barrier.

(c) In the Red Mountain Agricultural District, parcels of less than the minimum size may be permitted where the Planning Manager finds that the land division is for agricultural purposes only. Parcels created under this provision shall not result in a residential density greater than would have otherwise been permitted on the undivided acreage.

11.20.100 SETBACK REQUIREMENTS. All lands, structures, and uses in the Red Mountain Agricultural District, shall conform to the following minimum setback requirements; unless otherwise excepted as provided in BCC 11.20.110:

(a) Each structure on a lot shall have a front yard setback of fifty-five (55) feet from the centerline of any city, county, or state road right of way of sixty (60) feet or less in width, twenty-five (25) feet from the property line bordering any road wider than sixty (60) feet, and twenty-five (25) feet from the legally-established boundary line of any access and/or combined access and utility easement adjacent to or within the property.

(b) Each structure on a lot shall have a setback of twenty (20) feet from its rear and side lot line(s).

11.20.110 SETBACK REQUIREMENTS--EXCEPTIONS. All lands, structures, and uses in the Red Mountain Agricultural District, shall have the following exceptions to setback requirements:

(a) The following architectural features shall not be subject to required setbacks:

(1) Cornices, eaves, belt courses, sills, fireplace chimneys, and open, unenclosed stairways or balconies not covered by a roof or canopy, may extend or project from a building three (3) feet into the setback area;

(2) Uncovered, unenclosed porches, platforms or landings, which do not extend above the level of the first floor, may extend or project from a building six (6) feet into the setback area.

11.22.010 PURPOSE. The purpose of the planned development chapter is to provide a degree of flexibility and innovative land use design and development not possible under a strict interpretation of zoning and subdivision ordinances. It is the intention of the planned development chapter to accomplish the following specific goals through the use of improved techniques and design technology:

- (a) Encourage creativity in the design of large parcels of property for residential use.
- (b) Encourage the development of a variety of housing types to better serve the public.
- (c) Provide for maximum efficiency in the design and construction of streets, utilities and other public improvements.
- (d) Provide the necessary standards and controls to be used by developers in their

design and by county officials in their review and approval procedures.

(e) Allow specific acreage within a planned development to be reserved and used for commercial horticultural purposes; provided, that such use is not inconsistent with the other permitted uses within a planned development and the undertaking of such activities are consistent with the conditions set forth in the approved site plan for the planned development.

(f) Enhance the local and regional agricultural economy and protect the rural character of unincorporated Benton County by allowing commercial horticulture on specified acreages within planned developments located in areas having unique and valuable physical characteristics suitable for horticultural activities such as micro-climate, slope, exposure, water availability and soils capability.

11.22.020 WHERE PERMITTED. Planned developments shall be permitted in any zone except Heavy Industrial (H-I) and Light Industrial (L-I).

11.22.030 USES PERMITTED. In a planned development district, no building or premises shall be used nor shall any building or structure hereafter be erected or altered unless otherwise provided in this chapter, except for one or more of the following uses:

(a) One and two family dwellings.

(b) Multiple family dwellings such as flats or apartments.

(c) The usual accessory buildings and/or land uses commonly appurtenant to the above uses, including but not limited to private kennels.

(d) Home occupations that comply with the criteria set forth in BCC 11.50.

(e) Recreational facilities of a non-commercial nature including but not limited to tennis courts, swimming pools, playgrounds, etc.

(f) Designated Manufactured homes and modular homes; provided, that:

(1) All dwelling construction in a planned development shall be placed on a permanent foundation, shall have all wheels and running gear removed and shall be placed on the assessor's tax rolls as real property.

(2) Size, type and locations for all designated manufactured homes and modular homes shall be shown on the filed plans.

(3) Manufactured (mobile) home parks and recreational vehicle parks shall not be considered planned developments.

(g) Accessory uses such as, but not specifically limited to, schools, churches, libraries, community halls, etc., may be allowed where such facilities are found by the Board of County Commissioners to be consistent with the comprehensive plan and in the best interest of the community.

(h) Incidental commercial and retail uses, designed as part of the planned development and intended to serve primarily the residents of the development may be permitted for planned developments greater than twenty (20) acres in size. No commercial or retail uses area allowed that require a marijuana processor or retailer license from the Washington State Liquor and Cannabis Board.

(i) Horticultural uses as approved by the Board of County Commissioners at the time of the preliminary plat approval, subject to the terms and conditions as deemed appropriate and in the best interests of the planned development; provided, that commercial horticultural uses shall be subject to the following:

(1) The underlying zoning designation and the comprehensive plan allow commercial horticultural uses in the proposed planned development area;

(2) The types of horticultural uses proposed within the planned development shall be recorded with the deeds for the parcels on which commercial horticultural uses are conducted and on the face of the final plat for the planned development; and,

(3) The proposed commercial horticultural uses must be compatible with the residential nature of the planned development as demonstrated through the use of site planning techniques and mitigation measures. Such measures may include, but are not limited to: the use of open space buffers, visual screening and noise attenuation devices, site plan orientations relative to prevailing wind patterns as well as resident versus farming access and transportation routes, irrigation run-off control, operational measures and best management practices, and limitation on crop types.

(j) Hotel/conference centers may be allowed by conditional use permit provided, that such facilities are found to be consistent with the comprehensive plan and in the best interests of the planned development community. Such uses are also subject to any conditions and terms set forth by the conditional use permit.

11.22.040 DESIGN STANDARDS AND CRITERIA.

- (a) Minimum Site Development Area - A planned development for strictly residential use shall consist of a minimum of five (5) acres. A planned development with designated uses in addition to residential uses shall consist of a minimum of twenty (20) acres.
- (b) Allowable Development Density - The maximum allowable density for a planned development shall be the allowable density for that area set forth in Title 16 of the Benton County Code.
- (c) Common Open Space - Each planned development shall identify any areas for common use of all the residents. Any anticipated improvements to the common areas shall be included in the information submitted to the planning commission for preliminary approval.
- (d) Public Access - Any parcel of property considered for planned development must front on and have direct access to a public road at a minimum of one location. The county engineer may require more than one direct access to a public road where it is determined to be in the best community interest.
- (e) Roads and Parking Areas - The interior road system for a planned development may be private if desired by the developer; provided, that roads which are located such that they could or should be an integral part of the overall county circulation pattern may be required to be constructed as public roads. The county engineer may also require either construction of additional public roads or reservation of right-of-way for future roads where necessary in his/her opinion to permit adequate circulation.

Roads construction standards shall be as follows:

- (1) Private roads shall be constructed to a standard agreed on between the developer, County Engineer and the County Fire Marshal, based on degree of service necessary for minimum safe circulation for residents and emergency vehicles.

If agreement cannot be reached between the developer, County Engineer, and County Fire Marshal, minimum plat street standards as set forth in BCC 9.08.051, as currently in effect or as hereafter amended, shall apply.

- (2) All public roads in a planned development shall be constructed in accordance with minimum standards for plat street construction as set forth in BCC 9.08.051, as amended.

Planned developments shall provide a minimum of two off-street parking spaces for every living unit. Additional off street parking shall be required if non-residential uses are proposed.

(f) Structure Setbacks - Required minimum setbacks for structures in a planned development shall be as follows:

- (1) Fifty-five (55) feet from the centerline of any public road or twenty-five (25) feet from the property line, whichever is greater.
- (2) Twenty-five (25) feet from the exterior boundary line of the development.
- (3) Setbacks from private roads shall be adequate to assure safe sight distance and safe access on and off the road.
- (4) Fences may be constructed on the property line except that any fence built within the setback area along a public or private road shall be no more than forty-two (42) inches in height.

There shall be no minimum required side or rear yard setbacks or minimum distances between buildings within the interior of a planned development.

(g) Sanitary and Water Facilities - Details of proposed sanitary and water facilities shall be as required by the Benton-Franklin Health District. Written approval by the health district and any municipality providing services of the proposed type of sanitary and water facilities shall be submitted to the planning and building department with the application for the planned development.

11.22.050 APPLICATION--REQUIREMENTS. Any owner or group of owners who wish to apply for a planned development shall submit the following information for preliminary review:

- (a) A Planned Development application form with all requested information and signatures.
- (b) One copy of a vicinity map showing the location site and its relationship to the surrounding area. Vicinity map should show the surrounding existing development for a distance of five-hundred (500) feet from the perimeter of the development.
- (c) Ten (10) copies of the preliminary plat for the planned development not less than twenty-four inches by thirty-six inches (24" x 36") in size, showing the following information and drawn to scale of not less than one (1) inch equal to one-hundred (100) feet and one eleven-inch by seventeen-inch (11" x 17") reproducible copy:
 - (1) Names and dimensions of streets bounding or touching the site.
 - (2) Location and dimensions of all interior roads and pedestrian walkways.

- (3) Existing topography with contours of five (5) feet intervals.
 - (4) Proposed plans for grading and proposed methods for handling drainage, including irrigation water.
 - (5) Proposed buildings for development, including location, size, type and number of dwelling units in each.
 - (6) Proposed off-street parking facilities.
 - (7) Areas of common open space and improvements proposed for each area.
 - (8) Proposed locations of water lines, electric and telephone lines, sewer lines, and any other utilities to be located in the development.
 - (9) Any other major features such as streams, canals, railroads, major easements or natural features which may affect or be affected by the development.
 - (10) Location and types of horticultural uses, the number of horticultural related dwelling units to be located on the horticultural lands, and the site planning and operational measures proposed to assure compatibility between the horticultural uses and the residential uses within the planned development.
 - (11) Locations and types of hotel or convention centers, including the number of units.
- (d) In addition to the required drawings the developer shall submit two (2) copies of a written statement providing the following information:
- (1) Program for development including staging and timing of development.
 - (2) Proposed ownership agreements for completed development.
 - (3) Basic content of restrictive covenants, home owners association by-laws and other documents, including specific provisions guaranteeing construction and/or maintenance of all commonly owned areas and facilities.
- (e) A Zone Change Application form with all required information and signatures requesting a change in zoning to a Planned Development zone.
- (f) An Environmental Checklist form with all required information and signed by the applicant.

- (g) A title certificate from a title company not more than two (2) months old. The title certificate shall include a map showing the tax parcel ID number, names, and addresses of the surface owners of the property to be developed and names of all surface property owners within three hundred (300) feet of the exterior boundaries of the property involved.
- (h) Written verification from the Benton-Franklin Health District that the applicant(s) has provided all necessary information so that the Health District can review and make a recommendation on the proposed planned development.
- (i) A preliminary hydrology report as required by the Benton County Road Department.
- (j) The application fees as specified in the current fee schedule adopted by resolution of the Board of County Commissioners.
- (k) The applicant shall request a waiver or modification of any of the requirements of this chapter where topography or other special conditions make conformance impractical. Such request for waiver or modification shall be made at the time of application for the planned development and zone change. The waiver or modification shall be granted in accordance with BCC 11.22.180.

11.22.060 OPEN RECORD HEARING. An open record hearing is required for all Planned Developments. The Benton County Planning Commission shall conduct the hearing on a preliminary application and zone change at the same hearing.

11.22.070 OPEN RECORD HEARING--NOTICE REQUIRED.

- (a) Notice of the open record hearing shall state: the time, place and purpose for which the hearing is to be held. The notice of open record hearing shall be published not less than ten (10) days prior to the hearing in the official newspaper of the county.
- (b) The Benton County Planning Department shall mail the notice of the hearing at least ten (10) days prior to the date of the hearing to:
 - (1) The owners of all properties located within three hundred (300) feet of the exterior boundaries of the proposed plat, as such owners appear on the records of the County Assessor.
 - (2) If the owner of the real property which is proposed to be subdivided owns another parcel or parcels of real property adjacent to the real property, notice of

hearing shall be mailed to the owner if all parcels are located within three hundred (300) feet of any portion of the boundaries of such adjacently located parcels of real property owned by the owner of the real property proposed to be subdivided.(3) The notice shall also be given to cities or towns located within one (1) mile of the proposed Planned Development.

(4) If a proposed Planned Development is located adjacent to the right-of-way of a state highway or within two (2) miles of the boundary of a state or municipal airport, notice shall be given to the state secretary of transportation.

(5) Notice shall also be given to anyone that has submitted a written request to the Benton County Planning Department of any proposed land use applications for one (1) or more of the parcels within the proposed planned development.

(c) All hearing notices shall include a description of the location of the proposed Planned Development. The description may be in the form of either a vicinity location sketch or a written description but need not include a legal description.

11.22.080 PLANNED DEVELOPMENT--PLANNING COMMISSION--CONSIDERATION, FINDINGS, AND RECOMMENDATION. After conducting an open record hearing and considering all information presented, the Planning Commission shall take action to recommend to the Board of County Commissioners that the preliminary planned development and rezone application be approved, approved with conditions that will be incorporated into the final plat to be recorded, or denied as proposed. The Planning Commission shall recommend approval or recommend approval with conditions if it makes each of the following findings:

(a) The proposed Planned Development conforms with the Benton County Comprehensive Plan and any applicable zoning requirements or other applicable land use controls;

(b) The proposed Planned Development provides adequate means of access as evidenced by the written approval of the county engineer;

(c) The proposed Planned Development meets the requirements of this title;

(d) The public use and interest will be served by permitting the proposed planned development;

(e) The appropriate provisions are made for public health, safety, and general welfare and for needed drainage ways, streets, or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools, school grounds, and sidewalks;

(f) The Benton Franklin Health District has reviewed and approves of the terms of the proposed Planned Development to ensure compliance with Health District rules and regulations;

(g) The Benton County Road Department has reviewed and approved the proposed Planned Development to ensure conformance with the road and drainage provisions of Benton County;

(h) If the proposed Planned Development is located within an irrigation district, that the district has reviewed and approved the proposed Planned Development to ensure compliance with RCW 58.17.310, as currently in effect or as hereafter amended.

(j) If the proposed Planned Development is located within an urban growth area as designated in the Benton County Comprehensive Plan, that the proposed Planned Development is in conformity with the joint development standards for that area, if any, adopted by the County.

11.22.090 PLANNING COMMISSION RECOMMENDATION TO BOARD OF COUNTY COMMISSIONERS. The recommendation and findings and conclusion of the Planning Commission will be sent to the Board of County Commissioners within fourteen (14) days following the issuance of the written recommendation.

11.22.100 BOARD OF COUNTY COMMISSIONERS--DECISION. The Planning Administrator shall set a date for a closed record hearing upon issuance of the written recommendation, findings and conclusion of the Planning Commission. The Board of County Commissioners will consider the planned development application and may adopt, modify, or reject the recommendation of the Planning Commission. The decision of the Board shall be based on the record prepared by the Planning Commission. The Board shall give preliminary approval of a planned development with any conditions necessary, if it makes an affirmative finding on each issue set forth in BCC 11.22.080 (a) through BCC 11.22.080 (j) and denial if it makes a negative finding on any of these issues.

11.22.110 FINAL PLAT(S)--SUBMITTAL--FINAL REVIEW. Final plat(s) may be submitted for all or any part of a planned development which has received preliminary approval. All final plat(s) for all phases of the planned development review shall be submitted to the Planning Administrator within five (5) years after preliminary approval has been granted. Any part of a planned development for which final approval is requested shall meet all criteria required of the complete development. The information required to be submitted for final review and approval to record a final plat shall consist of the following:

(a) One (1) Mylar and eight (8) copies of the final plat and supplementary materials as specified in Chapter 9.08 BCC and one eleven-inch by seventeen-inch (11" x 17") reproducible copy prepared in accordance with Chapter 9.08 BCC for final plats. The final map shall also contain:

(1) Location and dimensions of all private and public roads and all areas reserved for parking. Roads and parking areas which are public shall be so identified.

(2) Identification, location and dimensions of all common open space.

(3) Identification and location of all commonly owned facilities.

(4) Location and dimensions of all structures and identification as to size, type and number of dwelling units.

(5) Identification of any open space or facilities which are to be common to or owned by only part of the residents of the development.

(6) Location and dimensions of all utility right-of-way lines.

(7) Any other major features such as streams, canals, railroads, major easements or natural features which may affect or be affected by the development.

(8) Location and types of horticultural uses, the number of horticultural related dwelling units to be located on the horticultural lands, and the site planning and operational measures proposed to assure compatibility between the horticultural uses and the residential uses within the planned development.

(9) Locations and types of hotel or convention centers, including the number of units.

(b) Two copies of a written statement including:

(1) Final copies of all ownership agreements.

(2) Final copies of restrictive covenants.

(3) Final copies of homeowner's association by-laws and other documents, including those specific provisions guaranteeing construction and/or maintenance of all commonly owned areas and facilities.

11.22.120 FINAL PLAT--REVIEW BY AGENCIES. The Planning Administrator shall forward copies of the final plat map to other state and local agencies, municipalities if located in an urban growth area, and utility companies or public agencies that the Planning Administrator determines have an interest in the Planned Development. All reviewing agencies shall have seven (7) days from the date of mailing of such final plat map to forward their comments to the Planning Administrator.

11.22.130 FINAL PLAT--REVIEW BY PLANNING ADMINISTRATOR.

- (a) The Planning Administrator shall review the final plat map to determine if:
 - (1) The final plat complies with the requirements of this title,
 - (2) The final plat is consistent with the approved preliminary plat and decision thereon; and,
 - (3) All changes and conditions imposed on the approved preliminary plat by the Board have been made and complied with.
- (b) The Planning Administrator shall forward the Mylar to the Benton County Engineer, Benton County Planning Commission Chairman, Benton County Assessor, Benton Franklin Health District, and Benton County Treasurer for signature upon determining that the above requirements have been met. The Planning Administrator shall establish a date and time for public meeting with the Board of County Commissioners for review of the final plat.

11.22.140 FINAL PLAT--BOARD OF COUNTY COMMISSIONERS--APPROVAL OR DENIAL.

- (a) The Board of County Commissioners shall consider the final plat at a public meeting. The Board shall review the Planning Administrator's recommendation and approve the final plat for recording if the following standards have been met:
 - (1) The final plat is consistent with the approved preliminary plat and the decision thereon;
 - (2) The final plat includes all of the information required by BCC 9.08.043;
 - (3) All changes and conditions imposed on the approved preliminary plat by the Board have been made and complied with; and,

(4) All applicable requirements of the state platting law and this title have been satisfied.

(b) If the Board determines that these standards have been met, the Chairman of the Board shall sign the final plat and by resolution approve the zone change for that portion of the property included in the final plat. If the Board finds that these standards have not been satisfactorily met, the Board shall deny the final plat and return it unsigned to the applicant for correction.

11.22.150 FINAL PLAT--FILING AND RECORDING. The Planning Administrator shall forward the final plat to the Benton County Auditor's Office for recording upon its approval by the Board of County Commissioners and after submission by the applicant of the applicable fee for recording.

11.22.160 REQUIREMENTS FOR SPECIFIC PERFORMANCE. The developer shall be expected to show performance toward the completion of the planned development in accordance with the time schedule shown below unless a specific waiver or time extension is granted by the planning department.

(a) All final plans for planned development shall be submitted for approval within five (5) years of receipt of preliminary approval.

(b) The roads within a planned development, both private and public, shall be constructed or bonded by the developer, according to approved plans prior to the submittal of the final plat(s).

Any request for extension of time from the requirements shown in items (a) and (b) above shall be made in writing to the Planning Administrator stating the reasons justifying a consideration for extension. After consideration, the developer shall be notified in writing whether the request has been approved or denied, and the reasons for the decisions. The Planning Administrator may grant a one-time extension for up to one year.

11.22.170 MAJOR AND MINOR ADJUSTMENTS.

(a) Minor Changes or Adjustments - Minor changes to a planned development that has received preliminary approval under BCC 11.22.065 may be made with the approval of the Planning Administrator. Minor changes shall mean only those changes which only affect the precise dimensions or location of buildings or facilities, but do not change or affect the basic character or arrangement of buildings, the density of the development or the open space requirement. The Planning Administrator may elect to submit minor

changes to the Planning Commission and Board of County Commissioners under the process for major changes set forth in BCC 11.22.170(b).

(b) Major Changes - Those changes which in the opinion of the planning director substantially affect the general design or density of the planned development shall require review by the planning commission and Board of Commissioners. In the event of a major change the planning commission shall hold a public hearing before submitting its recommendation to the Board of County Commissioners. The Board of County Commissioners shall consider the Planning Commission recommendation at a public meeting and shall approve major changes only if it can continue to make the affirmative findings required by BCC 11.22.080(a) through BCC 11.22.080(j).

(c) Final Plats - Requested changes to the final plat(s) for a Planned Development or portion thereof shall be processed as an alteration to a subdivision pursuant to BCC 9.08.055 or a vacation pursuant to BCC 9.08.056. Any alteration must conform to the requirements of all applicable code provisions.

(d) Building Permits - Building permits shall be issued only for those structures or facilities which are in conformance with the plan as filed or as amended.

11.22.180 WAIVER OF REQUIREMENTS. The Planning Commission may recommend to the Board of County Commissioners to waive or modify any requirement of this chapter where topography or other special condition make conformance impractical. In granting such a waiver or modification, the Planning Commission must first determine that the development will remain in substantial conformance with the intent of this chapter. In the event of any waiver or modification of requirements, the Planning Commission minutes shall show the specific requirements for which waiver is granted, and the special conditions and justification upon which the waiver or modification is based. The applicant shall request such waiver at the time of applying for the planned development and zone change.

- (j) Indoor shooting range.

11.30.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.30.030, BCC 11.30.040 BCC 11.30.050 or BCC 11.30.060 is prohibited in the Light Industrial District (LI).

11.30.080 PROPERTY DEVELOPMENT STANDARDS. All lands, structures and uses in the Light Industrial District (LI) shall conform to the following standards:

- (a) Lot Width. Each lot shall have an average lot width of not less than ninety (90) feet.

(b) Setback Requirements. The following minimum setbacks shall apply:

(1) Each building on a parcel that is contiguous to a Community Center Residential (CCR), Rural Lands One Acre (RL-1), Rural Lands Five Acre (RL-5), Rural Lands Twenty Acre (RL-20), or Urban Growth Area Residential (UGAR) zoning district shall have a minimum setback of thirty (30) feet from said district border.

(2) Each building must be at least twenty-five (25) feet from the property line bordering any public road right-of-way and at least twenty-five (25) feet from the closest edge of any legally established boundary line of a private access easement.

(3) No building or structure shall be located within an easement or any public road right-of-way.

CHAPTER 11.32

HEAVY INDUSTRIAL DISTRICT (HI)

SECTIONS:

11.32.010	Purpose
11.32.020	Applicability
11.32.030	Allowable Uses
11.32.040	Accessory Uses
11.32.050	Uses Subject to Planning Administrator Review and Approval
11.32.060	Uses Requiring a Conditional Use Permit
11.32.070	Uses Prohibited

11.32.010 PURPOSE. The purpose of the Heavy Industrial District (HI) is to provide an area for the location of industrial uses involving the manufacture, processing, or treatment of materials or products that may be inherently involved with potentially offensive characteristics such as odors, dust, smoke, noxious gases, noise, vibration, glare, heat, or other impacts.

11.32.020 APPLICABILITY. Provided all applicable code provisions are satisfied, the provisions of this Chapter shall apply to the areas designated as a Heavy Industrial District (HI) on the official zoning maps of Benton County and located in unincorporated Benton County.

11.32.030 ALLOWABLE USES. The following uses are allowed within the Heavy Industrial District (HI) on a single parcel of record:

- (a) The processing, assembly and/or manufacturing of raw materials, semi-finished materials, and/or finished materials, except for the manufacturing reprocessing and/or storage of radioactive waste.
- (b) Ironwork, drop forge industry, and/or metal fabrication.
- (c) Repair of machinery equipment, automobiles and/or trucks.

- (d) Food processing facility, cannery and/or cold storage facility.
- (e) Agricultural uses.
- (f) Retail sales of goods manufactured on the premises; provided, that the floor space devoted to such use does not exceed ten (10) percent of the gross floor area of all buildings on the parcel.
- (g) Wholesale sales of products.
- (h) Transportation facilities for handling cargo and/or passengers, including mooring facilities, grain elevator, or barge terminal.
- (i) Warehouse.
- (j) Utility substation facility.
- (k) Production of alcohol fuels, biodiesel, or ethanol.
- (l) Hiking and non-motorized biking trails.
- (m) Sewage treatment plant for industrial and/or domestic waste.
- (n) Solid waste transfer station and/or recycling center.
- (o) Wrecking yard.
- (p) Hazardous waste treatment and/or hazardous waste storage facilities as an accessory use to an allowed or conditionally permitted use; provided, that such facilities must comply with the state siting criteria adopted in RCW 70.105.210, as currently in effect or as hereafter amended, and only treat waste generated on the same parcel or a contiguous parcel.
- (q) Rapid Charging Station.

11.30.040 ACCESSORY USES. Provided all applicable code provisions are satisfied, the following uses are allowed as an accessory/ancillary use within the Heavy Industrial District (HI) on a single parcel of record:

- (a) Accessory/ancillary uses or buildings.
- (b) Solar Power Generator Facility, Minor.

11.32.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Heavy Industrial District (HI) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Communication facilities, subject to the provisions of BCC 11.48.

11.32.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Heavy Industrial District (HI) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040.

- (a) Facilities for generating power for sale to the public, including solar power generators; provided, that such power cannot be nuclear fueled.
- (b) Hazardous waste treatment and/or hazardous waste storage facility treating waste not generated on the same or a contiguous parcel; provided, that such facility must comply with Washington State siting criteria set forth in RCW 70.105.210, as currently in effect or as hereafter amended.
- (c) Sand and/or gravel pit, stone quarry, mining, crushing, stockpiling of mineral resources and similar uses for the development of natural resources extracted on-site.
- (d) Asphalt plant.
- (e) Concrete plant.
- (f) Airport/Heliport.
- (g) Railroad switch yards, maintenance and/or repair facilities.
- (h) State and/or local correctional facility, and/or Secure Community Transition Facility as described by RCW 36.70A.200, as currently in effect or as hereafter amended.
- (i) Solar Power Generator Facility, Major.

11.32.070 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.32.030, BCC 11.32.040, BCC 11.32.050, or BCC 11.32.060 is prohibited in the Heavy Industrial District (HI).

11.32.080 PROPERTY DEVELOPMENT STANDARDS. All lands, structures and uses in the Heavy Industrial (HI) District shall conform to the following standards:

- (a) Lot Width. Each lot shall have an average lot width of not less than ninety (90) feet.
- (b) Setback Requirements. The following minimum setbacks shall apply:
 - (1) Each building on a parcel that is contiguous to a Community Center Residential (CCR), Rural Lands One Acre (RL-1), Rural Lands Five Acre (RL-5), Rural Lands Twenty Acre (RL-20), or Urban Growth Area Residential (UGAR) zoning district shall have a minimum setback of thirty (30) feet from said district border.
 - (2) Each building must be at least twenty-five (25) feet from the property line bordering any public road right-of-way and at least twenty-five (25) feet from the closest edge of any legally established boundary line of a private access easement.
 - (3) No building or structure shall be located within an easement or any public road right-of-way.

LANDING FIELD (LF)

11.34.010 Property Adjacent to Landing Fields
and Airports

(a) The landing field district shall include all approaches to now existing and recognized landing fields and airports.

(c) Within this area there shall not be placed any obstructions. Owners of such property may not erect any buildings or structures without first applying for re-zoning before the planning commission which will conduct a survey of the area in order to determine to what extent, if any, proposed improvements may constitute hazards to landing planes. In reaching a decision, the planning commission shall list carefully all factors upon which its decision was made.

CHAPTER 11.36

HIGHWAY SCENIC DISTRICT (HS)

SECTIONS:

11.36.010	Designation
11.36.020	Permit Required for Advertising
11.36.030	Application
11.36.040	Must Conform with Zoning Code
11.36.050	Areas Prohibited
11.36.060	Erection or Maintenance Prohibited
11.36.070	Repair

11.36.010 DESIGNATION. Highway scenic districts may be designated and established on one or both sides of any highway in combination with any other zoning district where roadside scenic vistas are available to a passing motorist. Within the considered highway scenic district, no outdoor advertising structure or signs shall be permitted. Provided, however, that in highway scenic districts combined with residential, suburban or agricultural districts, signs shall be permitted as provided in the chapter for those districts; and, provided further, that where a highway scenic district is combined with an unclassified district, only those signs permitted in a suburban or agricultural district will be authorized.

11.36.020 PERMIT REQUIRED FOR ADVERTISING. No person, firm, or corporation, except as set forth in this chapter shall erect or maintain upon any real property in the County of Benton outside the corporate limits of any city or town any outdoor advertising structure until a permit for the erection and maintenance of the same shall have been obtained from the county official duly authorized for this purpose.

11.36.030 APPLICATION. Any application shall be made to the county official duly authorized for this purpose for each outdoor advertising structure to be erected and maintained and each application shall be accompanied by a non-refundable application fee as established by resolution of the Board of County Commissioners. The application shall be in writing upon forms furnished by the county official duly authorized to do so and shall contain the full name and address of the applicant and such other information as said official may require, and shall be signed by the applicant and all persons holding an ownership interest in the real property. The application for a permit shall also state the location of the structure for which the permit is asked and shall be accompanied by

construction drawings; provided, that this section shall not apply to signs allowed in residential, suburban and agricultural districts and as to unclassified districts as set forth in this chapter.

11.36.040 MUST CONFORM WITH ZONING CODE. No permit shall be granted for the erection, construction or maintenance of any outdoor advertising structure which does not conform with the zoning code of Benton County.

11.36.050 AREAS PROHIBITED. Signs and advertising structures shall be prohibited within the following areas:

- (a) Within a distance of three hundred (300) feet of the intersection or junction of a state highway or county F.A.S. secondary with another state or county F.A.S. secondary highway, or with a railway at a point where it would obstruct or interfere with the view of a vehicle, train or other moving object on the intersecting or joining highway or railway.
- (b) If placed along any highway in such a manner as to prevent a clear view of vehicles approaching within a distance of five hundred feet (500) along the said highway.
- (c) If placed closer than the front yard setback for the residential zone.
- (d) If placed within one thousand (1,000) feet of any public park or public playground and in public view therefrom.

11.36.060 ERECTION OR MAINTENANCE PROHIBITED. The following signs and advertising structures shall be prohibited:

- (a) Any advertising sign, if visible, from any highway which simulates any directional, warning or information sign if likely to be construed as giving warning to traffic, such as the use of words "stop", "slow down", etc.
- (b) Any outdoor advertising structure on private property the written consent from the owner of which has not been obtained.

11.36.070 REPAIR. All outdoor advertising structures, together with supports, braces, guys, and anchors, shall be kept in good repair and in a proper state of preservation.

CHAPTER 11.38

PARK DISTRICT (P)

SECTIONS:

11.38.010	Purpose
11.38.020	Applicability
11.38.030	Allowable Uses
11.38.040	Uses Subject to Planning Administrator Review and Approval
11.38.050	Uses Requiring a Conditional Use Permit
11.38.060	Uses Prohibited
11.38.070	Property Development Standards- General Standards
11.38.080	Property Development Standards- Setback Requirements

11.38.010 PURPOSE. The purpose of the Park District (P) is to recognize areas of the County having natural, historic, or scenic qualities such as: attractive natural environments, river corridors, unique wildlife habitats and visually prominent steep slopes and scenic vistas. The uses allowed are recreational opportunities such as: riverside or regional parks, trails, water activities, and historic or cultural activities. A variety of other uses are allowed for short-term economic benefits, such as agricultural and mining uses. These Park District (P) areas are designated to enhance the health, wellness, and quality of life of the County residents and those who visit the area.

11.38.020 APPLICABILITY. The provisions of this chapter shall apply to the areas designated as a Park District (P) on the official zoning maps of Benton County and located in unincorporated Benton County.

11.38.030 ALLOWABLE USES. The following uses are allowed within the Park District (P) on a single parcel of record:

- (a) Wildlife preserve or game management area.
- (b) Hiking and non-motorized biking trails.
- (c) Equestrian trails.
- (d) Parks and supporting service infrastructure, and any recreational or recreational

related use approved by the Benton County Parks Board and/or the Board of County Commissioners.

- (e) Utility substation facility.
- (f) Agricultural uses.
- (g) Caretaker residential dwelling, office and/or storage facility used in the maintenance and operation of an allowable use.

11.38.040 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Park District (P) on a single parcel of record upon the review and approval of the Planning Administrator:

- (a) Communication facilities subject to the provisions in BCC 11.48.

11.38.050 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Park District (P) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040:

- (a) Sewage treatment plant.
- (b) Sand, gravel pit, stone quarry, mining, crushing, stockpiling of mineral resources and similar uses for the development of natural resources extracted on-site.
- (c) Recreational Vehicle Park.
- (d) Golf course.
- (e) Museum.
- (f) Grain elevator.
- (g) Reception facility.
- (h) Irrigation pumping station.

11.38.060 USES PROHIBITED. Any use not authorized or approved pursuant to BCC 11.38.030, BCC 11.38.040 or BCC 11.38.050 is prohibited within the Park District (P).

11.38.070 PROPERTY DEVELOPMENT STANDARDS--GENERAL STANDARDS. All lands, structures and uses in the Park District (P) shall conform to the following general standards, and if applicable, to the standards set forth in Title 15 BCC (Critical Area Regulations).

(a) Frontage. Each parcel shall have a minimum frontage of forty (40) feet on a public road right-of-way or access easement.

11.38.080 PROPERTY DEVELOPMENT STANDARDS--SETBACK REQUIREMENTS. All lands, structures, and uses in the Park District (P) shall meet the following setback requirements:

(a) Each structure must be at least fifty-five (55) feet from the centerline of the public road right-of-way.

(b) No structures shall be located within an easement or public road right-of-way.

CHAPTER 11.40

UNCLASSIFIED DISTRICT (U)

SECTIONS:

11.40.010	Allowable Uses
11.40.020	Front Yard
11.40.030	Side Yard
11.40.040	Rear Yard
11.40.050	Uses Subject to Planning Administrator Review and Approval
11.40.060	Uses Requiring a Conditional Use Permit
11.40.070	Effective Date

11.40.010 ALLOWABLE USES. The following uses are allowed within the Unclassified District on a single parcel of record:

- (a) Any use permitted outright in the Heavy Industrial (HI), and/or Light Industrial (LI) zoning districts.
- (b) All energy related uses within the boundaries of the U. S. Department of Energy's Hanford site shall be permitted.
- (c) All environmental clean-up activities conducted by the U. S. Department of Energy, its contractors or subcontractors within the boundaries of the U. S. Department of Energy's Hanford site.
- (d) Research and development.

11.40.020 FRONT YARD.

- (a) There shall be front yard setback of at least fifty-five (55) feet from the centerline of any city, county or state road right-of-way of sixty (60) feet or less in width. If the right-of-way width exceeds sixty (60) feet, the setback then shall be at least twenty-five (25) feet from the property line.
- (b) No building shall be hereafter erected or altered so any portion thereof shall be nearer to the front property line than the distance indicated in the preceding subparagraph, EXCEPT eaves, cornices, belt course, and similar ornamentations may project over a front yard not more than two (2) feet. Steps, terraces, platforms, and

porches having no roof covering and being not over forty-two (42) inches in height may extend into a front yard.

(c) There shall be a front yard setback of at least twenty-five (25) feet from any access and/or combined access and utility easement adjacent to or within the property.

11.40.030 SIDE YARD.

(a) There shall be a side yard of at least ten (10) feet on each side of any dwelling, multiple family dwelling, manufactured home (mobile home) or accessory structure, provided that on a corner lot the side yard on the street side shall be at least fifty-five (55) feet from the centerline of any city, county, or state road right-of-way sixty (60) feet or less in width. If the right-of-way width exceeds sixty (60) feet, the setback then shall be at least twenty-five (25) feet from the property line.

(b) No building shall be hereafter erected or altered so that any portion thereof shall be nearer to the side lot line than the distance indicated by the width of the required side yard, EXCEPT:

(1) Eaves, cornices, belt courses, and similar ornamentations may extend over a side yard for a distance of not more than two (2) feet.

(2) Platforms, terraces, and steps, not over forty-two (42) inches in height may extend into the side yard.

(3) Fireplaces may extend into a side yard a distance of not more than eighteen (18) inches.

(c) There shall be a side yard setback of at least twenty-five (25) feet from any access and/or combined access and utility easement adjacent to or within the property.

11.40.040 REAR YARD.

(a) There shall be a rear yard of at least twenty-five (25) feet.

(b) No dwelling, multiple family dwelling or manufactured home (mobile home) shall be hereafter erected or altered so that any portion thereof may be nearer to the rear lot line than the distance indicated by the depth of the required rear yard, EXCEPT eaves, cornices, steps, platforms, and open porches may extend into the rear yard.

(c) An accessory structure may be located within the required rear yard but no closer than ten (10) feet to the property line provided that no more than forty (40) per centum

of the rear yard is occupied by the accessory building.

(d) There shall be a rear yard setback of not less than twenty-five (25) feet from any access and/or combined access and utility easement adjacent to or within the property. (Applies to all buildings including accessory structures.)

(e) For property that has the rear yard adjacent to a street (double frontage lots) all buildings or accessory structures shall be at least fifty-five (55) feet from the centerline of any city, county, or state road right-of-way sixty (60) feet or less in width. If the right-of-way width exceeds sixty (60) feet, the setback shall be at least twenty-five (25) feet from the property line.

11.40.050 USES SUBJECT TO PLANNING ADMINISTRATOR REVIEW AND APPROVAL. The following uses may be allowed within the Unclassified District (U) on a single parcel of record upon the review and approval of the Planning Administrator:

(a) Communication facilities subject to the provisions of BCC 11.48.

11.40.060 USES REQUIRING A CONDITIONAL USE PERMIT. The following uses may be permitted on a single parcel of record within the Unclassified District (U) if a conditional use permit is issued by the Hearings Examiner after notice and public hearing as provided by BCC 11.52.040.

(a) All uses of a parcel not specified in BCC 11.40.010 or BCC 11.40.060 and not otherwise prohibited by laws of Benton County or the State of Washington may be allowed only by conditional use permit issued by the Hearings Examiner after notice and public hearing provided by BCC 11.52.040.

CHAPTER 11.42

GENERAL USE REGULATIONS

SECTIONS:

11.42.010	Access to Public Roads
11.42.020	Accessory Dwelling Units
11.42.030	Bed and Breakfast Facility
11.42.040	Building Permits

11.42.060	Child Day Care Facility, Type B
11.42.070	Fencing, Site Obscuring Fencing and Live Vegetation Screening
11.42.080	Multiple Detached Dwelling Units
11.42.090	Non-Commercial Sand and Gravel Pits
11.42.100	Solar Power Generator Facility
11.42.110	Temporary Dwelling
11.42.120	Temporary Outdoor Retail Sales
11.42.130	Prohibition of Marijuana Retail Sales

11.42.010 ACCESS TO PUBLIC ROADS.

(a) Every single-family dwelling, manufactured home, or multi-family dwelling constructed on or placed upon any property after May 10, 1976, shall be constructed on or placed upon a property which fronts upon and has direct access to a county road, state highway or city street, except the following:

(1) Dwelling placed in a planned development in accordance with the provisions of BCC 11.22.

(2) Manufactured homes placed in an approved manufactured home park, pursuant to BCC 3.22 (Manufactured Home Park Ordinance).

(3) Dwellings to be located on property for which there is a non-exclusive and perpetual easement or right-of-way for ingress and egress recorded in the Benton County Auditor's office. Said easement or right-of-way shall be continuous from the boundary of the property on which the dwelling is to be located to a county road, state highway, or city street and shall serve only one dwelling unit per individual piece of property. All applicants for building permits issued under the authority of this subsection shall sign an affidavit stating that the responsibility for construction and maintenance of this easement shall be vested with the property

owner and not Benton County.

(4) A manufactured home located on property that proposes to provide access across state or federally owned property and for which there is a non-perpetual easement, lease, or right-of-way for ingress and egress across the state or the federally owned property, recorded in the Benton County Auditors office. That portion of the access easement crossing property not owned by the state or federal government shall comply with BCC 11.42.010(a)(3) above. Said easements or right-of-ways shall be continuous from the boundary of the property on which the manufactured home is to be located to a county road, state highway, or city street and shall serve only one dwelling unit per individual piece of property. The placement permit for the manufactured home shall be valid for no longer than the duration of the non-perpetual easement, lease, or right-of-way obtained over the state or federally owned property, and the manufactured home must be removed thereafter. All applicants for placement permits issued under the authority of this subsection shall sign and record an affidavit stating that the responsibility for construction and maintenance of the easement shall be vested with the property owner and not Benton County. Prior to recording of any transfer of ownership of property being served by an access easement per BCC 11.42.010(a)(4), a new easement must be granted to the new owner by the appropriate state or federal agency and recorded per BCC 11.42.010(a)(4).

(5) Dwellings placed on a lot in approved short plat; or

(6) Dwellings placed on a property for which a conditional permit or variance from these requirements has been granted.

(b) Any person submitting an application for a building permit to construct a dwelling on property which is exempt from the access requirement by BCC 11.42.010(a)(3) or an application for a placement permit to locate a manufactured home on property exempt from the access requirement by BCC 11.42.010(a)(4) shall also submit a copy of the recorded easement or right-of-way agreement to the Benton County Building Official.

(c) A county road shall mean a road which is on the county road system as shown by the county engineer's maps and is maintained by Benton County. Roads included in an accepted plat, filed with the county auditor, for which construction provisions have been made shall also constitute county roads.

(d) Except in planned developments established in accordance with BCC 11.22, short plat lots which obtain access via access easements, manufactured home parks established in accordance with BCC 3.22, recreational vehicle parks or when multiple detached dwellings are approved in accordance with BCC 11.42.080, no other dwelling shall be located between a single family dwelling, manufactured home or multiple family dwelling and the street, road, or highway upon which it fronts.

11.42.020 ACCESSORY DWELLING UNITS. [GW1]An accessory dwelling unit shall be allowed on any real property located within unincorporated Benton County that is zoned for single family residences, except for those properties with an Industrial or Commercial zoning designation, thereby meeting the requirements of the Washington State Housing Policy Act of 1993 to incorporate provisions for accessory apartments in the County's zoning ordinance (Title 11 BCC).

(a) The primary purpose of this chapter shall be to permit establishment of additional living quarters within single family residences in order to permit persons who due to a disability or an infirmity require the assistance of friends, relatives, or a professional nurse to remain in their home.

(b) A secondary purpose is to permit an accessory dwelling unit in the home to provide housing for a person related to the occupant.

(c) Accessory Dwelling Units authorized herein shall meet the following minimum criteria:

(1) Existing residence. The single family dwelling in which the accessory dwelling unit is to be located must meet Benton-Franklin District Health Department requirements for the additional unit.

(2) The accessory dwelling unit must be located within or attached to the single family dwelling unit with a common wall. In no case shall an accessory dwelling be permitted in a detached structure such as a guest house or garage.

(3) The appearance and character of the single family residence shall be maintained when viewed from the surrounding neighborhood. Whenever possible, any new entrance shall be placed at the side or rear of the building.

(4) Only one accessory dwelling unit shall be approved for each primary single family dwelling. If the parcel has an approved Temporary Dwelling Permit as allowed in BCC 11.42.110, no accessory dwelling unit shall be allowed.

(5) The occupant of the accessory dwelling unit must be related to the occupant or be providing or receiving continuous care and assistance necessitated by advanced age, illness, or other infirmity.

(6) Rent or other remuneration will not be required as a condition for occupancy of the accessory dwelling unit.

(7) The accessory dwelling unit shall not exceed a maximum of 800 square feet.

(8) The accessory dwelling unit shall comply with all of the applicable building codes and zoning requirements of Title 3 and Title 11 of the Benton County Code.

(d) Benton County shall record the permit issued for the accessory dwelling unit with the Benton County Auditor's Office. The recording fee shall be paid by the applicant for the accessory dwelling unit.

11.42.030 BED AND BREAKFAST FACILITY.

(a) A bed and breakfast facility must be accessory to a household living use on a site. This means that an individual or family who operates the facility must occupy the house as their primary residence.

(b) Banquets, parties, weddings, or meetings for guests or other non-family members are prohibited unless these type of activities are specifically stated in an approved conditional use permit.

(c) Bed and breakfast facility shall comply with all applicable health (including Department of Health and Social Service review), fire safety and building codes.

(d) One sign not to exceed thirty-two (32) square feet in area shall be allowed. Lighted signs may be permitted with external direct lighting.

(e) Driveways accessing a facility shall be approved by the appropriate fire marshal and shall have a minimum easement width of thirty (30) feet with a twenty (20) foot fire apparatus road and be constructed at a grade in compliance with county standards.

(f) One off-street parking space shall be provided for each room available for patrons in addition to the off-street parking requirements for the underlying zoning district.

(g) Outdoor activity shall be limited to the hours of seven a.m. to ten p.m.

(h) For the purposes of this section, a bed and breakfast facility is not a hotel, inn, motel, lodging or rooming house, or restaurant.

11.42.040 BUILDING PERMITS.

(a) No person, company, or corporation shall erect a building or structure of any kind or make any addition to an existing building or structure or alter any building or structure already erected within the unincorporated area of the County of Benton without first obtaining a permit in writing from a county official duly authorized for this purpose.

(b) The application for such permit and regulations governing construction, shall be as prescribed by the Benton County Building Code.

11.42.050 CHILD DAY CARE FACILITY, TYPE A. No Child Day Care Facility, Type A, shall be permitted until a Child Day Care Facility Registration has been approved by the Planning Administrator upon compliance with this section. The following procedures shall apply:

(a) Application. The property owner shall submit a completed application form supplied by the Benton County Planning Department. The application shall be accompanied by a site plan, drawn to a scale of one inch equals 100 feet showing the proposed use, all existing and proposed structures and means of access. The applicant's name, address, and telephone number, the signatures of all persons holding an ownership interest in the real property, the size and type of day care facility, including maximum number and ages of children cared for, and a non-refundable application fee as established by resolution of the Board of County Commissioners shall be included at the time an application for registration is submitted.

(b) Review by Planning Administrator. The Planning Administrator shall refer the matter to appropriate agencies for their comments, and shall determine the following:

(1) The proposed use has received all necessary approvals from Washington State regarding child care facilities.

(2) The proposed use conforms with all applicable ordinances and regulations of Benton County which also apply to other permitted uses in the applicable zoning district.

(3) The proposed use complies with all applicable requirements of the Benton-Franklin District Health Department, Department of Social and Health Services, and any municipality or agency providing water or sewer.

(4) Signage is limited to no more than one non-illuminating sign, with a maximum area of four (4) square feet, and a maximum sign height of six (6) feet above grade. The posting of such signs is limited to the parcel on which the approved child day care facility is located. On-street (inside the road right-of-way) sign posting and any sign posting which interferes with the line-of-sight for road intersections are prohibited.

(5) The outdoor play area is fenced to a height of not less than four (4) feet.

(6) Off-street parking areas shall be provided so as to allow one space for every

employee.

(7) An off-street parking area shall be designated for the loading and unloading of children.

(8) The site for the proposed use shall be landscaped in such a manner to be compatible with surrounding uses.

(9) The residential character of an existing residential structure used for a child day care facility must continue, and maintain, the essence of the residential character of the surrounding neighborhood. Any structural or decorative alteration which alters the residential character is not permitted.

(10) The facility shall conform to International Fire Code (IFC), state, and local fire standards for fire prevention as now adopted or hereafter amended.

(11) The facility must comply with International Building Code (IBC) requirements as now adopted or hereafter amended.

(c) Notification. If the Planning Administrator determines all the above are satisfied, written notification of the proposed use shall be sent by first class U. S. Mail to owners of real property, as shown in the records of the Benton County Assessor, located within three-hundred (300) feet of any portion of the boundary of the proposed use; provided, if the owner of the property for which the proposed use is requested owns another parcel or parcels adjacent to the property, notification shall be mailed to owners of real property located within three-hundred (300) feet of any portion of the boundaries of such adjacent parcels. The notification shall contain a statement that the proposed use shall be approved without holding an open record hearing if no appeal is submitted to the Planning Administrator within fourteen (14) calendar days following date of mailing of notification.

Failure to send notice to a person specified in this section or failure to receive notice shall not invalidate any proceedings or decision in connection with the proposed use. The appeal must be accompanied by a non-refundable fee as established by resolution of the Board of County Commissioners.

(d) Approval by Planning Administrator. If no appeal is received by the Planning Administrator within fourteen (14) days following mailing of the notification, the proposed use shall be approved or conditionally approved. If conditional approval is given, the applicant shall have six (6) months to satisfy the conditions.

(e) Denial. If, after reviewing the application, the Planning Administrator determines that the proposal does not meet the requirements of BCC 11.42.050(b), he/she shall deny the request and inform the applicant in writing the reasons for the denial.

(f) Revocation of Child Day Care Facility Registration. If the Planning Administrator determines that an activity is not being conducted in accordance with the terms of the Child Day Care Facility Registration and in compliance with the requirements of BCC 11.42.050, the registration may be revoked after notice to the holder of the registration. If the registration holder has not demonstrated to the Planning Administrator within seven (7) days of the mailing of such notice that grounds for revocation do not exist, then the registration will be revoked.

Upon revocation of a child day care facility registration, all day care activities shall cease within twenty (20) days unless an appeal is in process. If the child day care activities do not timely cease, the matter may be referred to the code enforcement officer for appropriate action pursuant to Chapter 11.44 BCC, inclusive.

11.42.060 CHILD DAY CARE FACILITY, TYPE B--CONDITIONAL USE PERMIT REQUIRED. No Child Day Care Facility, Type B, shall be permitted unless a conditional use permit has been approved by the Benton County Hearings Examiner that meets the following criteria and any other conditions required by the Hearings Examiner:

(a) The proposed use has received all necessary approvals from Washington State regarding child care facilities.

(b) The proposed use conforms with all applicable ordinances and regulations of Benton County that also apply to other permitted uses in the applicable zoning district.

(c) The proposed use complies with all applicable requirements of the Benton-Franklin District Health Department, Department of Social and Health Services, and any municipality or agency providing water or sewer.

(d) Signage is limited to no more than one non-illuminating sign with a maximum area of four (4) square feet and a maximum sign height of six (6) feet above grade. The posting of such sign is limited to the parcel on which the approved Type B Child Day Care Facility is located. On-street (inside the road right-of-way) sign posting and any sign posting that interferes with the line of sight for a road intersection are prohibited.

(e) Off-street parking areas shall be provided so as to allow one (1) space for every employee and one (1) space for every five (5) children that will be attending the facility.

(f) A driveway designed for continuous forward flow of passenger vehicles for the purpose of loading and unloading children.

(g) The facility shall conform to International Fire Code (IFC), State, and local fire standards for fire prevention as now adopted or hereafter amended.

(h) The facility must comply with International Building Code (IBC) requirements as now adopted or hereafter amended.

11.42.070 FENCING, SITE OBSCURING FENCING, AND LIVE VEGETATION SCREENING.

(a) Applicability.

(1) New Construction. The requirements contained in this section shall be deemed to be minimum standards for fencing and landscape screening and shall apply to all new development as specified in this section.

(2) Reconstruction. Whenever the cost of a remodel, alteration, reconstruction, or expansion of an existing fence or screen meets or exceeds thirty-three (33) percent of the assessed value of the fence or screen, the requirements of this chapter shall apply.

(b) Commercial and Industrial Zoning Districts- Screening required.

(1) Outdoor storage located in a commercial or industrial zone with existing or new development shall be screened from any adjacent residential zones and from residential zones across a public street or alley.

(2) Screening of outdoor storage shall be accomplished by one or both of the following methods:

(i) Dense shrubs and/or trees planted to provide a sight-obscuring screen and within a minimum height of six feet, both within two years of planting.

(ii) A solid or otherwise sight-obscuring fence or wall at least six feet in height.

(3) In commercial and industrial lots, side and rear yard areas adjacent to residential districts must contain a six-foot high continuous solid screen.

(4) For security purposes, portions of the required screening, not to collectively exceed twenty (20) lineal feet along each street or alley adjacent to the lot from which vision is obscured, may be left unobstructed and open to view.

(5) Solid waste receptacles provided for multiple dwellings, provided in all commercial districts, and where visible in industrial districts, shall be located

within an area enclosed on three sides by a five-foot minimum site-obscuring fence, which provides a visual screen from any abutting street. In no case shall such enclosure and receptacle(s) be permitted within the required front yard.

(6) Barbed wire fencing. Two strands of barbed wire is permitted along the top rail or within 6 inches of the top rail.

(c) Rural Lands (RL-1 and RL-5) and Residentially Zoned Properties- Design standards.

(1) Intersections. Landscape materials or foliage of any kind situated within the vision clearance triangle shall not obstruct or obscure horizontal vision between the heights of three and fourteen (14) feet above the adjacent street or driveway grade.

(2) Fences, Walls, and Hedges. The height of fences, walls, and hedges located between a structure and a street shall be measured from the existing or finished grade of the fence, whichever is lower. For sloping lot conditions, the height may be averaged for each six-foot segment, with no height greater than eight feet. If you wish to place a fence or hedge above a retaining wall used to raise the grade of your property, the combined height of the retaining wall and fence/hedge is limited to nine and one-half feet. If the retaining wall is necessary to protect a cut in grade, the normal height limitations apply to the fence, as long as the fence is setback three feet from the retaining wall.

(3) Front Yards. The height of fences, walls and hedges shall be limited to four feet within the front yard; provided, when two contiguous corner lots, or two corner lots separated only by an alley right-of-way, form the entire frontage between parallel or nearly parallel streets, the height of fences, walls and hedges shall be limited to six feet within the front yard adjacent to the street.

(4) Rear and Side Yards. The height of fences, walls and hedges within the side and rear yards shall be limited to six feet. A gate or opening with a minimum three-foot width leading into at least one side yard shall be provided.

(5) Electrified fences are not permitted except as a secondary means of securing property where the electrified fence is located behind an existing fence or to contain permitted farm animals.

(6) Barbed and razor wire fencing is prohibited on lots, tracts, or parcels that are one acre or less in size.

(d) Fence Construction. Fences shall not be constructed out of tires, pallets, tarps and/or sheet plastic, bed springs, multi-colored materials, except colored materials manufactured specifically for fencing (i.e., slats of chain link fences), corrugated sheet metal, wheel rims and similar or like materials not traditionally manufactured or used for fencing purposes.

(e) Vision Triangle. No fence, wall or hedge, landscape material or foliage higher than three feet above curb grade shall be located or planted within an area twenty (20) feet along the property lines from the intersection of two streets including the area between such points, or fifteen (15) feet from the intersection of a street and an alley; provided, however, a chain link fence of six feet, or a smaller chain link fence set upon a maximum three-foot wall or other structure not exceeding a combined height of six feet, may be erected within such area of intersection of street and alley so long as the chain link or woven wire fence is at all times unobstructed by foliage or other matter.

(f) Building Permit. Any fencing in excess of seven (7) feet shall not be erected without first obtaining a building permit from the Benton County Building Department. Fence heights shall be measured according to the provisions in BCC 11.42.070 (c) (2).

11.42.080 MULTIPLE DETACHED DWELLING UNITS (MDD). Where stated in this title that two (2), three (3), or four (4) detached single-family dwellings on an individual lot or two (2), three (3), or four (4) manufactured (mobile) homes on an individual lot may be permitted upon compliance with this section, the following procedure shall apply:

(a) Application. The property owner shall submit a completed application form supplied by the Benton County Planning Department. The application shall accompany a plot plan, drawn to a scale of one inch equals fifty (1" = 50') feet showing the proposed use, all existing and proposed structures and means of access. The applicant's name, address, and telephone number, the signatures of all persons holding an ownership interest in the real property, and a non-refundable application fee as established by resolution of the Board of Benton County Commissioners shall be required. Each dwelling unit must have frontage on a county, city or state road or easement in a short plat.

(b) Review by Planning Administrator. The Planning Administrator shall refer the matter to appropriate agencies for their comments, and shall determine the following:

(1) The proposed use does not have an adverse effect on other uses permitted in the applicable zoning district.

(2) The proposed use conforms with all applicable ordinances and regulations of Benton County which also apply to other permitted uses in the applicable zoning

district.

(3) The proposed use complies with the density requirements of the Benton County Comprehensive Plan.

(4) The lot size equals or exceeds the total square footage and setbacks required by this chapter for the total proposed dwellings as if the dwellings were located on separate parcels.

(5) The proposed use complies with all applicable requirements of the Benton Franklin District Health District, Department of Social and Health Services, Department of Ecology or any municipality providing water or sewer.

(c) Notification. If the Planning Administrator determines all the above are satisfied, written notification of the proposed use shall be sent by first class U.S. Mail to owners of real property, as shown in the records of the Benton County Assessor, located within three-hundred (300) feet of any portion of the boundary of the proposed use; provided, if the owner of the property for which the proposed use is requested owns another parcel or parcels adjacent the property, notification shall be mailed to owners of real property located within three-hundred (300) feet of any portion of the boundaries of such adjacent parcels. The notification shall contain a statement that the proposed use shall be approved without holding an open record hearing if no objection is submitted to the Planning Administrator within seven (7) calendar days following date of mailing of notification.

Failure to send notice to a person specified in this section or failure to receive the notice shall not invalidate any proceedings or decision in connection with the proposed use.

(d) Approval by Planning Administrator. If no objection is received by the Planning Administrator within seven (7) days following mailing of notification, the proposed use shall be approved or conditionally approved. If conditional approval is given, the applicant shall have six (6) months to satisfy the conditions. The Planning Administrator shall endeavor to issue his decision on the proposed use within fifteen (15) working days from the date of submittal of a complete application.

(e) Referral to the Hearings Examiner. If, after notification by the Planning Administrator, any objection to the proposed use is received within seven (7) days following the mailing thereof, the Planning Administrator shall refer the request to the Hearings Examiner and the Hearings Examiner shall act upon the request as if it were a request for conditional use permit, pursuant to BCC 11.52.040.

(f) Denial. If, after reviewing the application, the Planning Administrator determines that the proposal does not meet the requirements of BCC 11.42.080(b), he/she shall deny the request and inform the applicant in writing the reasons for the denial.

(g) Appeal. Anyone aggrieved by the administrator's decision shall have fourteen (14) days from the date of decision to appeal to the Hearings Examiner. The Hearings Examiner shall hear the appeal pursuant to BCC 11.56.080.

11.42.090 NON-COMMERCIAL SAND AND GRAVEL PITS, QUARRIES, AND MINERAL RESOURCES- ADMINISTRATIVE REVIEW.

(a) Review by Planning Administrator.

(1) The proposed use does not have an adverse effect on other uses permitted in the applicable zoning district.

(2) The proposed use conforms with all applicable ordinances and regulations of Benton County which also apply to other permitted uses in the applicable zoning district.

(3) The proposed use complies with all applicable requirements of the Benton Franklin District Health Department, Washington State Department of Ecology, the Washington State Department of Natural Resources and other agencies as applicable.

(4) The proposed use is consistent with the intent of BCC 15.45 Mineral Resource Lands as currently existing and hereafter amended.

(b) Notification. If the Planning Administrator determines all the above are satisfied, written notification of the proposed use shall be sent by first class U.S. Mail to owners of real property, as shown in the records of the Benton County Assessor, located within three-hundred (300) feet of any portion of the boundary of the proposed use; provided, if the owner of the property for which the proposed use is requested owns another parcel or parcels adjacent the property, notification shall be mailed to owners of real property located within three-hundred (300) feet of any portion of the boundaries of such adjacent parcels. The notification shall contain a statement that the proposed use shall be approved without holding a public hearing if no objection is submitted to the Planning Administrator within seven (7) calendar days following date of mailing of notification.

Failure to send notice to a person specified in this section or failure to receive the notice shall not invalidate any proceedings or decision in connection with the proposed use.

(c) Approval by Planning Administrator. If no objection is received by the Planning Administrator within seven (7) days following mailing of notification, the proposed use shall be approved or conditionally approved. If conditional approval is given, the applicant shall have six (6) months to satisfy the conditions. The Planning Administrator shall

endeavor to issue his decision on the proposed use within fifteen (15) working days from the date of submittal of a complete application.

(d) Referral to the Hearings Examiner. If, after notification by the Planning Administrator, any objection to the proposed use is received within seven (7) days following the mailing thereof, the Planning Administrator shall refer the request to the Hearings Examiner and the Hearings Examiner shall act upon the request as if it were a request for conditional permit, pursuant to BCC 11.52.040.

(e) Denial. If, after reviewing the application, the Planning Administrator determines that the proposal does not meet the requirements of BCC 11.42.090(a), he shall deny the request and inform the applicant in writing the reasons for the denial.

(f) Appeal. Anyone aggrieved by the administrator's decision shall have fourteen (14) days from the date of decision to appeal to the Hearings Examiner. The Hearings Examiner shall hear the appeal pursuant to BCC 11.56.080.

11.42.100 SOLAR POWER GENERATOR FACILITY- MAJOR AND MINOR

(a) Minor Facilities. To promote the safe, effective and efficient use of solar energy facilities installed to reduce the on-site consumption of utility supplied energy.

(1) Height.

(i) Roof mounted systems shall not exceed the maximum building height of the zoning district in which located and shall not extend more than 5 feet above the highest point of the existing roof.

(ii) Ground mounted systems shall not exceed 6' in height.

(2) Setbacks. Roof and ground-mounted systems shall observe all front, side and rear setback standards in accordance with the zoning district in which located. In no instance shall any part of a roof-mounted solar energy system extend beyond the edge of the roof.

(3) Lot Coverage. The surface area of a ground-mounted system, regardless of the mounted angle, shall be calculated as part of the overall lot coverage for the zoning district in which located.

(4) General Standards.

(i) Building permits shall be obtained for all roof-mounted solar systems.

(ii) A roof-mounted system may be mounted on a principal building or accessory building.

(iii) Solar panels shall be placed such that concentrated solar radiation or glare shall not be directed onto nearby properties or roadways.

(iv) All minor facilities that are connected to the utility grid shall comply with the requirements of Chapter 80.60 RCW, Net Metering of Electricity, as it now exists or is hereafter amended.

(a) Major Facilities. Systems that solely serve offsite uses are utility-scale solar facilities sited on a parcel as the principal use.

(1) Setbacks: Shall meet the minimum zoning setbacks for the zoning district in which located.

(2) Height: Twenty (20) feet maximum.

(3) Lot Coverage: The surface area of a ground-mounted system, regardless of the mounted angle, shall be calculated as part of the overall lot coverage for the zoning district in which located.

(4) Visibility:

(i) Solar facilities with panels located at least one hundred fifty (150) feet from an adjacent public street right-of-way, residentially zoned property, or residential use shall not require screening.

(ii) Solar facilities with panels located less than one hundred fifty (150) feet from an adjacent public street right-of-way, residentially zoned property, or residential use shall require screening. Screening is to include a perimeter landscape buffer as determined by the Planning Administrator through the required conditional use permit process.

(5) Solar facilities are to be equipped with a non-reflective finish/coating.

11.42.110 TEMPORARY DWELLING.

(a) Purpose. The purpose of this section is to provide for the approval of temporary dwellings to satisfy certain personal hardships, and to satisfy certain needs of the agricultural community. Because such hardships or needs are personal and generally transitory, the approval of temporary dwellings should not constitute a long-term land

use commitment which may conflict with the comprehensive plan and implementing ordinances.

(b) Temporary Dwellings Authorized. Subject to the conditions and upon issuance of the permit provided for herein, one (1) temporary dwelling may be established and maintained on a parcel for use by one or more of the following:

(1) A person who is to receive or administer continuous care and assistance necessitated by advanced age, illness or infirmity. Such care must be received or administered by a resident of an existing dwelling located on the same lot;

(2) A caretaker, hired hand or other employee working on the parcel in connection with an agricultural use of the premises; or

(3) An owner in the process of building a permanent dwelling on the parcel. Owner shall have an approved and active building permit with the County Building Department; or

(4) A caretaker living on the parcel for the purpose of caring for the existing dwelling and for making other improvements on the property while the owner is on vacation or is working out of the area. Only a self-contained recreational vehicle shall be used as a temporary dwelling under this subsection.

(c) Temporary dwellings authorized herein shall meet the following minimum criteria:

(1) The parcel upon which the temporary dwelling is to be placed shall be of such configuration, and the temporary dwelling shall be located in such a manner to comply with the comprehensive plan and all applicable county, state and federal regulations, except density, lot size and the provisions in BCC 11.42.010.

(2) The temporary dwelling shall be designed, constructed and maintained in a manner which will facilitate its removal on termination of the permit. Temporary dwellings shall include recreation vehicles and manufactured homes.

(3) A current vehicular license, if applicable, shall be maintained under this section.

(4) No more than (1) temporary dwelling per parcel shall be authorized under this section.

(5) No rent or other remuneration is paid for the occupancy of the temporary dwelling.

(6) The public health, safety and general welfare will not be adversely affected.

(7) Setback requirements applicable to other dwellings in the same zone must be met.

(8) The temporary dwelling must be located no closer to the front property line than the primary dwelling.

(d) Application. Applications for temporary dwelling permits shall be submitted to the Benton County Planning Department on forms provided by the department and shall include:

(1) A scaled drawing showing the size and boundaries of the parcel; the size and location of access, including driveways and access easements from the parcel to the county, state or city road; and the proposed location and size of the temporary dwelling;

(2) A description of the proposed temporary dwelling;

(3) Documentation of approval of proposed method of water supply and sewage disposal by the appropriate governmental agency; and,

(4) A statement signed by the applicant setting forth the circumstances which necessitate the temporary dwelling.

(5) A non-refundable application fee as established by resolution of the Board of Benton County Commissioners.

(e) Issuance. A permit for a temporary dwelling may be issued by the Planning Director after receipt of a completed application upon finding that the proposed temporary dwelling meets the requirements of this section. If the temporary dwelling is a manufactured home, all requirements of the Manufactured Home Placement Ordinance (BCC 3.20) must be met.

(f) Termination. A temporary dwelling permit issued pursuant to BCC 11.42.110(b)(1) through BCC 11.42.110(b)(3) shall be valid for one (1) year or until the termination of the conditions authorizing the temporary dwelling, whichever occurs first. A temporary dwelling permit authorized under BCC 11.42.110(b)(4) shall be valid for no more than six (6) months.

(g) Renewal. A temporary dwelling permit authorized under BCC 11.42.110(b)(2) through BCC 11.42.110(b)(4) may be renewed as follows.

(1) A request for renewal of a temporary dwelling permit authorized under **BCC 11.42.110(b)(2)** or BCC 11.42.110(b)(3) shall be submitted at least thirty (30) days

prior to the expiration of the permit by filing a statement showing that the conditions authorizing the temporary dwelling continue to exist and listing any changes in the information provided on the application for the original permit.

(2) In no case shall a temporary dwelling permit authorized under BCC 11.42.110(b)(2) or BCC 11.42.110(b)(3) be renewed more than once or for a period greater than one (1) year. Reapplication after expiration will be processed as if it were an original application; provided, that the combined duration of two (2) temporary dwelling permits for the same use, circumstances, and location shall not exceed two (2) years.

(3) No request to renew a temporary dwelling permit application under BCC 11.42.110(b)(4) may be made within six (6) months of the expiration of such permit for the same parcel. A request for a temporary dwelling permit authorized under BCC 11.42.110(b)(4) must be made each time such temporary dwelling is to be placed on the site.

(h) Continuation. A request for continuation of a temporary dwelling permit, authorized under BCC 11.42.110(b)(1) shall be submitted at least thirty (30) days prior to the expiration of the permit by filing a statement showing that the conditions authorizing the temporary dwelling continue to exist and are justified, for example, a letter from a physician substantiating a need for a person to receive or administer continuous care and assistance necessitated by advanced age, illness or infirmity, and a statement listing any changes in the information provided on the application for the original permit.

(1) A temporary dwelling permit, authorized under BCC 11.42.110(b)(1) may be continued on a year-to-year basis as specified above.

(2) Sixty (60) days prior to the expiration of the permit, the Planning Director or his representative shall send, postage prepaid, a notice to the applicant at the last known address the date that the temporary dwelling permit shall expire and the procedure to request a further one year continuation.

(3) If a request for continuation of a temporary dwelling permit, as specified above, is not received thirty (30) days prior to the expiration of the permit, the permit shall become null and void.

(4) Reapplication after expiration will be processed as if it were an original application, subject to existing ordinances at the time of reapplication.

(d) Revocation. A temporary dwelling permit or permit renewal issued pursuant to this section may be revoked by the planning director at any time when the director finds that:

- (1) any of the requirements of this section have not been satisfied;
 - (2) any of the conditions attached to the permit have not been met; or,
 - (3) the circumstances requiring the permit have materially changed.
- (e) Upon termination or revocation of a temporary dwelling permit, occupancy of the dwelling shall cease within ten (10) days after receipt of notification of termination or revocation by certified mail; all utilities shall be disconnected within thirty (30) days after the date of termination or revocation; and, if the temporary dwelling is a manufactured home, it shall be totally removed within thirty (30) days after the date of termination or revocation.
- (f) Appeal. Any person aggrieved by the issuance, denial or revocation of a temporary dwelling permit may appeal the decision to the Benton County Hearings Examiner within fourteen (14) days from the date of the decision or the date the temporary dwelling is moved onto and/or hooked up on site, whichever is later, and the appeal shall be conducted in accordance with BCC 11.56.080.

11.42.120 TEMPORARY OUTDOOR RETAIL SALES.

- (a) Temporary outdoor retail sales of Christmas trees or fire works may be approved by the Planning Administrator after receipt of an application, supplied by the Planning Department, signed by all record owners of the real property upon which the sales are to be conducted, a non-refundable fee as established by resolution of the Board of Benton County Commissioners and upon the Planning Administrator's determination that:
- (1) The Engineer from Benton County, the State Department of Transportation (D.O.T.) or municipality with roads within three hundred (300) feet has approved the proposed access location and has determined the traffic generated will have no adverse effect on vehicular circulation;
 - (2) Proposed parking areas are adequate for the volume and character of the business;
 - (3) The applicant has complied with all applicable federal, state and local licensing requirements and other ordinances and regulations, including approval from the state and county Fire Marshal.
 - (4) The proposed use, in the duration proposed, will not foreseeably adversely affect adjacent properties and is compatible with allowed uses in that zoning designation; and,

(5) The sales activity is conducted wholly outdoors; or partially within a structure or structures which will be totally removed at the end of the approved period. Temporary outdoor retail sales shall not exceed thirty (30) days in duration. The approved duration period shall apply to the use and location rather than to the applicant.

(b) Anyone aggrieved by the Administrator's decision shall have fourteen (14) days from the date of decision to appeal to the Hearings Examiner. The board shall hear the appeal pursuant to BCC 11.56.080.

11.42.130 PROHIBITION OF MARIJUANA RETAIL SALES. The retail sale of "marijuana" or "marijuana-infused products" at a "retail outlet", as those terms are defined in RCW Chapter 69.50 or any implementing regulations in the Washington Administrative Code, is prohibited in all zoning districts.

11.44.010 ADMINISTRATION. Both the Benton County Planning Department and the Building Department shall have the responsibility for the administration and enforcement of this title.

11.44.020 VIOLATIONS--INFRACTION--MISDEMEANOR. The first violation of any provision of this title shall constitute an infraction. Upon final disposition of an infraction, a determination by the Planning and Building Department's authorized representative of a continuing violation of the same provision shall constitute a second or subsequent offense. The court's finding of a second or subsequent violation of the same provision of this title shall constitute a misdemeanor.

11.44.030 INJUNCTIVE RELIEF. Notwithstanding the existence or use of any other remedy or means of enforcement of the provisions hereof, Benton County may seek legal or equitable relief to enjoin any acts or practices which constitute a violation of any

of the provisions hereof and compel compliance with all provisions of this chapter. The costs of such action shall be taxed against the person violating the provisions of this chapter. The Planning Department may accept written assurance of discontinuance of any act in violation of this chapter from any person who has engaged in such act. Failure to comply with the assurance of discontinuance shall be a further violation of this chapter.

11.44.040 VIOLATIONS - INVESTIGATIONS - EVIDENCE. An authorized representative of either the Planning Department or the Building Department may investigate alleged or apparent violations of this title. If the name of the person allegedly or apparently in violation of this title is not known, or if the name of the person does not appear on the latest list of permits compiled by the department, upon presentation of credentials, an authorized representative of the department may inspect sites at which work is performed to determine whether a permit has been issued. Upon request of the authorized representative of either department, the person allegedly or apparently in violation of this title shall provide information identifying themselves.

11.44.050 FAILURE TO PROVIDE INFORMATION IDENTIFYING PERSON. Willful refusal to provide information identifying a person as required by BCC 11.44.040 is a misdemeanor.

11.44.060 NOTICE OF INFRACTION--SERVICE. If an authorized representative of the Planning Department or the Building Department reasonably believes that any provision of this title has been violated, that authorized representative or the Prosecuting Attorney may issue a notice of infraction for the first such violation. A notice of infraction issued under this title shall be personally served upon the person named in the notice or filed with the court for service.

11.44.070 FORM--CONTENTS. The notice of infraction shall include the following:

- (a) A statement that the notice represents a determination that the infraction has been committed by the person named in the notice and that the determination shall be final unless contested as provided in this chapter;
- (b) A statement that the infraction is a noncriminal offense for which imprisonment shall not be imposed as a sanction;
- (c) A statement of the specific infraction for which the notice was issued, the date and place the infraction occurred and the date the notice was issued;

(d) A statement that the civil penalty shall not exceed five hundred dollars (\$500) for said violation and that the person may be ordered to pay court costs, if applicable, and restitution for any damages caused by said violation;

(e) A statement of the options provided in this chapter for responding to the notice and the procedures necessary to exercise these options, including the name, address, and phone number of the court where the notice of infraction is to be filed and that the defendant must respond within fifteen (15) days;

(f) A statement that a mailed response must be mailed not later than midnight on the day the response is due;

(g) A statement that at any hearing to contest the determination the county has the burden of proving, by a preponderance of the evidence, that the infraction was committed; and that the person may subpoena witnesses, including the authorized representative of the department who issued and served the notice of infraction;

(h) A statement, which the person who has been served with the notice of infraction shall sign, that the person promises to respond to the notice of infraction in one of the ways provided in this chapter;

(i) A statement that refusal to sign the infraction as directed in subsection (g) of this section is a misdemeanor and may be punished by a fine or imprisonment in jail; and (i) A statement that a person's failure to respond to a notice of infraction as promised is a misdemeanor and may be punished by a fine or imprisonment in jail.

11.44.080 FILING - HEARING IN DISTRICT COURT. A violation designated as an infraction under this title can be heard and determined by either a district or superior court.

11.44.090 DETERMINATION INFRACTION COMMITTED. Unless contested in accordance with this chapter, the notice of infraction represents a determination that the person to whom the notice was issued committed the infraction.

11.44.100 RESPONSE - REQUESTING A HEARING - FAILURE TO RESPOND OR APPEAR - ORDER SET ASIDE.

(a) A person who receives a notice of infraction shall respond to the notice as provided in this section within fourteen days of the date the notice was served.

(b) If the person named in the notice of infraction does not want to contest the

determination, the person shall respond by completing the appropriate portion of the notice of infraction and submitting it, either by mail or in person, to the court specified on the notice. A check or money order in the amount of the penalty prescribed for the infraction must be submitted with the response. When a response which does not contest the determination is received, an appropriate order shall be entered in the court's records, and a record of the response and order shall be furnished to the department.

(c) If the person named in the notice of infraction wants to contest the determination, the person shall respond by completing the portion of the notice of infraction requesting a hearing and submitting it, either by mail or in person, to the court specified on the notice. The court shall notify the person in writing of the time, place, and date of the hearing. The date of the hearing shall not be sooner than fourteen days from the date of the notice of hearing, except by agreement of the parties.

(d) If any person issued a notice of infraction (1) Fails to respond to the notice of infraction as provided in subsection (b) of this section, or (2) Fails to appear at a hearing requested pursuant to subsection (c) of this section, the court shall enter an appropriate order assessing the monetary penalty prescribed for the infraction and shall notify the department of the failure of the person to respond to the notice of infraction or to appear at a requested hearing.

(e) An order entered by the court under subsection (d)(2) of this section may, for good cause shown and upon such terms as the court deems just, be set aside for the same grounds a default judgment may be set aside in civil actions.

11.44.110 PERSON'S REFUSAL TO SIGN - MISDEMEANOR. It is a misdemeanor for any person who has been appropriately served with a notice of infraction to refuse to sign a written promise to respond to the notice.

11.44.120 PERSON'S FAILURE TO RESPOND - MISDEMEANOR. It is a misdemeanor for any person who has been appropriately served with a notice of infraction to willfully violate the written promise to respond to the notice.

11.44.130 REPRESENTATION BY ATTORNEY. A person subject to proceedings under this title may appear or be represented by counsel. Each party to an infraction case is responsible for costs incurred by that party. No costs or attorney fees may be awarded to either party in an infraction case.

11.44.140 INFRACTION - HEARING - PROCEDURE - BURDEN OF PROOF - ORDER - APPEAL.

- (a) A hearing held to contest the determination that an infraction has been committed shall be without a jury.
- (b) The court may consider the notice of infraction and any sworn statement submitted by the department's authorized representative who issued and served the notice in lieu of his or her personal appearance at the hearing. The person named in the notice may subpoena witnesses, including the authorized representative who issued and served the notice, and has the right to present evidence and examine witnesses present in court.
- (c) The burden of proof is on the department to establish the commission of the infraction by a preponderance of the evidence.
- (d) After consideration of the evidence and argument, the court shall determine whether the infraction was committed. If it has not been established that the infraction was committed, an order dismissing the notice shall be entered in the court's records. If it has been established that the infraction was committed, an appropriate order shall be entered in the court's records.

11.44.150 EXPLANATION OF MITIGATING CIRCUMSTANCES.

- (a) A hearing held for the purpose of allowing a person to explain mitigating circumstances surrounding the commission of an infraction shall be an informal proceeding. The person may not subpoena witnesses. The determination that an infraction has been committed may not be contested at a hearing held for the purpose of explaining mitigating circumstances.
- (b) After the court has heard the explanation of the circumstances surrounding the commission of the infraction an appropriate order shall be entered in the court's records.
- (c) The person may not appeal the court's determination or order.

11.44.160 CIVIL PENALTY--INFRACTION. A civil penalty imposed by the court under this title is immediately payable. If the person or contractor is unable to pay at that time, the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment, the court shall notify the department of the failure to pay the penalty and the department shall not issue the person or contractor any future permits for any work until the penalty has been paid.

11.44.170 VIOLATION--PENALTIES.

(a) Upon a finding of a first violation of any provision of this title, any person or contractor shall be punished by a civil penalty not to exceed five hundred dollars (\$500) for said violation, shall be responsible for court costs, if applicable, and shall be ordered to pay restitution for any damages caused by said violation.

(b) Upon the court's finding of a second or subsequent violation of the same provision of this title, any person or contractor shall be found guilty of a misdemeanor.

CHAPTER 11.46

JOINT AIRPORT ZONING BOARD

SECTIONS:

11.46.010 Creation

11.46.010 CREATION. There is hereby authorized and created a Joint Airport Zoning Board in conformity with the provisions of 14.08 RCW for the purpose of adopting, administering, and enforcing airport regulations applicable to the George O. Beardsley Airport, the municipal airport of the City of Prosser, located outside of the territorial limits of the City of Prosser in the County of Benton, and the airport hazard area in connection therewith, and the chair-man of the board of county commissioners is hereby authorized and directed to appoint two members of such joint airport zoning board to represent the County of Benton thereon, which said members shall hold office until the first day of January, 1952, and thereafter the board of county commissioners shall annually reappoint or appoint two members of such board to hold office for the term of one year thereafter and/or until their successors are appointed and qualified and during the pleasure of the Board of County Commissioners.

CHAPTER 11.48

COMMUNICATION FACILITY CRITERIA

SECTIONS:

11.48.010	Purpose
11.48.020	Applicability
11.48.030	Exemptions
11.48.040	Development Standards
11.48.050	Planning Administrator Review And Approval
11.48.060	Application Required—Non-Refundable Application Fee
11.48.070	Notice To Other Agencies—Issuance Of Permit
11.48.080	Permit Issuance Or Denial--Notice To Applicant— Notice To Adjacent Property Owners—Appeal
11.48.090	Appeal Of Planning Administrator Decision— Non-Refundable Fee
11.48.100	Abandoned Communication Facilities—Notice— Removal Required—Violations

11.48.010 PURPOSE. The purpose of this chapter is to set forth regulations for the placement, development, permitting and removal of communication facilities, including communication towers and antennas. These standards are designed to comply with the Telecommunications Act of 1996 and are intended to minimize visual impacts and flight hazards while furthering the development of enhanced telecommunication services in the County.

11.48.020 APPLICABILITY. The requirements of this chapter shall apply to all communication facilities within the County and to the expansion and/or alteration of any existing communication facilities.

11.48.030 EXEMPTIONS. The following facilities and activities are exempt from the provisions of this chapter:

- (a) Satellite earth stations using antenna(s) not more than twelve (12) feet in diameter if located in the: General Commercial District (GC), Interchange Commercial District (IC), Light Industrial District (LI), or the Heavy Industrial District (HI);

- (b) Direct-to-home satellite services in any zoning district;
- (c) Antennas for citizen band radios and Amateur (or ham) Radio Facilities; provided, such antennas and facilities are no more than sixty-five (65) feet above ground level;
- (d) Military, federal, state, and local government communication facilities in any zoning district that are only used for emergency preparedness and public safety purposes; provided, such facilities are no more than two hundred (200) feet above ground level;
- (e) Maintenance, repair, and replacement of existing communication facilities and related equipment that do not increase the size, footprint, or bulk of such facilities and that complies with local, state, and federal laws and regulations.

11.48.040 DEVELOPMENT STANDARDS. The development standards which follow shall apply to all non-exempt communication facilities and alterations thereto.

(a) Height.

(1) An attached communication facility shall not add any height to a communication tower to which it is attached and shall not add more than twenty (20) feet in height to an existing building or other structure to which it is attached.

(2) Communication towers shall have the following maximum height as measured from the ground to the highest point on the communication facility, including the associated antenna array:

(i) Sixty-five (65) feet in the Rural Lands 5 District (RL-5), Rural Lands 20 District (RL-20), Community Commercial District (CC), General Commercial District (GC), Interchange Commercial District (IC), Light Industrial District (LI), and Parks District (P).

(ii) One hundred and fifty (150) feet in the Heavy Industrial District (HI) and Unclassified District (U).

(iii) One hundred and fifty (150) feet anywhere in the Growth Management Act Agricultural District (GMAAD) or up to four hundred and fifty (450) feet in the GMAAD if:

- a. the ground elevation of the location of the communication tower is at least two thousand and fifty (2,050) feet above mean sea level as determined by a licensed Washington State Professional Land Surveyor; and

b. the communication tower is located within one half (1/2) mile from five (5) or more communication towers existing as of October 8, 2001.

(3) Accessory equipment structures shall have a maximum height of forty (40) feet as measured from the ground to the highest point on the structure.

(b) Setbacks.

(1) Attached communication facilities may extend up to five (5) feet horizontally beyond the edge of a properly set back building or structure to which it is attached, so long as the attached communication facility does not encroach upon any easements nor upon an adjoining parcel.

(2) All communication towers shall be set back from all property lines the greater of the following distances: fifty (50) feet or one (1) foot for every foot in height of the communication tower.

(3) All communication towers in excess of one hundred and fifty (150) feet in height also must be set back at least one thousand (1,000) feet from all dwelling units.

(4) Accessory equipment structures shall meet the setback requirements for accessory buildings in the underlying zoning district in which they are located.

(c) Lighting and Fencing.

(1) Lighting, if any, of an attached communication facility shall be as required by the Federal Aviation Administration (FAA) and shall, to the extent feasible, be installed in a manner to minimize impacts on adjacent residences.

(2) Communication towers shall not be artificially lighted, except for:

(i) Security and safety lighting of accessory equipment structures if such lighting is appropriately down-shielded to keep light within the boundaries of the site; and,

(ii) Such lighting of the communication tower as may be required by the Federal Aviation Administration (FAA) and shall, to the extent feasible, be installed in a manner to minimize impacts on adjacent residences.

(3) Communication facilities that include a communication tower shall be enclosed by a security fence not less than six (6) feet in height; provided, that guy wires are not required to be within the enclosed security fence.

(d) Painting.

(1) All painting of communication facilities shall be consistent with any such requirements of the FAA.

(2) Absent painting requirements by the FAA, communication facilities sixty-five (65) feet in height or less shall be painted one of the following neutral, non-reflective colors that blend with the surrounding landscaping: shades of gray, beige, sand, taupe, or light brown.

(3) Absent painting requirements by the FAA, communication facilities exceeding sixty-five (65) feet in height shall be painted in alternate bands of aviation orange and white. The alternate bands shall be:

- (i) A width of one-seventh ($1/7$) the height of the communication tower; provided, each band may not be less than one (1) foot six (6) inches (1.5 feet);
- (ii) Equal in width;
- (iii) Perpendicular to the vertical axis of the communication tower, with the bands at the top and bottom ends colored aviation orange; and,
- (iv) Odd in number.

(e) Aviation Requirements.

(1) All communication facilities must comply with Federal Aviation Regulation Part 77, *Objects Affecting Navigable Airspace*, including but not limited to, providing such notices to the FAA as required thereunder and compliance with all requirements or prohibitions imposed by the FAA on the applicant's proposed communication facility.

(2) All communication towers shall be located at least forty (40) feet for every one (1) foot of tower height or one mile, whichever is greater, from the ends of and at least five thousand (5,000) feet from the sides of all runways which are available for private use and identified on the most current edition of the *Sectional Aeronautical Charts* produced by the National Aeronautical Charting Office (NACO).

11.48.050 PLANNING ADMINISTRATOR REVIEW AND APPROVAL.

Where stated in this title that an attached communication facility and/or communication towers may be permitted upon compliance with this section, the procedures set forth in

BCC 11.48.060 through BCC 11.48.090 shall apply.

11.48.060 APPLICATION REQUIRED--NON-REFUNDABLE APPLICATION FEE.

(a) The communication facility owner shall submit a complete application consisting of:

(1) A completed application form supplied by the Planning Department and signed by the facility owner and the parcel owner;

(2) A scaled site plan detailing: the outer boundary and dimensions of the property, all structures located on the parcel, the location and height of the proposed communication facility, the distances from all proposed structures to all parcel lines, the distance of the proposed communication facility to the nearest point of the nearest runway of the nearest airport available for public use, the location of all public and private roads, the location of all easements, and the scale and a north arrow;

(3) For communication facilities proposed to be located within four (4) miles of the nearest point of the nearest runway of the nearest airport available for public use, the applicant must provide a written statement from the Federal Aviation Administration (FAA) that confirms the FAA has reviewed the proposal and which sets forth the FAA's response, comments, and requirements, if any, for the proposal;

(4) For communication facilities proposed to be located within four (4) miles of a runway identified on the most current edition of the *Sectional Aeronautical Charts* produced by the National Aeronautical Charting Office (NACO), the applicant must provide a scaled site plan showing the location of any such runways; and,

(5) For proposed communication towers in excess of one hundred and fifty (150) feet in height, a topographical map stamped and signed by a licensed Washington State Professional Land Surveyor must be submitted that indicates the ground elevation where the communication tower is to be located and a scaled site plan identifying all dwelling units within one thousand (1,000) feet of the proposed communication tower.

(b) A non-refundable application fee as established by resolution of the Board of County Commissioners shall be paid at the time the application is submitted.

11.48.070 NOTICE TO OTHER AGENCIES--ISSUANCE OF PERMIT. The

Planning Administrator shall refer the matter to appropriate agencies, allowing fourteen (14) calendar days for their comments. The Planning Administrator shall issue a communication facility permit if he or she determines that the proposed attached communication facility and/or communication tower will conform with the development regulations set forth in BCC 11.48.040 and all other applicable BCC provisions.

11.48.080 PERMIT ISSUANCE OR DENIAL--NOTICE TO APPLICANT--NOTICE TO ADJACENT PROPERTY OWNERS--APPEAL.

- (a) Notice of the Planning Administrator's decision as to whether the communication facility meets the necessary criteria and of the Planning Administrator's decision to issue or deny the permit shall be sent by first class mail to all persons signing the application.
- (b) Notice of the Planning Administrator's decision will also be sent to the owners of all real property, as shown in the records of the Benton County Assessor, located within three hundred (300) feet of any boundary of the property for which the proposed communication facility will be located; provided, if the owner of the property for which the proposed facility will be located owns another parcel or parcels adjacent to such property, notification also shall be mailed to owners of real property located within three hundred (300) feet of any boundaries of such adjacent parcels.
- (c) The notification shall contain a statement as to whether the proposed use is allowed or is not allowed.
- (d) The notification shall state that any person with standing shall have fourteen (14) calendar days to file a written appeal of the Planning Administrator's decision.
- (e) The Planning Administrator's decision shall be deemed final upon the date of mailing of the written decision, unless an appeal is filed pursuant to BCC 11.48.090.

11.48.090 APPEAL OF PLANNING ADMINISTRATOR'S DECISION--NON-REFUNDABLE FEE.

- (a) Any person with standing aggrieved by the Planning Administrator's decision shall have fourteen (14) calendar days from the date the Planning Administrator's decision was mailed to file a written appeal with the Planning Department.
- (b) Said appeal must be accompanied by a non-refundable fee as established by resolution of the Board of County Commissioners.
- (c) Said appeal is considered filed upon receipt.

- (d) The Hearings Examiner shall act upon the appeal pursuant to BCC 11.56.080.

**11.48.100 ABANDONED COMMUNICATION FACILITIES—NOTICE--
REMOVAL REQUIRED--VIOLATIONS.**

(a) If the use of any communication facility is discontinued for a period of one (1) year or more, the owner of such facility shall remove the facility within ninety (90) days of written notification by the Planning Department.

(b) If such facility is not removed within said ninety (90) days, the County may refer the issue to the code enforcement officer for appropriate action pursuant to Chapter 11.48 BCC.

CHAPTER 11.50

HOME OCCUPATION

SECTIONS:

11.50.010	Purpose
11.50.020	Application
11.50.030	General Criteria
11.50.040	Allowable Uses
11.50.050	Uses Not Allowed
11.50.060	Decision
11.50.070	Appeal

11.50.010 PURPOSE. This chapter is established to provide a means whereby the conduct of business may be permitted as a use accessory to an established residence within a zoning district that allows residential uses. The purpose is to create an administrative framework to authorize such uses that do not pose a disruption to or conflict with the existing residential environment.

11.50.020 APPLICATION. Any person seeking a home occupation permit shall submit the following information to the Planning Department:

- (a) A completed application on a form supplied by the Planning Department;
- (b) A non-refundable application fee as established by resolution of the Board of County Commissioners;
- (c) A scaled site plan detailing the outer boundary and dimensions of the property, all structures located on the property, the location of the home occupation within the dwelling unit, the square footage of the area (including all storage areas) to be used for the home occupation, and a description of the home occupation; and,
- (d) Any additional information as required by the Planning Administrator, in accordance with Title 17 BCC (Permit Review Process).

11.50.030 GENERAL CRITERIA. Except for those types of activities identified in BCC 11.50.050, all home occupations that meet the following criteria are allowed within a legally existing dwelling unit upon issuance of a home occupation permit by the Planning

Department:

- (a) There must be a dwelling unit on the parcel, and a proprietor of the home occupation must reside in the dwelling unit.
- (b) No more than two (2) non-resident persons, whether they work on site or not, may be employed by, or be partners or shareholders in the home occupation.
- (c) The total area for all home occupations on the premises, including all storage spaces used for such home occupations, shall not occupy more than the lesser of:
 - (1) thirty (30) percent of the dwelling unit's floor area and any attached garage; or
 - (2) six hundred (600) square feet within a dwelling unit or attached garage.
- (d) No more than one (1) non-illuminating sign, with a maximum area of four (4) square feet, extending a maximum height of six (6) feet above grade, shall be permitted in connection with the home occupation. The posting of such sign is limited to the parcel on which the home occupation is located. On-street (inside the road right-of-way) sign posting and any sign posting that interferes with the line-of-sight for road intersections are prohibited.
- (e) Noise, lighting, dust, smoke and other potential off-site impacts of the home occupation shall be controlled as follows: noise shall not exceed sixty-five (65) decibels at any property line; smoke, spray, airborne dust, noxious odors or other particulate materials shall not migrate to adjacent properties; lights must be hooded to illuminate downward and minimize the impact to adjacent properties; interference with neighborhood radio, TV, or phone reception and transmission shall not occur.
- (f) Only one (1) vehicle marked to identify the home occupation is allowed on the parcel at any one time, excluding vehicles parked within an enclosed structure. No other on-site, outside storage of vehicles, equipment, and/or supplies (including building materials and equipment such as lumber, plasterboard, pipe, paint, and heavy equipment) is allowed in connection with a home occupation.
- (g) Once a home occupation permit is issued, the Benton County Fire Marshal may require that the parcel be placed on the Fire Marshal's Annual Inspection List.

11.50.040 ALLOWABLE USES. The following types of home occupations are allowed:

- (a) Art and craft work such as ceramics, painting, photography, sculpture, and similar

cottage industries.

- (b) Office use activities used by architects, attorneys, contractors, consultants, computer/internet based businesses, and similar uses.
- (c) Personalized services or lessons such as music, art, sports, dance, tutors, licensed counseling and massage therapy.
- (d) Other uses that the Planning Administrator determines to be similar and compatible in nature to those uses described above.

11.50.050 PROHIBITED USES. The following types of home occupations are prohibited:

- (a) Repair, bodywork, or painting services on automobiles, motorcycles, marine, off-road vehicles, trailers, heavy equipment, recreational vehicles, or semi-trucks for persons not residing on the premises.
- (b) Cabinetwork and mill work.
- (c) Veterinary clinic or hospital.
- (d) Appliance repair.
- (e) Machine and sheet metal shops.
- (f) Uses that require a marijuana processor or retailer license from the Washington State Liquor and Cannabis Control Board.
- (g) Uses that require the handling of hazardous materials, substances, or wastes except for small unregulated quantities used for woodworking, painting, photography, or in the making of jewelry, ceramics, pottery or sculpture.
- (h) Uses that require explosives or highly combustible materials.
- (i) Other uses that the Planning Administrator determines to be similar in impact to those listed above.

11.50.060 DECISION. The Planning Administrator shall issue or deny the permit. If the Planning Administrator determines that the proposed use is not consistent with BCC 11.50.020 through BCC 11.50.050, the Planning Administrator shall deny the request and inform the applicant in writing the reasons for the denial.

11.50.070 APPEAL. Anyone aggrieved by the Planning Administrator's decision shall have fourteen (14) days from the date of decision to appeal to the Hearings Examiner. The Hearings Examiner shall hear the appeal pursuant to BCC 11.56.080.

CHAPTER 11.52

VARIANCE AND CONDITIONAL USE

SECTIONS:

11.52.010	Purpose
11.52.020	Minor Setback Variations- Planning Administrator
11.52.030	Variances
11.52.040	Conditional Use Permits
11.52.050	Procedures for Variance and Conditional Use

11.52.010 PURPOSE. This chapter is established to provide an administrative framework for minor setback variations, variance requests, and conditional use permit applications.

11.52.020 MINOR SETBACK VARIATIONS.

(a) The Planning Administrator may approve, without public notice, a minor variation consisting of a reduction in setback not exceeding 5 feet of the standards of the zoning district in which the use is located. In the case of a side yard setback variation, the variation shall not exceed 10 percent of the standards of the zoning district in which the use is located. Minor variations may not allow an increase in the number of dwelling units on a parcel.

(1) Any person requesting a minor variation shall submit a completed application on a form supplied by the Planning Department. The Planning Administrator shall approve a minor setback variation only if the findings in BCC 11.52.030 (d) (1)(i-viii) are met.

(2) If the Planning Administrator denies a minor variation, the applicant may apply for a variance as provided in BCC 11.52.030.

11.52.030 VARIANCES.

(a) Variance—General Standards. The variance application process allows the Hearings Examiner in specific cases, as provided in RCW 36.70.970, to grant a variance to the provisions of this title when it can be demonstrated that such variance is in harmony with the general purposes and intent of this title and is in accordance with the

requirements of this section. No variance shall be granted to allow the use of property for purposes not authorized in the district in which the proposed use would be located, create lots with less than the minimum size required by the district, increase densities above that established for the district, or reduce/eliminate standards of other BCC Titles.

(b) Variance—Application Required—Non-Refundable Application Fee. The Planning Department shall provide application forms for variances and prescribe the type of information to be provided in the application. No application shall be processed unless it complies with the requirements of this section. A completed application for a variance shall be filed with the Planning Department accompanied by a non-refundable fee as set by resolution of the Board of County Commissioners.

(c) Variance—Application—Site Plan Required. Whenever a variance to the provisions of this title is sought, the Planning Department shall require the applicant to submit a site plan for the variance as part of the application. The site plan drawing shall be at a scale of not less than one inch equals fifty feet (1" = 50'), unless an alternate scale is approved by the Planning Administrator. The site plan drawing shall include the following:

- (1) Boundaries, dimensions and square footage of the property proposed to be developed;
- (2) All proposed and existing buildings and setback lines;
- (3) Size and location of the variance requested;
- (4) All existing and proposed easements;
- (5) Locations of all utility structures and lines;
- (6) All means of vehicular and pedestrian ingress and egress to and from the site and the size and location of driveways, existing streets bordering or crossing the site;
- (7) Location and design of off-street parking areas showing their size and locations of internal circulation and parking spaces;
- (8) Location of all loading/unloading areas, including, but not limited to, loading platforms and loading docks where trucks will load or unload, if applicable; and,
- (9) Topographic maps, when the Planning Administrator deems the maps necessary for adequate review, which delineate existing and proposed contours, at intervals of two (2) feet and show the location of existing lakes, streams, and storm water drainage systems from existing and proposed structures, together with an estimate of existing maximum storm runoff, and any other information

deemed pertinent for adequate review.

(d) Variance—Permit Granted.

(1) A variance shall be granted only if the Hearings Examiner concludes that based on his or her findings and the conditions imposed, if any, that:

(i) Granting of the proposed variance will not permit a use that is not classified as an allowable, accessory or conditional use in the zoning district wherein the use would be located;

(ii) Special circumstances such as lot size, slope, topography or necessary size or shape of the building prevent compliance with the applicable property development standards;

(iii) Due to special circumstances applicable to the subject property, strict application of the zoning district property development standards would deprive the subject property of rights and privileges enjoyed by other properties in the vicinity and under the same zoning district classification;

(iv) The problem sought to be addressed by the variance is related to the physical features of the particular property or building and would exist regardless of the identity of the owner;

(v) The problem sought to be addressed is not common for other property in the surrounding area;

(vi) The variance would not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity under the same zoning classification;

(vii) The variance will not adversely affect the health or safety of persons residing or working in the neighborhood in which the variance is being requested; and,

(viii) The variance would not deny the preservation and enjoyment of substantial property rights of those owning property in the vicinity.

(2) The Hearings Examiner may grant a variance subject to specified conditions designed to ensure that the purpose and intent of this title and the Comprehensive Plan will not be violated; provided, the specified conditions are needed to make the conclusions required by BCC 11.52.030(d)(1).

11.52.040 CONDITIONAL USE.

(a) Conditional Use Permit-General Standards. The conditional use permit application process allows the Hearings Examiner to review the location and design of certain proposed uses, the configuration of improvements, and the potential impacts on the surrounding area. The application process also allows the Hearings Examiner to ensure that development in each zoning district protects the integrity of that district. The notice, hearing, decision and enforcement procedures are as set forth herein and in BCC 11.52.050.

Certain uses are classified as conditional uses because of their unusual nature, infrequent occurrence, special requirements, or potentially significant impacts to the environment, public infrastructure or adjacent properties, and/or possible safety hazards and other similar reasons.

Once granted, a conditional use permit may be transferred by a holder thereof after written notice to the Hearings Examiner; provided the use and location must remain the same and the transferee must continue to comply with the conditions of the permit and, if applicable, the requirements set forth in BCC 11.54.

(b) Conditional Use Application Required—Non-Refundable Application Fee. The Planning Department shall provide application forms for conditional use permits and prescribe the type of information to be provided in the application. No application shall be processed unless it complies with the requirements of this section. A completed application for a conditional use permit shall be filed with the Planning Department accompanied by a non-refundable fee as set by resolution of the Board of County Commissioners.

(c) Conditional Use Application-Site Plan Required. The Planning Department shall require the applicant to submit an application and a site plan as part of the application whenever such a permit is required for that use under the applicable zoning district. The application and site plan shall contain the following information:

(1) Identify the proposed use and associated facilities, together with the names, addresses and telephone numbers of the owner or owners of record of the land and of the applicant, and, if applicable, the names, addresses and telephone numbers of the architect, planner, designer, and/or engineer;

(2) The proposed use or uses of the land and buildings; and,

(3) A site plan drawing or drawings at a scale of not less than one inch equals fifty feet (1"=50'), unless an alternate scale is approved by the Planning Administrator. The site plan drawing(s) shall include the following:

- (i) Location of all existing and proposed structures, including, but not limited to, buildings, fences, culverts, bridges, roads and streets;
- (ii) Boundaries, dimensions and square footage of the parcel or parcels involved;
- (iii) All setback lines;
- (iv) All areas, if any, to be preserved as buffers or to be dedicated to a public, private or community use, or for open space under the provisions of this title;
- (v) All existing and proposed easements;
- (vi) Location of all utility structures and lines;
- (vii) All means of vehicular and pedestrian ingress and egress to and from the site and the size and location of driveways;
- (viii) Location and design of off-street parking areas showing their size and locations of internal circulation and parking spaces;
- (ix) Location of all loading/unloading areas, including, but not limited to, loading platforms and loading docks where trucks will load or unload;
- (x) Topographic maps, when the Planning Administrator deems the maps necessary for adequate review, which delineate existing and proposed contours, at intervals of two (2) feet and show the location of existing lakes, streams, and storm water drainage systems from existing and proposed structures, together with an estimate of existing maximum storm runoff, and any other information deemed pertinent for adequate review.
- (xi) Identification of all special districts, such as fire, school, sewer, drainage improvements, and irrigation districts, in which the proposed use would be located; and,
- (xii) The proposed number of square feet of paved or covered surfaces, whether covered by buildings, driveways, parking lots or any other structure covering land.

(d) Conditional Use-Permit Granted or Denied. A conditional use permit shall be granted only if the Hearings Examiner can make findings of fact based on the evidence presented sufficient to allow the Hearings Examiner to conclude that, as conditioned, the proposed use:

- (1) Is compatible with other uses in the surrounding area or is no more incompatible than are any other outright permitted uses in the applicable zoning district;
- (2) Will not materially endanger the health, safety, and welfare of the surrounding community to an extent greater than that associated with any other permitted uses in the applicable zoning district;
- (3) Would not cause the pedestrian and vehicular traffic associated with the use to conflict with existing and anticipated traffic in the neighborhood to an extent greater than that associated with any other permitted uses in the applicable zoning district;
- (4) Will be supported by adequate service facilities and would not adversely affect public services to the surrounding area; and
- (5) Would not hinder or discourage the development of permitted uses on neighboring properties in the applicable zoning district as a result of the location, size or height of the buildings, structures, walls, or required fences or screening vegetation to a greater extent than other permitted uses in the applicable zoning district.

It is the applicant's burden to present sufficient evidence to allow the above conclusions to be made. If such evidence is not presented or all necessary reasonable conditions are not identified by the applicant so as to allow the Hearings Examiner to make the conclusions required above, the conditional use application shall be denied.

11.52.050 PROCEDURES—VARIANCE AND CONDITIONAL USE PERMITS.

- (a) Variance or Conditional Use —Application—Urban Growth Area—Notice to City. When a proposal requiring review under BCC 11.52.030 or BCC 11.52.040 is submitted with respect to a parcel within or partially within an Urban Growth Area, as designated on the Benton County Comprehensive Plan map, the Planning Department shall refer the variance or conditional use permit application to the respective city for comment. The Hearings Examiner shall consider comments from such city unless the respective city fails to supply comments to the Hearings Examiner prior to, or at the open record hearing. In such case, the Hearings Examiner will assume that the city intends to make no comment.
- (b) Variance or Conditional Use Permit—Application—Open Record Hearing—Notice Required. The Hearings Examiner will hold an open record hearing consistent with Title 17 BCC (Permit Review Process) on all variance and conditional use permit applications.

The notice of such open record hearing shall be given as follows:

(1) The Planning Department shall provide written notification for an open record hearing, subject to the rules and regulations set forth in RCW 36.70. Written notice shall be mailed at least twelve (12) days in advance of the open record hearing to the applicant and the owner of the parcel(s) to which the proposed variance or conditional use permit would apply, and to all owners of real property, as shown in the records of the Benton County Assessor, located within a distance of three hundred (300) feet of any portion of the applicable parcel, provided that if the owner of the parcel for which the proposed variance or conditional use permit is requested owns another parcel or parcels adjacent the parcel at issue, notification shall be mailed to owners of real property located within three hundred (300) feet of any portion of such adjacent parcels as well. Failure to receive the notice shall not invalidate any proceedings or decision in connection with the proposed variance or conditional use permit. Notices addressed to the last known owner of record as shown on the County Assessor's records shall be deemed proper notice to the owner of such property; and,

(2) By publication of a legal notice in a newspaper of general circulation in the County at least ten (10) days prior to the open record hearing date.

(c) *Variance or Conditional Use Permit—Application—Approval or Denial—Decision Final.*

(1) Following the conclusion of an open record hearing on a variance or conditional use permit application, the Hearings Examiner shall approve, approve with conditions, or deny the requested variance or conditional use permit. If the Hearings Examiner grants a variance or a conditional use permit, he or she shall also recite the conditions and limitations that are imposed. The decision shall be in writing and shall include the Hearings Examiner's conclusions and the findings of fact supporting such conclusions. Upon receipt of a written request from an applicant stating the reasons for requesting the reconsideration, it is within the discretion of the Hearings Examiner to re-open the open record hearing on any matter prior to the adoption of such written decision; provided, written notice of such request and any hearing to consider the request must be given to all persons providing evidence to the Planning Department for submittal to the Hearings Examiner or who provided evidence at a hearing on such matter.

(2) Each conditional use permit approved by the Hearings Examiner shall specify the location, nature and extent of the conditional use, together with all conditions that are imposed to ensure the proposed use is consistent with all applicable state laws, the Benton County Code, the Benton County Comprehensive Plan and any other information deemed necessary for the issuance of the permit.

(3) The written decision of the Hearings Examiner on an application for a variance or conditional use permit shall be final. There are no administrative appeals on applications for variances or conditional use permits. Judicial appeals of the Hearings Examiner's decision on variances or conditional use permits must be made in accordance with state law.

(d) *Variance or Conditional Use Permit—Application—Conditions of Approval—Noncompliance—Permit Issuance or Non-Issuance.* Any conditions imposed by the Hearings Examiner that must be met prior to issuance of a variance or conditional use permit shall be so specified. In such case, the Planning Department shall not issue a variance or conditional use permit until those specified conditions of approval, as set by the Hearings Examiner, have been met. No variance or conditional use permit shall become effective until issued by the Planning Department.

If such specified conditions have not been met and the Planning Department does not issue the variance or conditional use permit within one (1) year from the time the Hearings Examiner conditionally approved the variance or conditional use permit, the Hearings Examiner may declare its approval null and void. Prior to doing so, the applicant shall be notified in writing at the applicant's last known address at least twelve (12) days in advance. If the Hearings Examiner finds that the conditions have not been met, it shall adopt a written decision and findings of fact to support that decision.

(e) *Variance or Conditional Use Permit—Violations and Penalties—Permit Revocation.* Any person who violates any term or condition of a variance or conditional use permit shall be considered in violation of this title and shall be subject to the penalties prescribed in Chapter 11.44 BCC.

If the variance or conditional use permit has been issued by the Planning Department and violations exist, the Hearings Examiner may revoke the permit after an open record hearing with notice as set forth in BCC 11.52.050(b).

CHAPTER 11.54

NON-CONFORMING USES

SECTIONS:

11.54.010	Purpose
11.54.020	Continuance
11.54.030	Discontinuance
11.54.040	Normal Upkeep, Repairs and Maintenance
11.54.050	Alteration, Expansion, or Restoration of Non-Conforming Uses.

11.54.010 PURPOSE. The purpose of this section is to provide reasonable alternatives to property owners for the continuance of nonconformities and in certain circumstances limited expansion.

11.54.020 CONTINUANCE. Lots, structures, and uses that were legally established prior to the adoption of Title 11 BCC or that were in compliance with Title 11 BCC at the time of initial establishment but, due to revision or amendment of Title 11 BCC, have become noncompliant are nonconforming uses that may continue, without regard to ownership changes, so long as in compliance with this section.

11.54.030 DISCONTINUANCE. If a nonconforming use is replaced by a conforming use for any length of time, no structure or land use shall revert to the nonconforming use. The mere presence of a structure shall not constitute the continuance of a nonconforming use. When a nonconforming use is discontinued for a period of one (1) year or more without replacement by a conforming use, legal conforming use status expires and further use of the structure or lot must be in compliance with the provisions of this title.

11.54.040 NORMAL UPKEEP, REPAIRS, AND MAINTENANCE. Normal upkeep, repairs, maintenance, strengthening, or restoration to a safe condition of any nonconforming structures or part thereof are not prohibited solely as a result of the structure's nonconforming use status.

11.54.050 ALTERATION, EXPANSION, OR RESTORATION OF NON CONFORMING USES. Alteration, Expansion, or Restoration of Nonconforming Uses.

Alteration, expansion, or restoration of nonconforming structures and uses are not allowed except as set forth in this subsection:

(a) Dwelling Units. Nonconforming dwelling units may be altered, expanded or restored on conforming or nonconforming lots if:

(1) All other requirements of the Benton County Code and the Benton-Franklin Health District are satisfied, including but not limited to setback requirements; and

(2) To restore a damaged dwelling unit, a complete application for a building permit shall be submitted within one (1) year of the act causing damage or destruction to the dwelling unit.

This subsection shall apply to each dwelling unit when two or more single-family dwellings exist on a parcel pursuant to a valid multiple detached dwelling permit.

(b) Legally Required Alterations or Expansions. Alteration or expansion of a nonconforming use or structure is allowed if necessary to accommodate handicapped accessibility requirements, fire code, or other life safety related requirements mandated by local, state, or federal law.

(c) Other structures. Except as set forth above, nonconforming structures may not be altered or expanded. Such other structures may be restored if less than fifty (50) percent of the gross floor area has been unintentionally destroyed or damaged if:

(1) All other requirements of the Benton County Code and the Benton-Franklin Health District are satisfied, including but not limited to setback requirements;

(2) The nonconforming use resumes within such structure within one (1) year from the destroying or damaging event; and

(3) The restoration of the nonconforming structure does not increase the gross floor area that existed immediately prior to the destruction or damaging event. Structures intentionally destroyed or damaged and those with fifty (50) percent or more of their gross floor area unintentionally destroyed or damaged, may not be restored or reconstructed.

CHAPTER 11.56

AMENDMENTS AND APPEALS

SECTIONS:

11.56.010	Purpose
11.56.020	Zoning Map and Text Amendments
11.56.030	Amendments- Initiation
11.56.040	Amendments- Application Required-Non Refundable Application Fee
11.56.050	Amendments- Planning Commission Hearing
11.56.060	Amendments- Board of Commissioners Review
11.56.070	Appeal of a Planning Commission Recommendation
11.56.080	Appeal of an Administrative Decision

11.56.010 PURPOSE. The purpose of this chapter is to establish procedures to amend the County's Zoning Map, Zoning Text, or appeal a Planning Commission recommendation or an administrative decision.

11.56.020 ZONING MAP AND TEXT AMENDMENTS.

- (a) The Board of Commissioners may, upon recommendation of the County Planning Commission, change by ordinance the following:
 - (1) The Benton County Official Zoning Map, pursuant to BCC 11.06, including zoning district boundary lines and zoning classifications.
 - (2) Title 11 Zoning Ordinance Text, including the amendment, supplement, or change of the zoning regulations.

11.56.030 AMENDMENTS- INITIATION.

- (a) The Board of Commissioners, upon its own motion, may request that the Planning Commission conduct a public hearing to develop a recommendation on a zoning map or zoning text amendment.
- (b) The Planning Commission may initiate an open record hearing to develop a recommendation for a zoning map or zoning text.

(c) Any resident or property owner may petition, subject to BCC 11.56.040, the Planning Commission for a text amendment.

11.56.040 AMENDMENT- APPLICATION REQUIRED- NON REFUNDABLE APPLICATION FEE.

(a) Application Form and Fees. The Planning Department shall provide application forms for zoning map or zoning text amendments and prescribe the type of information to be provided in the application. No application shall be processed unless it complies with the requirements of this section. A completed application for a zoning map or zoning text shall be filed with the Planning Department accompanied by a non-refundable fee as set by resolution of the Board of County Commissioners.

(b) Site Specific Zoning Map Amendment Applications.

(1) A petition for a site specific change to the zoning map shall be signed by all persons with an ownership interest in the property to be reclassified, as shown in the records of the Benton County Assessor, and all persons, if any, with separate ownership of the mineral rights in such property. Notwithstanding BCC 17.10.090(b)(2), a petition for a change in zoning classification shall not be deemed complete without a representation that the petition has been signed by all such persons.

(2) The signatures of all person or persons having a contract right, as purchaser to receive title to any lot or parcel of property upon completion of the purchase price thereof, shall, for the purpose of this title, be deemed the signature of all persons with an ownership interest in the property; provided that the said person or persons state in writing over their signature that they are purchasing the property in question under contract. Nothing in this subsection eliminates the requirement that all persons, if any, with separate ownership of the mineral rights in such property must also sign said petition.

(3) All petitions requesting a change in zoning classification must state the address of each signer and the legal description of the property owned by him/her.

11.56.050 AMENDMENTS- PLANNING COMMISSION HEARING. After holding at least one open record hearing, the County Planning Commission shall transmit to the Board of County Commissioners its recommendations for the zoning map or zoning text amendment. The Planning Commission may recommend for the approval, approval with conditions, or denial of the application request. The Planning Commission must make Findings of Fact with respect to the following:

(a) The amendment to the zoning map or zoning text will not result in any building construction, land use or other development related activity which would be detrimental to or endanger the public health, safety, comfort or general welfare of the community as a whole or any portion thereof.

(b) The amendment to the zoning map or zoning text is consistent with the spirit and intent of the Benton County Zoning Ordinance and Comprehensive Plan.

11.56.060 AMENDMENTS- BOARD OF COMMISSIONERS REVIEW.

(a) Zoning Text and Area Wide Zoning Map Amendment Applications. The Board of County Commissioners, upon receipt of the Planning Commission recommendation, may adopt, alter, or reject by ordinance the recommended amendment after holding its own open record hearing.

(b) Site Specific Zoning Map Amendment Applications. The Board of County Commissioners, upon receipt of the Planning Commission recommendation, may adopt, alter, or reject by ordinance the recommended amendment after holding a closed record appeal hearing, as outlined in BCC 11.56.070.

11.56.070 APPEAL OF A PLANNING COMMISSION RECOMMENDATION.

(a) Any person may appeal to the Board of County Commissioners any recommendation of the County Planning Commission adverse to his interest.

(b) Appeals are to be filed with the Planning Department within fourteen (14) days from such recommendation.

(c) The appeal shall be provided in writing and explain the rationale for the appeal accompanied by a non-refundable fee as set by resolution of the Board of County Commissioners.

(d) Thereupon the Planning Department shall transmit to the Board of County Commissioners all papers constituting the record upon which the action appealed from was taken.

(e) The Board of County Commissioners shall then conduct a closed record appeal hearing. Closed record appeals shall be conducted in accordance with the Board's rules of procedures and shall serve to provide argument and guidance for the Board's decision. Closed record appeals shall be conducted generally as public hearings, except no new evidence or testimony shall be given. The Board of County Commissioners shall have the

power to overrule or alter any such recommendation of the Planning Commission.

11.56.080 APPEAL OF AN ADMINISTRATIVE DECISION. When the provisions of this Title allow approval, conditional approval, or denial of a use to be made by the Planning Administrator or his designated representative, that decision may be appealed by any person aggrieved to the Benton County Hearings Examiner, and the following procedure shall apply:

(a) Appeals shall be filed within fourteen (14) days of the date of the decision being appealed. All appeals shall be in writing, in duplicate, shall be accompanied by a non-refundable fee as established by resolution of the Board of Benton County Commissioners, and shall be filed with the Hearings Examiner.

(b) Upon the filing of an appeal, the Hearings Examiner shall set the time and place at which the matter will be considered in an open record hearing. At least a ten (10) day notice of such time and place together with one copy of the written appeal, shall be given to the official whose decision is being appealed and to the adverse parties of record, if any. The official whose decision is appealed shall transmit to the Hearings Examiner all of the records pertaining to the decision, together with such additional written report as he/she deems pertinent.

(c) Notice shall be given not less than twelve (12) days before the hearing date, in the following manner:

(1) By United States Mail addressed to the applicant and to the owners of all property within a distance of three-hundred (300) feet in any direction from the subject property. (Notices addressed to the last known address of the person making the latest tax payment shall be deemed proper notice to the owner of such property.)

(2) By publication of a legal notice in a paper of general circulation.

(d) Upon hearing the appeal, the Hearings Examiner may reverse or affirm, wholly or in part, or may modify the decision appealed, and may make such decision as should be made and, to that end, shall have all the powers of the officials whose decision is appealed, as to the particular issue.

(e) The Hearings Examiner shall keep in a written record of the case the findings of fact upon which the action is based.
